THE Iowa state chairman says the Democratic party ought to find a man like W. J. Bryan—something hard to do. Bryan had one great quality, and you would say, as it is said of another, "that man believes every word he says. Such men are dangerous."

There is a tremendous power in sincerity, and right or wrong, on gold, silver or prohibition, Bryan had that power.

PRIME MINISTER STRESEMANN admits that a newspaper opposing the government of the German republic was purchased with government money. And then the paper went right on attacking the government, but naturally without any teeth in the attack.

Wise is the statesman whon can keep his friends and buy his enemies. Bismarck did it.

DR. LORENZ, "bloodless surgeon, of Vienna,"—says science is injuring humanity by keeping the unfit alive. Nature tries to wipe out those not fit to perpetuate the species. Science prolongs their lives and adds unfit [illegible] to the population.

[illegible]NS used to kill babies that did not seem vigorous, and killed all children born deformed. That didn't make a great conquering race of the Indians. Some of the most useful men, Voltaire for instance, would have died in infancy but for extraordinary scientific care.

POPE, who wrote the "Essay on Man," and other things worth while, would have been killed had he lived among the Indians.

He had to be sewed up in a canvas jacket each day that he might sit up and write.

And consider the good moral effect that helping the unfit has upon the abler types. What we call charity is largely a philanthropic gymnasium for the prosperous.

A STOCK EXCHANGE SEAT sells for $170,000, the highest price on record, but a great deal too low. In these booming times, and with the prosperity that is ahead, every able broker ought to be able to earn the price of a seat in a year.

BY THE WAY, the authorities investigate the union labor regulations, and especially the important question, "Do unions limit the number of union men."

They do, of course. If they did not, unions wouldn't last long.

WOULD the government also be interested to know whether the stock exchange union limits the number of gentlemen that may buy and sell shares? If it does, there are 1,100 of them, and if you suggested increasing

SLAYERS HACK BODIES OF TWO MEN AT TOLEDO

Pair of Legs and Decapitated Head are Found.

CORONER ON JOB

Seek to Establish Identity Through Fingerprints.

TOLEDO, O., Nov. 26.—Police here, already bewildered by the ravages of "the clubber," today were puzzled by the announcement of Coroner Charles Henzler, that two men had been murdered and their bodies hacked to pieces in an effort to hide the crime.

A pair of human legs was found last Sunday on the Trabbic farm. Wednesday pedestrians discovered a decapitated head near the Matzine road. Yesterday other parts of human limbs were discovered on the Reynolds road.

The coroner announced today that evidence shows these members could not hvae belonged to the same body. The head, he explained, is that of an unusually small man, while the legs were those of a huge male.

Several squads of police have been sent search the scenes of the discoveries in the hope of locating the hands. They hope to establish the identity of the victims through finger-prints.

Judge Parker Rules on Question as to Along What Lines Witness Should Testify in Murder Trial.

DENIES HE MET ACCUSED TRIO

In Taking Stand Wednesday He Swore He Was Not at Scene of Double Killing in New Jersey.

SOMERVILLE, N. J., Nov. 26.—Felix Di Martini, stormy petrel in the Hall-Mills case and the private detective Mrs. Frances Stevens Hall hired four years ago to help her, was called to the witness stand at 1 o'clock this afternoon.

[illegible] rested as an accessory after the fact to the murder, it was said.

By JAMES L. KILGALLEN.

COURTHOUSE, SOMERVILLE, N. J., Nov. 26.—Henry De La Bruyere Carpender's testimony given Wednesday is not admissable Judge Charles W. Parker ruled at the resumption of the Hall-Mills murder trial today. The testimony of Carpender, a Wall street broker, had been halted late Wednesday upon objections by the state to the line of questions put to him by the defense.

Fingerprint Experts Quizzed.

The state then began cross-examination of the defense fingerprint experts.

James Herbert Taylor, fingerprint expert of the United States navy was recalled.

Simpson asked Taylor if the enlargement of "S-17"—the calling card found at the foot of Dr. Hall's body—contained every characteristic on the card—was the card without "any distortion whatever?"

"I have found none," said Taylor.

Simpson drew from Taylor that he once secured a conviction from a fingerprint on a box developed two months after the crime.

He was excused.

Frederic Sandberg, of the Washington, D. C., police department, was called.

Simpson asked Sandberg if it was shown to be a fact that D-28 (the enlargeemnt) lacked characteristics of S-17 (the card) wouldn't that affect his opinion.

The witness was uncertain, had the question repeated and finally said if the copy was not correct it would affect his opinion.

Prompting Simpson in his question was Joseph A. Faurot, former deputy police commissioner of New York and

Arkansas, Missouri, Oklahoma and Louisiana Swept.

FREAK TWISTERS

Fifteen are Reported Killed in Heber Springs, Ark.

The death toll in the tornadoes which ripped through the southwest last night in the wake of heavy rains and hail storms was placed at 54 today, as more definite reports were received here. More than 100 were injured.

The revised list of dead was placed at 36 in Arkansas, five in Missouri, 12 in Louisiana, and one in Oklahoma, divided as follows:

In Arkansas, at Heber Springs, 10; Oppello, 5; [illegible] Competition, 4; in Louisiana at [illegible] Camp Town, 5, and in Oklahoma, at Frederick, 1.

[illegible] Property damage probably will run into [illegible] No [illegible] be made until wire communication is re-established in the storm areas.

Telephone and telegraph wires were blown down and poles were uprooted in Arkansas and Missouri, where the twisters struck with fury last night.

Relief for the stricken areas was planned today in conference between Governor Thomas J. Terral and Adjutant General J. R. Wayne. Battery E, 206th coast artillery, stationed at Heber Springs, was ordered to assume charge of the situation there.

Major Sam Herron, second battalion 206th coast artillery, was sent to Heber Springs last night and additional troops, including planes of the 54th observation squadron, Arkansas national guard will be sent if necessary.

SPRINGFIELD, Mo., Nov. 26.—That the death toll in yesterday's freakish storms in Oklahoma, Arkansas and southern Missouri may reach 40 was indicated here today as meagre reports from southern Missouri and northeastern Arkansas came in from stricken areas.

Four deaths at Brandville, Mo., near West Plains, and two at Competition, near Lebanon, in addition to 33 in Arkansas and Oklahoma have been reported. Others seriously injured are expected to die. Many were injured at Heber Springs, Ark., at which 15 were killed.

CLEVELAND YOUTH PAYS PENALTY FOR MURDER OF CONFECTIONER

Emmanuel Ross, 18, Negro, Dies in Electric Chair at Columbus After Momentous Legal Battle.

COLUMBUS, Nov. 26.—Emmanuel Ross, 18, negro of Cleveland, paid the death penalty in the electric chair at state penitentiary here early today for the murder of Isador Steeck, Cleveland confeectioner. Ross was robbing Steeck's store a year ago when he shot the owner.

The negro went to the chair calmly at 1:06 a. m. and was dead one minute after the current was turned on. The execution ended a momentous legal battle in which stays of execution were granted in efforts to save the youth's life.

Ross was convicted in the Cuyahoga county common pleas court with King Young, also colored, of shooting to death Steeck in his store on the night of November 5, 1925. The jury which tried Young recommended mercy and he is now serving a life sentence in the penitentiary here.

Ross was given five stays of execution. He was first sentenced to die in the electric chair on April 23 of this year. The Cuyahoga county appellate court granted the first stay on April 15, and on July 10, fixed the date of execution as August 27.

Ross was given a last-minute stay by Governor Donahey until September 10, and a few days later extended the stay of September 18. The supreme court granted a stay to October 22 at the last minute again, and then

DETECTIVES GUARD 150 GYPSIES ON WAY TO PENNSYLVANIA LINE

Band, Traveling in Motor Cars, Apeals apt Cleveland for Protection From Gang of Chicago Gunmen.

CLEVELAND, Nov. 26—Guarded by half a dozen private detectives, a band of 150 gypsies in fast motor cars, today was speeding along the Pennsylvania-Ohio frontier, enroute to their national headquarters in Washington, after appealing to Cleveland police for protection from a gang of Chicago gunmen.

The gypsies, desperate with fear, fled into a Cleveland police station, after they had been accosted by two motor cars filled with the alleged gunmen on the road between here and Detroit.

Leaving their motor cars standing in the middle of the street, blocking traffic, the gaily attired band of wanderers rushed into the station house, shouting incoherently.

When the desk sergent finally quited them and restored a semblance of order, the leaders explained that a member of their band had quit the caravan in Chicago and joined a gang of gunmen. He had made demands for money, but when the leader finally refused the last demand, in Detroit, the gangsters raided the gypsy camp, shooting and wounding the leader, who is now in a Detroit hospital, the gypsies said.

The remainder of the band fled towards Washington, but near Cleveland, they said, the gangsters overtook and attempted to halt them.

The police suggested they hire private guards to protect them to the Pennsylvania state line, and the gypsies quickly adopted that plan.

COLUMBUS, Nov. 26.—Emmanuel Ross, 18, negro of Cleveland, paid the death penalty in the electric chair at state penitentiary here early today for the murder of Isador Steeck, Cleveland confeectioner. Ross was robbing Steeck's store a year ago when he shot the owner.

The negro went to the chair calmly at 1:06 a. m. and was dead one minute after the current was turned on. The execution ended a momentous legal battle in which stays of execution were granted in efforts to save the youth's life.

Ross was convicted in the Cuyahoga county common pleas court with King Young, also colored, of shooting to death Steeck in his store on the night of November 5, 1925. The jury which tried Young recommended mercy and he is now serving a life sentence in the penitentiary here.

DETECTIVES GUARD 150 GYPSIES ON WAY TO PENNSYLVANIA LINE

Band, Traveling in Motor Cars, Apeals apt Cleveland for Protection From Gang of Chicago Gunmen.

CLEVELAND, Nov. 26—Guarded by half a dozen private detectives, a band of 150 gypsies in fast motor cars, today was speeding along the Pennsylvania-Ohio frontier, enroute to their national headquarters in Washington, after appealing to Cleveland police for protection from a gang of Chicago gunmen.

The gypsies, desperate with fear, fled into a Cleveland police station, after they had been accosted by two motor cars filled with the alleged gunmen on the road between here and Detroit.

Leaving their motor cars standing in the middle of the street, blocking traffic, the gaily attired band of wanderers rushed into the station house, shouting incoherently.

When the desk sergent finally quited them and restored a semblance of order, the leaders explained that a member of their band had quit the caravan in Chicago and joined a gang of gunmen. He had made demands for money, but when the leader finally refused the last demand, in Detroit, the gangsters raided the gypsy camp, shooting and wounding the leader, who is now in a Detroit hospital, the gypsies said.

The remainder of the band fled towards Washington, but near Cleveland, they said, the gangsters overtook and attempted to halt them.

The police suggested they hire private guards to protect them to the Pennsylvania state line, and the gypsies quickly adopted that plan.

Another Bryan Wanted.
Buy Your Enemies.
Science No Menace.
$170,000, and Too Cheap.

THE Iowa state chairman says the Democratic party ought to find a man like W. J. Bryan—something hard to do. Bryan had one great quality, and you would say, as it is said of another, "that man believes every word he says. Such men are dangerous."

There is a tremendous power in sincerity, and right or wrong, on gold, silver or prohibition, Bryan had that power.

PRIME MINISTER STRESEMANN admits that a newspaper opposing the government of the German republic was purchased with government money. And then the paper went right on attacking the government, but naturally without any teeth in the attack.

Wise is the statesman whon can keep his friends and buy his enemies. Bismarck did it.

DR. LORENZ, "bloodless surgeon, of Vienna,"—says science is injuring humanity by keeping the unfit alive. Nature tries to wipe out those not fit to perpetuate the species. Science prolongs their lives and adds unfit [illegible] to the population.

[illegible]NS used to kill babies that did not seem vigorous, and killed all children born deformed. That didn't make a great conquering race of the Indians. Some of the most useful men, Voltaire for instance, would have died in infancy but for extraordinary scientific care.

POPE, who wrote the "Essay on Man," and other things worth while, would have been killed had he lived among the Indians.

He had to be sewed up in a canvas jacket each day that he might sit up and write.

And consider the good moral effect that helping the unfit has upon the abler types. What we call charity is largely a philanthropic gymnasium for the prosperous.

A STOCK EXCHANGE SEAT sells for $170,000, the highest price on record, but a great deal too low. In these booming times, and with the prosperity that is ahead, every able broker ought to be able to earn the price of a seat in a year.

BY THE WAY, the authorities investigate the union labor regulations, and especially the important question, "Do unions limit the number of union men."

They do, of course. If they did not, unions wouldn't last long.

WOULD the government also be interested to know whether the stock exchange union limits the number of gentlemen that may buy and sell shares? If it does, there are 1,100 of them ,and if you suggested increasing

Body Weight Barometer of Your Health

If a grown person whose weight is correct eats the proper kind and amount of food there will be little or no variation in weight. Abnormal weight therefore is the sign of improper eating or living.

When overweight or underweight warns you of danger there is a guide to correct your weight and improve your general health.

Our Washington Information Bureau offers a new booklet of menus for reducing or increasing weight, exercises for reducing, and other valuable information on the subject of weight control.

A copy will be sent to you on receipt of six cents in stamps to cover cost and return postage.

DEFENDANT'S DENIAL OF MRS. JANE GIBSON'S STATEMENT EXCLUDED

Judge Parker Rules on Question as to Along What Lines Witness Should Testify in Murder Trial.

DENIES HE MET ACCUSED TRIO

In Taking Stand Wednesday He Swore He Was Not at Scene of Double Killing in New Jersey.

SOMERVILLE, N. J., Nov. 26.—Felix Di Martini, stormy petrel in the Hall-Mills case and the private detective Mrs. Frances Stevens Hall hired four years ago to help her, was called to the [illegible]ness stand at 1 o'clock this afternoon.

[illegible]rested as an accessory after the fact to the murder, it was said.

By JAMES L. KILGALLEN.

COURTHOUSE, SOMERVILLE, N. J., Nov. 26.—Henry De La Bruyere Carpender's testimony given Wednesday is not admissable Judge Charles W. Parker ruled at the resumption of the Hall-Mills murder trial today. The testimony of Carpender, a Wall street broker, had been halted late Wednesday upon objections by the state to the line of questions put to him by the defense.

Fingerprint Experts Quizzed.

The state then began cross-examination of the defense fingerprint experts.

James Herbert Taylor, fingerprint expert of the United States navy was recalled.

Simpson asked Taylor if the enlargement of "S-17"—the calling card found at the foot of Dr. Hall's body—contained every characteristic on the card—was the card without "any distortion whatever?"

"I have found none," said Taylor.

Simpson drew from Taylor that he once secured a conviction from a fingerprint on a box developed two months after the crime.

He was excused.

Frederic Sandberg, of the Washington, D. C., police department, was called.

Simpson asked Sandberg if it was shown to be a fact that D-28 (the enlargeemnt) lacked characteristics of S-17 (the card) wouldn't that affect his opinion.

The witness was uncertain, had the question repeated and finally said if the copy was not correct it would affect his opinion.

Prompting Simpson in his question was Joseph A. Faurot, former deputy police commissioner of New York and

SLAYERS HACK BODIES OF TWO MEN AT TOLEDO

Pair of Legs and Decapitated Head are Found.

CORONER ON JOB

Seek to Establish Identity Through Fingerprints.

TOLEDO, O., Nov. 26.—Police here, already bewildered by the ravages of "the clubber," today were puzzled by the announcement of Coroner Charles Henzler, that two men had been murdered and their bodies hacked to pieces in an effort to hide the crime.

A pair of human legs was found last Sunday on the Trabbic farm. Wednesday pedestrians discovered a decopitated head near the Matzine road. Yesterday other parts of human limbs were discovered on the Reynolds road.

The coroner announced today that evidence shows these members could not hvae belonged to the same body. The head, he explained, is that of an unusually small man, while the legs were those of a huge male.

Several squads of police have been sent search the scenes of the discoveries in the hope of locating the hands. They hope to establish the identity of the victims through finger-prints.

FREAK TWISTERS

Fifteen are Reported Killed in Heber Springs, Ark.

The death toll in the tornadoes which ripped through the southwest last night in the wake of heavy rains and hail storms was placed at 54 today, as more definite reports were received here. More than 100 were injured.

The revised list of dead was placed at 36 in Arkansas, five in Missouri, 12 in Louisiana, and one in Oklahoma, divided as follows:

In Arkansas, at Heber Springs, 16; Oppello, 5; Moscow, 3; Sheridan, 6; Wesley, 2; in Missouri, at Brandville, 4; Competition, 1; in Louisiana at Oil Camp Town, 5, and in Oklahoma, at Frederick, 1.

Coast Artillery on Job.

Property damage probably will run into the millions. No estimate can be made until wire communication is re-established in the storm areas.

Telephone and telegraph wires were blown down and poles were uprooted in Arkansas and Missouri, where the twisters struck with fury last night.

Relief for the stricken areas was planned today in conference between Governor Thomas J. Terral and Adjutant General J. R. Wayne. Battery E, 206th coast artillery, stationed at Heber Springs, was ordered to assume charge of the situation there.

Major Sam Herron, second battalion 206th coast artillery, was sent to Heber Springs last night and additional troops, including planes of the 54th observation squadron, Akransas national guard will be sent if necessary.

SPRINGFIELD, Mo., Nov. 16.—That the death toll in yesterday's freakish storms in Oklahoma, Arkansas and southern Missouri may reach 40 was indicated here today as meagre reports from southern Missouri and northeastern Arkansas came in from stricken areas.

Four deaths at Brandville, Mo., near West Plains, and two at Competition, near Lebanon, in addition to 33 in Arkansas and Oklahoma have been reported. Others seriously injured are expected to die. Many were injured at Heber Springs, Ark., at which 15 were killed.

Moscow Housing Worse As Population Grows; City Now 2,000,000

MOSCOW.—Moscow continues to grow like an adolescent. During the months of September, 98,297 persons arrived in Moscow and 56,087 left, while births exceeded deaths by 3,142, thus giving a net addition of 45,352 to the city's population.

The population is now estimated at more than 2,000,000, although the exact figures will not be known until the proposed All-Union census, to be carried out in December.

The pre-war population was 1,617,000. Far from being a cause of pride, the rapid increase in the number of the city's inhabitants is its worst curse. Housing conditions, believed to have already become unbearable, are becoming worse. The amount of housing space per person is now less than fifty square feet.

First "Liberty" Loan.

In 215 B. C. the first government loan that can be correctly compared with the Liberty Loans during the world war was that asked by Rome of its citizens to help carry on the war against Hannibal. So far as is known it was the first time the State of Rome borrowed money from individuals to finance a war.

ECONOMIC SERVICE

"Service" has become a sort of handy by-word. It may mean much or next to nothing.

At this store the word is taken seriously. It is neither an indefinite generality nor a cant expression. Service here is real and tangible. And of all forms of service we regard Economic Service as the first function of a store and its primary justification for existence.

In plain words, Economic Service means the duty of providing you with worthy merchandise at the lowest prices consistent with quality. All other features of store service — convenient and essential as they are— are only secondary to this great fundamental.

Christmas Gift Brassieres in Lovely Display

The new gowns show a suggestion of Nature's curves, rather than the perfectly flat lines of former seasons. And brassieres follow the lines of Nature, also. Which brings us to the subject of brassieres.

A mode of naturalness, of grace, is the mode for this season and these new brassieres are eminently suited to the lines of fashion.

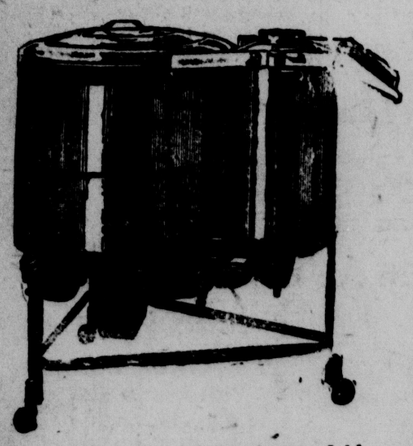
Here you will find every sort of model for every sort of figure — in lovely fabrics — well made and daintily trimmed.

Brassieres are always welcome gifts — and a girl just cannot have too many, so if you are in doubt as to what to give your girl friends for Christmas, just choose from this fascinating display of brassieres.

They are fashioned of lace, net, georgette, crepe de chine, satin, Swamee, silk jersey, radium or jersey and satin and lace and satin combinations. Lace and flower trimmed.

In flesh, white, green, orchid, peach and black. Priced from 50c to $3.00.

The Marvelous New EASY Washer.



The new EASY WASHER is the most amazing machine ever invented to wash clothes. It has two tubs but no wringer. The small tub dries one batch of clothes while the large tub washes another batch. No need to postpone your washing for a clear day, because the Easy will dry clothes ready for immediate ironing. No water to handle, no water wasted. The precious soap suds are returned to the wash tub; the rinse and blue water go back into the stationary rinse and blueing tubs. The Easy even empties itself when you are all through. Does twice the work in half the time of ordinary washers. Phone today for a free demonstration and get your week's washing done without cost or obligation.

Moscow Housing Worse As Population Grows; City Now 2,000,000

MOSCOW.—Moscow continues to grow like an adolescent. During the months of September, 98,297 persons arrived in Moscow and 56,087 left, while births exceeded deaths by 3,142, thus giving a net addition of 45,352 to the city's population.

The population is now estimated at more than 2,000,000, although the exact figures will not be known until the proposed All-Union census, to be carried out in December.

The pre-war population was 1,617,000. Far from being a cause of pride, the rapid increase in the number of the city's inhabitants is its worst curse. Housing conditions, believed to have already become unbearable, are becoming worse. The amount of housing space per person is now less than fifty square feet.

First "Liberty" Loan.

In 215 B. C. the first government loan that can be correctly compared with the Liberty Loans during the world war was that asked by Rome of its citizens to help carry on the war against Hannibal. So far as is known it was the first time the State of Rome borrowed money from individuals to finance a war.

Many Cables to South America.

More than 24,000 miles of cables carry the news and business or private messages between North and South America and 25,000 miles operate between Europe and the same Latin American shores. There are also high-power radio stations operating throughout South America and the civilized world.

ECONOMIC SERVICE

"Service" has become a sort of handy by-word. It may mean much or next to nothing.

At this store the word is taken seriously. It is neither an indefinite generality nor a cant expression. Service here is real and tangible. And of all forms of service we regard Economic Service as the first function of a store and its primary justification for existence.

In plain words, Economic Service means the duty of providing you with worthy merchandise at the lowest prices consistent with quality. All other features of store service — convenient and essential as they are— are only secondary to this great fundamental.

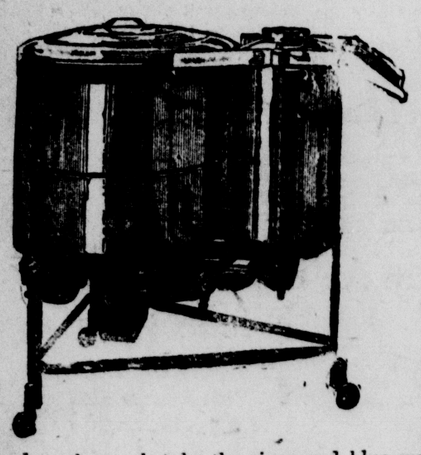
The Marvelous New EASY Washer.



The new EASY WASHER is the most amazing machine ever invented to wash clothes. It has two tubs but no wringer. The small tub dries one batch of clothes while the large tub washes another batch. No need to postpone your washing for a clear day, because the Easy will dry clothes ready for immediate ironing. No water to handle, no water wasted. The precious soap suds are returned to the wash tub; the rinse and blue water go back into the stationary rinse and blueing tubs. The Easy even empties itself when you are all through. Does twice the work in half the time of ordinary washers. Phone today for a free demonstration and get your week's washing done without cost or obligation.

Tuberculosis Sunday

Sunday is Tuberculosis Day in Ohio churches.

In East Liverpool and other cities, pastors will co-operate with the Ohio Public Health association in the campaign against the white plague by appealing for support of the Christmas Seal movement.

In some churches health programs or special sermons will occupy the service, and in others some attention will be given the day by announcements in the Sunday school and from the pulpit. The purpose of the dobule-barred seal will be emphasized by all denominations.

The City Federation of Women's Clubs will carry the message of good cheer and good health to the people of the East Liverpool district. The sale of Christmas seals began in most cities of the Buckeye state today, but launching of the campaign here has been deferred for a few days.

Funds for the national, state and local crusades against tuberculosis are provided through the sale of seals. Part of the money is retained for local use, while the remainder is forwarded to the state and national organizations for the establishment of sanatoria and the waging of an educational campaign.

Buy Christmas seals.

Public Expenses

Perhaps too much has been made of the fact that while government expenses were being reduced 80 per cent from 1919 to 1925, state expenses in the country generally were increased 150 per cent and local expenses 125 per cent.

It is to easy to misconstrue these figures. The national and local situations are not parallel. The government's expenses at the beginning of this six-year period were war expenses, and it has made a good showing mainly because it has been emerging from its war obligations. The state and local expenses have not been war expenses at any time, except in so far as they reflected war prices.

Besides, since the end of the war, the smaller political units have been providing better public facilities than they used to, especially in the matter of roads, but also in such matters as schools, health, water supply and sewers. All these are important, and the money for them is voted and paid because of their importance. Citizens pay more taxes and get more for them.

Doubtless there is some extravagance running through such expenditure in most communities. And it is possible that the states, counties, cities and other political units which handle public money are less efficient in their expenditure than the federal government. But this is not necessarily true. In most cases it calls for proof. It is probably a fair presumption that the average city onwadays handles its affairs as efficiently and economically as the national government does.

Another "Duke"

"One of America's most beautiful heiresses," with $30,000 a year from an aunt and $10,000,0000 made by her fathe rin Cincinaati real estate, has just been married to a gentleman known as "Grand Duke Dmitri," a nephew of the late czar of Russia.

It was a notable ceremony, held at Biarritz and attended by "the most prominent members of international society" from Paris and other capitals.

Apparently the fact that there are no more grand dukes in Russia, since the revolution abolished royalty and nobility, makes no difference to "international society." The grand old farce continues everywhere abroad as it has long continued in France, where titles have no legal existence and amount to nothing but family tradition.

Apparently, too, the sad wreck of the marriage of Consuelo Vanderbilt to the Duke of Marlborough, added to scores of similar tragedies, matters little to the bride. American girls continue as usual to trade good American money for worthless titles, and, as a rule, equally worthless husbands, oblivious of the fact that such unions nearly always end wretchedly.

Fat? What Of It?

Dr. Adolph Lorenz, famous Austrian surgeon, arriving in America, holds out little hope for stout women. Fatness or leanness, he suggests, is a matter of heredity or fate.

"If you are so constituted," he tells American women, "you must be resigned to obesity. If you are inclined to be thin, you may eat to the point of indigestion and still remain thin."

He adds his voice to those of American physicians who pronounce severe dieting harmful. Pills and bathing salts, he says, are futile. Women inclined to stoutness should accept their manifest destiny.

If they did that, most of them would be healthier. Also happier. Fatness is traditionally supposed to promote happiness, although style often seems to serve the purpose in this generation, even when it is stylish to starve.

"What does the American woman want?" asks a moral philosopher. Well, a large part of the time, it seems to be alimony.

Another use that might be made of that treasury surplus: Lend it to Roumania.

NEW YORK DAYBYDAY
By O. O. McINTYRE

NEW YORK, Nov. 26. — Thoughts while strolling: The luncheon hour rush—and quickfire of voices. Dove gray suits. Canes with lizard skin handles. The single white roses on ladies' shoulders. Whatever became of painted lace fans?

Men with tell-tale eye puffs and drifting larks with broken wings. All showy and full of bluff. A Castilian matador—here to learn salesmanship. From sticking to throwing the bull, as it were. Superficial idlers who babble of "careers."

A broken fire plug and a limousine top. A story in two pictures. Edgar Selwyn. Blondes. No more predatory than our brunette sisters. The stir around hotel canopies. A Russian princess and her contented looking gray haired American husband.

Men's coat sleeves with a single button. Wonder if any one notices buttons on sleeves anyway! The movie actor who turned tailor. Windows filled with pajamas seem to attract ladies. And men don't run from the lingerie exhibits either.

Why do luggage shops put so many trunks outside? A store selling street numbers for homes. Vincent Lopez, who never seems to smile. Jazz would probably do that. His expression reminds me of the glum Englishman who was asked how he liked "The Covered Wagon." "All right," he said, "if you like covered wagons." Miller and Farrell, patter songsters.

Nobody so self conscious as a man all dressed up with squeaky shoes. Marcelle Carroll, Earl's wife. The house detective in front of the Ritz. The hunting togs in Madison avenue windows. And pale clerks who stand before them dreaming their dreams.

It happens outside fiction. Two actresses—a star and a featured player—speak only on the stage where their roles portray them as staunch chums. Off stage they are as aloof as pedigreed Pekes. Nobody knows why. Temperament no doubt for with success comes temperament. There was a professional dancing team who floated out before audiences like puff balls a few years ago, smirking and gazing lovingly at each other as they pirouetted. And for two years they talked only through a third party. Between dances one night the lady rushed to the stage manager and cried: "Tell that fathead his collar scratches me when he twirls me around his neck."

But the most disconcerting stage experience must have been that of the comedienne who noticed two ex-husbands sitting together in the front row on an opening night gravely wearing handcuffs.

The stage, incidentally, continues to picture the small town youth as one who might be standing dumbly at the plow on a dreary Dakota farm dreaming of becoming a city chiropractor. As a matter of fact most of the whoop and hurrah of Broadway is due to small town youngsters in town on the loose. They have money to spend, clothes to wear and know the telephone numbers of more chorus girls than the average New York youths.

A Seventh avenue speak easy features a whispering tenor. There's a wheeze there some place.

Broadway has a slang phrase "Write your own ticket!"—which has many interpretations. Generally speaking it means "Go as far as you like!" It was recently the parting injunction of a man to the girl after an illicit and shattered romance. When they fished her out of the Hudson a note in a rubber tobacco pouch tucked in her dress read: "Tell Jim this is my ticket."

HASKIN'S LETTER

Government Workers Who Work.

WASHINGTON, D. C., Nov. 26.—There has long been a widely prevalent idea that working for Uncle Sam is rather more than less of a soft snap. Government jobs have been looked upon as easy berths, with short hours, long vacations, sick leave, good pay, lax discipline, and little work to do, and cynics have been known to assert that the American taxpayer gets not more than 50 per cent value for the salaries paid the Federal personnel.

Consider, then, a large group of government employes who worked during the last fiscal year not merely their regular hours but overtime that exceeded an equivalent of 27 working days for each employe, and a second group who worked after hours and on Sundays and holidays until their total overtime averaged more than 17 working days each. And not a dollar of extra compensation was paid for all this overtime work.

These government workers who work—and they are not cited as exceptions, but as illustrations of what Uncle Sam's hired men and women do to justify their connection with the Federal payroll—are in the Bureau of Foreign and Domestic Commerce. The first group is the foreign staff of the Bureau, while the second is made up of employes in the branch offices or service stations of the Bureau in the United States.

And these workers not only worked, but they paid the American taxpayer a big return on his investment in them, according to the annual report of Dr. Julius Klein, director of the Bureau. Foreign trade promotion activities of the Department of Commerce last year cost the taxpayer approximately $3,000,000. New foreign business secured for various American exporters as a direct result amounted to more than $189,000,000.

This is a return of more than sixty-fold upon the investment. To the suggestion that only a few fortunate firms and individuals shared this big dividend, and that it meant nothing to taxpayers in general, the reply may be made that it is impossible to bring $189,000,000 of new business and money into the United States without all taxpayers sharing in the benefit.

Everybody Gets A Bit of It.

In fact, everybody gets a bite out of this gigantic pie. American labor, first of all, was well paid for producing this additional amount of exportable goods. American bankers got theirs for the financing, American transportation agencies, American fuel producers, American jobbers, American "white-collar" workers, and even American retailers and landlords shared. Drop $189,000,000 into the industrial and business pool of the United States and it not only makes a big splash but creates ripples that lave every side of the pool.

Uncle Sam got his through additional income taxes paid by everybody whose income was increased by a share in the extra money from abroad. Thereby Mr. Average Taxpayer was at least slightly benefited because his burden was proportionately lightened.

It is interesting to know the specific instances of the helpfulness to American interests of the work of the commercial attaches and trade commissioners of the organization headed by Dr. Klein. In Germany, for example, where the Bureau's office in Berlin cost the American taxpayer

Why do luggage shops put so many trunks outside? A store selling street numbers for homes. Vincent Lopez, who never seems to smile. Jazz would probably do that. His expression reminds me of the glum Englishman who was asked how he liked "The Covered Wagon." "All right," he said, "if you like covered wagons." Miller and Farrell, patter songsters.

Nobody so self conscious as a man all dressed up with squeaky shoes. Marcelle Carroll, Earl's wife. The house detective in front of the Ritz. The hunting togs in Madison avenue windows. And pale clerks who stand before them dreaming their dreams.

It happens outside fiction. Two actresses—a star and a featured player—speak only on the stage where their roles portray them as staunch chums. Off stage they are as aloof as pedigreed Pekes. Nobody knows why. Temperament no doubt for with success comes temperament. There was a professional dancing team who floated out before audiences like puff balls a few years ago, smirking and gazing lovingly at each other as they pirouetted. And for two years they talked only through a third party. Between dances one night the lady rushed to the stage manager and cried: "Tell that fathead his collar scratches me when he twirls me around his neck."

But the most disconcerting stage experience must have been that of the comedienne who noticed two exhusbands sitting together in the front row on an opening night gravely wearing handcuffs.

The stage, incidentally, continues to picture the small town youth as one who might be standing dumbly at the plow on a dreary Dakota farm dreaming of becoming a city chiropractor. As a matter of fact most of the whoop and hurrah of Broadway is due to small town youngsters in town on the loose. They have money to spend, clothes to wear and know the telephone numbers of more chorus girls than the average New York youths.

A Seventh avenue speak easy features a whispering tenor. There's a wheeze there some place.

Broadway has a slang phrase "Write your own ticket!"—which has many interpretations. Generally speaking it means "Go as far as you like!" It was recently the parting injunction of a man to the girl after an illicit and shattered romance. When they fished her out of the Hudson a note in a rubber tobacco pouch tucked in her dress read: "Tell Jim this is my ticket."

My Favorite Stories
By IRVIN S. COBB

HOW FEW CAN SAY THE SAME THESE TIMES?

A man I know swears on his word of honor that he overheard this one. I think he is telling the truth because to my mind the story has all the aspects of being the genuine Afro-American goods—it couldn't be synthetic.

The scene, so my informant claims, was the Boardwalk at Atlantic City. Two colored roll-chair pushers met in a quiet place.

"How is business wid you, Henry?" asked one.

"Even."

"Huh?"

"Jest even."

"Wich?"

"Even, I tells you."

"I don't know ez I gits yore drift?"

"Lissen, you comes along an' you asts me how is business wid me? So I says to you business wid me is even. Ain't that plain enough?"

"Yas, an' no. Whut does you mean by 'even'?"

"Even better this week than 'twuz last week!"

HASKIN'S LETTER
By FREDERIC J. HASKIN

Government Workers Who Work.

WASHINGTON, D. C., Nov. 26.—There has long been a widely prevalent idea that working for Uncle Sam is rather more than less of a soft snap. Government jobs have been looked upon as easy berths, with short hours, long vacations, sick leave, good pay, lax discipline, and little work to do, and cynics have been known to assert that the American taxpayer gets not more than 50 per cent value for the salaries paid the Federal personnel.

Consider, then, a large group of government employes who worked during the last fiscal year not merely their regular hours but overtime that exceeded an equivalent of 27 working days for each employe, and a second group who worked after hours and on Sundays and holidays until their total overtime averaged more than 17 working days each. And not a dollar of extra compensation was paid for all this overtime work.

These government workers who work—and they are not cited as exceptions, but as illustrations of what Uncle Sam's hired men and women do to justify their connection with the Federal payroll—are in the Bureau of Foreign and Domestic Commerce. The first group is the foreign staff of the Bureau, while the second is made up of employes in the branch offices or service stations of the Bureau in the United States.

And these workers not only worked, but they paid the American taypayer a big return on his investment in them, according to the annual report of Dr. Julius Klein, director of the Bureau. Foreign trade promotion activities of the Department of Commerce last year cost the taxpayer approximately $3,000,000. New foreign business secured for various American exporters as a direct result amounted to more than $189,000,000.

This is a return of more than sixty-fold upon the investment. To the suggestion that only a few fortunate firms and individuals shared this big dividend, and that it meant nothing to taxpayers in general, the reply may be made that it is impossible to bring $189,000,000 of new business and money into the United States without all taxpayers sharing in the benefit.

Everybody Gets A Bit of It.

In fact, everybody gets a bite out of this gigantic pie. American labor, first of all, was well paid for producing this additional amount of exportable goods. American bankers got theirs for the financing, American transportation agencies, American fuel producers, American jobbers, American "white-collar" workers, and even American retailers and landlords shared. Drop $189,000,000 into the industrial and business pool of the United States and it not only makes a big splash but creates ripples that lave every side of the pool.

Uncle Sam got his through additional income taxes paid by everybody whose income was increased by a share in the extra money from abroad. Thereby Mr. Average Taxpayer was at least slightly benefited because his burden was proportionately lightened.

It is interesting to know the specific instances of the helpfulness to American interests of the work of the commercial attaches and trade commissioners of the organization headed by Dr. Klein. In Germany, for example, where the Bureau's office in Berlin cost the American taxpayer

Uncle Sam's Soldiers Have Savings Accounts; Figures Announced

WASHINGTON.—Uncle Sam's soldiers are saving money.

Deposits of savings by 24,964 men in the service with the finance section of the army at the end of the last fiscal year totalled $1,463,447.10. This was an average of $190.86 per depositor.

Salary allotments made by 7,012 officers aggregated $941,724.84, and by 4,308 enlisted men, $727,006.59

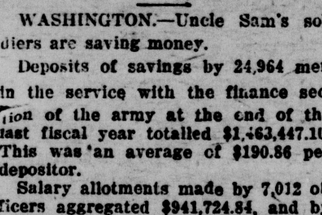
These figures are disclosed in the annual report to Secretary of War Davis by Major General McKenzie W. Walker, chief of finance, made public today. The report contains other interesting financial statistics.

The army is paying its bills promptly. In so doing it saved $227,182.25 in commercial discounts. Only 271 bills more than 30 days old were unpaid June 30. These were held up because of questions as to receipt or quality of supplies.

Russian Policemen Have Trouble With Gangsters in Moscow

MOSCOW.—New York policemen may suffer from attacks by gunmen, but Russian policemen have it worse. Patrolman Tedechov, pacing his beat at the Saratov station was set upon by a group of gangsters, beaten, robbed of his watch, baton, pistol and of every article of his clothing.

Not badly injured, Tedechov ran stark naked four blocks to his police station, and, without waiting even for a pair of pants, led a squad of policemen in pursuit of the bandits. They captured one, but in his possession was only Terechov's short jacket. Clad only in this abreviated garment Terechov led his prisoner to the police station.



Some Frank Words on Catarrh

Because catarrh is unpleasant, few like to discuss it. Yet all know its prevalence. Many think "It will go away of itself," and ignore it until finally a chronic catarrhal condition exists.

To endure the constant raising of mucus, the clogged nasal passages, the offensive breath of catarrh is today inexcusable. Thousands have proved that Hall's Catarrh Medicine drives away catarrh because it tones and strengthens the mucous membranes.

When the inflammation of these delicate linings of nose, throat and head is reduced, catarrh vanishes. You owe it to yourself to get Hall's Catarrh Medicine today. Ask your druggist. Price 85c. F. J. Cheney & Co., Toledo, Ohio.

RHEUMATISM!

What Is It—anyway?

THAT awful agony of swollen joints and inflamed muscles—that miserable pain and torturous suffering, we call rheumatism—what is it?

Here's what it is: It is the result of waste products and impurities in the blood! Impurities that get the upper hand because the system is starving for want of healthy, rich, red blood!

But you just cleanse your blood and build up the red-blood-cells and watch the rheumatism vanish! Why, S. S. S. will aid Nature put so many millions of red-blood-cells in your system that the impurities that cause your rheumatism are driven out—they can't stand pure, healthy blood.

S. S. S. conquers rheumatism! The rich, red, fighting blood that S. S. S. helps Nature build brings ease and comfort to every sore, swollen tissue in your body.

And this great S. S. S. goes right on helping Nature build more and more red cells until your whole body is tingling with life and vibrating with vim, vigor and vitality. You feel like yourself again.

Get S. S. S. right now—build up your blood to where it is pure, red and healthy. S. S. S. is the sure way.

RHEUMATISM!

What Is It—anyway?

THAT awful agony of swollen joints and inflamed muscles—that miserable pain and torturous suffering, we call rheumatism—what is it?

Here's what it is: It is the result of waste products and impurities in the blood! Impurities that get the upper hand because the system is starving for want of healthy, rich, red blood!

But you just cleanse your blood and build up the red-blood-cells and watch the rheumatism vanish! Why, S. S. S. will aid Nature put so many millions of red-blood-cells in your system that the impurities that cause your rheumatism are driven out—they can't stand pure, healthy blood.

S. S. S. conquers rheumatism! The rich, red, fighting blood that S. S. S. helps Nature build brings ease and comfort to every sore, swollen tissue in your body.

And this great S. S. S. goes right on helping Nature build more and more red cells until your whole body is tingling with life and vibrating with vim, vigor and vitality. You feel like yourself again.

S.S.S.

Get S. S. S. right now—build up your blood to where it is pure, red and healthy. S. S. S. is the sure way.

All druggists sell S. S. S. Get the larger bottle. It's more economical.

SWANSDOWN Powdered SUGAR

RHEUMATISM!

What is it—anyway?

THAT awful agony of swollen joints and inflamed muscles—that miserable pain and torturous suffering, we call rheumatism—what is it?

Here's what it is: It is the result of waste products and impurities in the blood! Impurities that get the upper hand because the system is starving for want of healthy, rich, red blood!

But you just cleanse your blood and build up the red-blood-cells and watch the rheumatism vanish! Why, S. S. S. will aid Nature put so many millions of red-blood-cells in your system that the impurities that cause your rheumatism are driven out—they can't stand pure, healthy blood.

S. S. S. conquers rheumatism! The rich, red, fighting blood that S. S. S. helps Nature build brings ease and comfort to every sore, swollen tissue in your body.

And this great S. S. S. goes right on helping Nature build more and more red cells until your whole body is tingling with life and vibrating with vim, vigor and vitality. You feel like yourself again.

S.S.S.

Get S. S. S. right now—build up your blood to where it is pure, red and healthy. S. S. S. is the sure way.

All druggists sell S. S. S. Get the larger bottle. It's more economical.

LAWYERS BATTLE OVER STORY OF "LOAN" TO FALL

JURY EXCUSED AS ATTORNEYS ARGUE ON LAW

Government Seeks to Submit Doheny's Statement.

CITE PRECEDENTS

Defense Counsel Says Admission is Contrary to Statutes.

By George E. Durno.

WASHINGTON, Nov. 26.—Citing obscure legal cases of the past and delving deep into the statutes governing court procedure, opposing counsel help up the conspiracy trial of Albert B. Fall, former secretary of the interior, and E. L. Doheny, millionaire oil operator, for nearly the entire morning today as they battled over the admissibility of Doheny's own story of the $100,000 "loan" to Fall, as recited three years ago to a senate investigating committee.

Owen J. Roberts, government counsel, is banking heavily on getting the stenographic report of Doheny's statement before the jury, and Frank J. Hogan, for the defense, is equally insistent that its admission is contrary to law.

Roberts addressed the court for more than an hour, arguing his right to produce the testimony on the strength of numerous precedents.

Hogan followed with an equally imposing array of precedents. Meanwhile the jury was excused from the court room.

Court Bars Story

one of the most widely known finger-print experts in the country.

Awaits Trial on Murder Count.

Carpender had denied the statement of Mrs. Jane Gibson, the state's star witness, that he was at the scene of the murder on the night of Sept. 14, 1922. He is a fourth defendant on the murder charge, but is not now on trial. He is to be tried later.

"Mr. Carpender's testimony is excluded," said Judge Parker, "because no direct testimony was given at this trial that placed him at the scene of the crime.

"Anything he testified to along this line is therefore irrevalent."

It was not a question of whether Carpender is a competent witness, the judge explained, but a question as to along what lines he should be permitted to testify.

Resumes Witness Stand.

The sleek, well groomed Carpender, rather bald with closely clipped moustache, then resumed the witness stand.

Clarence Case, of defense counsel, questioned Carpender.

"Did you at any time on Sept. 14, 1922, or Sept. 15, communicate with either Mrs. Hall or Henry or Willie Stevens?" he asked.

"No."

"Where were you Sept. 16?"

"In New York attending my business as usual."

"Were you at the residence of Mrs. Hall that morning at 10:45?"

"I was not there at any time that morning."

"Did you remove any boxes containing papers from the house to an automobile?"

"Never."

(Witnesses for the state had testified he did.)

Witness Cross-examined.

Prosecutor Alexander Simpson took Carpender over for cross-examination.

"Did you in December, January, February or March meet a trooper by the name of Dickman in prosecutor Beekman's office and have conversation about a check?"

(Former State Trooper William L. Dickman had testified he was "paid" $3,500 by the late Azariah Beekman, former prosecutor, to "skip" the state after he (Dickman) had conducted a long investigation of the murders).

"I never met Dickman and never was in Beekman's office in my life," said Carpender.

"That's all," said Simpson.

High School Grid Team and Others At Turkey Dinner

Members of the high school football team and school officials were guests of the High School Athletic association at a turkey dinner in the Larkins' annex, Market street, at 6 o'clock last night. Places were arranged for 50 guests.

Superintendent of Schools C. S. McVay was toastmaster. Talks were made by Coach George Kidder, Richard Larkins, captain of the team, and School Board Member George Wilhelm, D. F. White, R. B. Stevenson and F. T. Weaver.

Colin Kinsey, Jr., 6, Fractures Leg In Football Game

Colin, Jr., 6, son of Dr. and Mrs. Colin Kinsey, Bradshaw avenue, fractured his right leg between the ankle and knee, when tackled by another boy while playing football during a visit with his grandmother, Mrs. W. C. Kinsey, Lincoln highway, at noon yesterday.

He was removed to the City hospital where the fracture was reduced by Dr. M. D. McCutchcon. Later he was taken to his home.

The lad is a first grade pupil at the McKinley school.

MOTORIST FACES COURT MONDAY

J. B. McKay, nightwatchman at a River Road pottery, was arrested by Patrolman Norman McFarland on St. George street at 6:30 o'clock last night, charged with driving an automobile while intoxicated.

McKay was taken into custody shortly after he is alleged to have crashed into two parked automobiles while traveling east on St. George street. He will face Municipal Judge Hanley Monday morning.

54 Dead in Storm

(Continued on Page Eight.)

construct telephone and telegraph wires through the storm-torn area disrupted by the freakish twister which swept the state Thursday and last night.

Apparently two twisters struck, one starting near Heber Springs and traveling southeastward to Sheridan, and the other striking first near Belleville in Yell county and sweeping almost east to Sheridan and thence to Moscow.

The death toll by towns was listed as follows:

Heber Springs, 15.
Moscow 8.
Pangburn 5.
Sheridan 1.

The storm struck without warning. A few minutes later 14 blocks of the residential district in Heber Springs had been laid in ruins. Several fires started but the heavy rain following the storm extinguished them.

Oklahoma Reports Victims.

Reports received here from southern Missouri and Oklahoma added 10 more to the list of dead, making 39 in all that met death in the storm.

The dead at Heber Springs:

Roy Morris, wife and baby; Ivan Parker, wife and two brothers, Lee and Billy; Mrs. O. C. Woodson, Mrs. M. L. Rambo; John Jones and wife; Ralph Wiggs and wife; Mrs. R. M. Sayes, wife of Rev. Sayes and baby of H. C. Riggle.

The dead at Oppello in Conway county:

Mr. and Mrs. Jacob Stafford and daughter, Nettie; Mrs. J. W. Jones and son, James.

The dead at Sheridan:

Topsy Lybrand, 10, a twin.

The names of the dead at Moscow have not been learned as communication with that town had not been established.

Million Dollar Property Damage.

Property damage, estimated all told at near the million dollar mark, was extensive over a wide area. From Frederick, Okla., in the southwest portion of the state, to Rolla, Mo., the storm skipped along and struck here and there, wiping out whole villages and destroying lives and property.

ROLLA, Mo., Nov. 26—Sweeping a path two miles wide, a tornado struck about five miles southeast of here last night, demolishing the Fairview school house, killing livestock and ripping away barns and homes, according to word received today.

The storm then took a northeasterly direction to Kob View, where the Frisco railroad station was blown down and other property damage reported.

GANGSTER GUNS KILL ONE AND WOUND FOUR

Five Chicagoans are Shot Down on Street.

FIRE FROM AUTO

Home of Another Riddled in Beer Runners' War.

CHICAGO, Nov. 26.—Gangster machine guns spat again today, killing Joseph Di Salvo and probably fatally wounding James Debrisco.

Both were walking home when a heavy limousine slowed down sweeping the street around them with a deadly hail.

When Di Salvo fell, mortally wounded, the car gathered speed and suddenly disappeared.

Di Salvo and Dabrisco arrived from Italy only a few months ago. Debrisco could give no motive for the attack.

No witnesses could be found.

The home of Joseph Parrillo was riddled.

Another Man is Dying.

As a result of another gang flare-up, Thomas and Charles O'Donnell are lying wounded in a hospital.

The two wounded men are brothers of Edward "Spike" O'Donnell, leader of a powerful South Side beer running syndicate, and themselves members and co-leaders of their brother's gang.

The brothers were fired upon from a closed automobile as they stood in front of a poolroom on South Ashland avnue. One other man, Clarence Barrett, an alleged beer runner, was also wounded. He probably will die, physicians declared. The O'Donnell brothers are expected to recover.

Although the wounded men are believed to have recognized their assailants, they observed the traditional ethics of gangland and refused to give any information to police. The latter were inclined to blame the Saltis-McErlane combine, rivals of the O'Donnell gang, for the shooting.

WOMAN IS RUN DOWN BY AUTO

Mrs. Maria Petty, 66, 337 Riverside avenue, Wellsville, suffered a fracture of her right leg when struck by an automobile driven by James Monroe, barber, at the intersection of East Sixth street and St. Clair avenue at 7:30 o'clock last night.

The woman was removed to the City hospital where she was attended by Drs. W. A. Hobbs, of East Liverpool, and J. M. King, of Wellsville. Patrolman Norman McFarland, who investigated the accident, ordered Monroe to appear before Municipal Judge Hanley, today. However, no charges have been filed.

Mekka Sanctorum Members to Visit Youngstown Lodge

Members of Mekka Sanctorum, No. 231, Ancient Mystic Order of Samaritans, will go to Youngstown Saturday evening to attend a special meeting called by Murad Sanctorum, No. 198.

The delegation will leave East Liverpool at 6 o'clock, the trip being made in automobiles. Reservations should be made not later than tonight.

Several Lives Lost In Gasoline Blast On Danube River

LONDON, Nov. 26.—A number of lives were lost and the surrounding countryside was rocked by the explosion today of 200 carloads of gasoline standing at a station on the quay at Romandan, (Roumania) on the Danube river.

The extent of property damage resulting had not been ascertained, but it was known to be large.

The cause of the explosion had not been determined.

the number you would hear a roar like the voice of many waters.

THE VALUE of exchange seats shows that it is better to buy and sell things than to make them. You know how cotton growers feel just now. In some places cotton isn't worth picking.

Yesterday in New York a seat on the Cotton exchange sold for $2,000 more than the last previous sale. Whether cotton stocks sell high or low, the intelligent broker makes his profit.

QUEEN MARIE is a valiant sightseer. The last thing she did, after having traveled all around America, and just before her sailing for home, was to sail all around New York city on a Standard Oil tug, fixed up as a royal yacht.

Mr. Teagle, president of Standard Oil, acted as showman, pointing out the sights.

He might have said, but probably didn't, "Queen, the tug you are traveling on belongs to an American oil octopus that was chopped up some years ago because people thought it was worth a billion dollars and had grown too big. Now each of three of the little pieces is worth a billion all by itself."

REPORTS FROM STOCK MARKETS

NEW YORK, Nov. 26.—The motor stocks and the local tractions were the leaders in a moderate advance in speculative stock prices at the beginning of trading today.

Mack Trucks and Hudson were the leaders, Mack advancing to above par for the first time since its decline to 89½. Hudson reached 47⅝.

Speculative interest was also continued in the local traction stocks, with Interboro and Brooklyn Manhattan Transit leading the way to higher prices. General Asphalt's brisk rally to 84¼ was without effect on the oil stocks, which, however, were inactive rather than weak. Standard Oil of New Jersey was reactionary, declining to 37¾, against Saturday's close of 41, in which must be considered about 2½ points for rights and dividends, making the net loss 1½ points. Shell Union failed to respond to its special dividend. Nickel Plate rails were slightly reactionary with Chesapeake & Ohio down 2. Call money 4½ per cent.

finally set November 26 for the execution. In November 16 the supreme court rejected Ross' application for a further review of the case.

Ross' counsel contended the youth was under 18 when he was tried the first time, and that the case should have been heard in the juvenile court. Ross, according to his testimony at his trial, went to the Steeck confectionery with Young, charging Young planned the attempted holdup and gave the gun to Ross. When Steeck failed to comply with the command, "Hands up," he was shot and instantly killed.

BANK TELLER IMPLICATED IN $14,000 RAID

Robbery of Cleveland Institution Cleared, Police Say.

FOUR MEN HELD

"Al" White and Three Companions are Under Arrest.

CLEVELAND, O., Nov. 26.—The robbery of the Grafton Bank and Savings company, April 4, 1925, was cleared up here today, police declared, as they held "Al" White and three companions. Charges of robbing the institution were to be filed later today, police said.

Three men, alleged by Inspector of Detectives Cornelius Cody to have aided in the robbery of the Grafton Bank and Savings company, were charged with robbery here today.

They are: Norman Cannon, 29, teller of a Cleveland bank; Edward J. Atkins, 27, mechanic, and Haridan Frost, 23.

White will not be charged until Cody learns details from him concerning two other robberies, which the suspect is believed to have planned.

The bank teller is alleged to have furnished White with the gun which the latter used in staging the hold-up. Later he exchanged new bills for the proceeds of the robbery, in order to destroy clues, the police declare.

White, in an alleged confession which officials say was made to them today, has also implicated Joseph Sojack and Russell Sands, now serving sentences in the Mansfield reformatory for automobile thefts, as having participated in the Grafton and North Olmsted bank robberies.

White escaped from the Mansfield institution August 22 where he also was serving a term for stealing an automobile, the officers said.

FIREMEN BUSY ON THANKSGIVING

Four alarms were answered by the fire department over Thanksgiving day.

Damage, estimated at $200 was done to the home of A. Collins, Cadmus street, at 6:35 o'clock last night. The blaze started, firemen said, from a rubber hose connection on a cook stove. The interior of the kitchen and dining room was damaged.

Home of Edward Grafton, Dresden avenue, was slightly damaged by fire Wednesday evening.

A call was received from the home of Charles Surles, Seventh street, Thursday afternoon, when a lead connection on a stove melted and broke. There was no damage.

The other call was due to a grass fire on upper Bank street last evening.

Woman is Snatched From Death Jaws as Train Wrecks Auto

Mrs. John H. Swin, Washingtonville, was virtually snatched from the jaws of death at 9:30 o'clock this morning just before a westbound Fort Wayne division passenger train crashed into her stalled automobile at the Chestnut street crossing in Leetonia.

Mrs. Swin, who recently removed to Columbiana county from Detroit, was driving an Essex coach when the machine stopped on the crossing. She was paralyzed with fear when she noticed the oncoming train.

James Barrett, crossing watchman, and Thomas Holland and Patrick Hannan, bystanders, realizing the woman's plight pulled her from the car a few seconds before the automobile was reduced to wreckage by the speeding locomotive.

Cleveland Prowler Is Shot to Death During Gun Battle

CLEVELAND, O., Nov. 26.—Herbert Cuff, 30, negro, convicted several times as a highway robber, was shot and killed here early this morning by Marvin Grays during a gun battle.

Mrs. Grays, returning from a holiday party, was accosted by the negro as she entered her home. She screamed and her husband ran to her aid. The negro fired at Grays and fled. The former secured a shotgun and pursued the prowler.

When overtaken Cuff fired at Grays who returned the shot, killing the negro. On the latter's person was found watches and other valuables taken earlier in the night from several victims who have identified Cuff as having held them up.

TWO MEN HELD FOR FIGHTING

Joseph Fyan, Wellsville, and "Harp" Conkle, of East Liverpool, were arrested in a Broadway dance hall by Captain of Police Conley last night, charged with disorderly conduct by fighting. Conkle was fined $10 and costs by Municipal Judge Hanley, while Ryan posted $25 bond for his appearance for trial Monday morning.

Preston Smith will also face Judge Hanley Monday morning upon a charge of fast and reckless driving. Police obtained the automobile number on Smith's car, for an alleged violation which is said to have occurred last Monday.

LAWYERS BATTLE OVER STORY OF "LOAN" TO FALL

JURY EXCUSED AS ATTORNEYS ARGUE ON LAW

Government Seeks to Submit Doheny's Statement.

CITE PRECEDENTS

Defense Counsel Says Admission is Contrary to Statutes.

By George E. Durno.

WASHINGTON, Nov. 26. — Citing obscure legal cases of the past and delving deep into the statutes governing court procedure, opposing counsel held up the conspiracy trial of Albert B. Fall, former secretary of the interior, and E. L. Doheny, millionaire oil operator, for nearly the entire morning today as they battled over the admissibility of Doheny's own story of the $100,000 "loan" to Fall, as recited three years ago to a senate investigating committee.

Owen J. Roberts, government counsel, is banking heavily on getting the stenographic report of Doheny's statement before the jury, and Frank J. Hogan, for the defense, is equally insistent that its admission is contrary to law.

Roberts addressed the court for more than an hour, arguing his right to produce the testimony on the strength of numerous precedents.

Hogan followed with an equally imposing array of precedents. Meanwhile the jury was excused from the court room.

one of the most widely known finger-print experts in the country.

Awaits Trial on Murder Count.

Carpender had denied the statement of Mrs. Jane Gibson, the state's star witness, that he was at the scene of the murder on the night of Sept. 14, 1922. He is a fourth defendant on the murder charge, but is not now on trial. He is to be tried later.

"Mr. Carpender's testimony is excluded," said Judge Parker, "because no direct testimony was given at this trial that placed him at the scene of the crime.

"Anything he testified to along this line is therefore irrevalent."

It was not a question of whether Carpender is a competent witness, the judge explained, but a question as to along what lines he should be permitted to testify.

Resumes Witness Stand.

The sleek, well groomed Carpender, rather bald with closely clipped moustache, then resumed the witness stand.

Clarence Case, of defense counsel, questioned Carpender.

"Did you at any time on Sept. 14, 1922, or Sept. 15, communicate with either Mrs. Hall or Henry or Willie Stevens?" he asked.

"No."

"Where were you Sept. 16?"

"In New York attending my business as usual."

"Were you at the residence of Mrs. Hall that morning at 10:45?"

"I was not there at any time that morning."

"Did you remove any boxes containing papers from the house to an automobile?"

"Never."

(Witnesses for the state had testified he did.)

Witness Cross-examined.

Prosecutor Alexander Simpson took Carpender over for cross-examination.

"Did you in December, January, February or March meet a trooper by the name of Dickman in prosecutor Beekman's office and have conversation about a check?"

(Former State Trooper William L. Dickman had testified he was "paid" $2,500 by the late Azariah Beekman, former prosecutor, to "skip" the state after he (Dickman) had conducted a long investigation of the murders).

"I never met Dickman and never was in Beekman's office in my life," said Carpender.

"That's all," said Simpson.

High School Grid Team and Others At Turkey Dinner

Members of the high school football team and school officials were guests of the High School Athletic association at a turkey dinner in the Larkins' annex, Market street, at 6 o'clock last night. Places were arranged for 50 guests.

Superintendent of Schools C. S. McVay was toastmaster. Talks were made by Coach George Kidder, Richard Larkins, captain of the team, and School Board Member George Wilhelm, D. F. White, R. B. Stevenson and F. T. Weaver.

Colin Kinsey, Jr., 6, Fractures Leg In Football Game

Colin, Jr., 6, son of Dr. and Mrs. Colin Kinsey, Bradshaw avenue, fractured his right leg between the ankle and knee, when tackled by another boy while playing football during a visit with his grandmother, Mrs. W. C. Kinsey, Lincoln highway, at noon yesterday.

He was removed to the City hospital where the fracture was reduced by Dr. M. D. McCutchcon. Later he was taken to his home.

The lad is a first grade pupil at the McKinley school.

MOTORIST FACES COURT MONDAY

J. B. McKay, nightwatchman at a River Road pottery, was arrested by Patrolman Norman McFarland on St. George street at 6:30 o'clock last night, charged with driving an automobile while intoxicated.

McKay was taken into custody shortly after he is alleged to have crashed into two parked automobiles while traveling east on St. George street. He will face Municipal Judge Hanley Monday morning.

54 Dead in Storm

construct telephone and telegraph wires through the storm-torn area disrupted by the freakish twister which swept the state Thursday and last night.

Apparently two twisters struck, one starting near Heber Springs and traveling southeastward to Sheridan, and the other striking first near Belleville in Yell county and sweeping almost east to Sheridan and thence to Moscow.

The death toll by towns was listed as follows:

Heber Springs, 15.
Moscow 8.
Oppello 5.
Sheridan 1.

The storm struck without warning. A few minutes later 14 blocks of the residential district in Heber Springs had been laid in ruins. Several fires started but the heavy rain following the storm extinguished them.

Oklahoma Reports Victims.

Reports received here from southern Missouri and Oklahoma added 10 more to the list of dead, making 39 in all that met death in the storm.

The dead at Heber Springs:

Roy Morris, wife and baby; Ivan Parker, wife and two brothers, Lee and Billy; Mrs. O. C. Woodson, Mrs. M. L. Rambo; John Jones and wife; Ralph Wiggs and wife; Mrs. R. M. Sayes, wife of Rev. Sayes and baby of H. C. Riggle.

The dead at Oppello in Conway county:

Mr. and Mrs. Jacob Stafford and daughter, Nettie; Mrs. J. W. Jones and son, James.

The dead at Sheridan:

Topsy Lybrand, 10, a twin.

The names of the dead at Moscow have not been learned as communication with that town had not been established.

Million Dollar Property Damage.

Property damage, estimated all told at near the million dollar mark, was extensive over a wide area. From Frederick, Okla., in the southwest portion of the state, to Rolla, Mo., the storm skipped along and struck here and there, wiping out whole villages and destroying lives and property.

ROLLA, Mo., Nov. 26—Sweeping a path two miles wide, a tornado struck about five miles southeast of here last night, demolishing the Fairview school house, killing livestock and ripping away barns and homes, according to word received today.

The storm then took a northeasterly direction to Kob View, where the Frisco railroad station was blown down and other property damage reported.

GANGSTER GUNS KILL ONE AND WOUND FOUR

Five Chicagoans are Shot Down on Street.

FIRE FROM AUTO

Home of Another Riddled in Beer Runners' War.

CHICAGO, Nov. 26.—Gangster machine guns spat again today, killing Joseph Di Salvo and probably fatally wounding James Debrisco.

Both were walking home when a heavy limousine slowed down sweeping the street around them with a deadly hail.

When Di Salvo fell, mortally wounded, the car gathered speed and suddenly disappeared.

Di Salvo and Dabrisco arrived from Italy only a few months ago. Debrisco could give no motive for the attack.

No witnesses could be found.

The home of Joseph Parrillo was riddled.

Another Man is Dying.

As a result of another gang flare-up, Thomas and Charles O'Donnell are lying wounded in a hospital.

The two wounded men are brothers of Edward "Spike" O'Donnell, leader of a powerful South Side beer running syndicate, and themselves members and co-leaders of their brother's gang.

The brothers were fired upon from a closed automobile as they stood in front of a poolroom on South Ashland avnue. One other man, Clarence Barrett, an alleged beer runner, was also wounded. He probably will die, physicians declared. The O'Donnell brothers are expected to recover.

Although the wounded men are believed to have recognized their assailants, they observed the traditional ethics of gangland and refused to give any information to police. The latter were inclined to blame the Saltis-McErlane combine, rivals of the O'Donnell gang, for the shooting.

WOMAN IS RUN DOWN BY AUTO

Mrs. Maria Petty, 66, 337 Riverside avenue, Wellsville, suffered a fracture of her right leg when struck by an automobile driven by James Monroe, barber, at the intersection of East Sixth street and St. Clair avenue at 7:30 o'clock last night.

The woman was removed to the City hospital where she was attended by Drs. W. A. Hobbs, of East Liverpool, and J. M. King, of Wellsville. Patrolman Norman McFarland, who investigated the accident, ordered Monroe to appear before Municipal Judge Hanley, today. However, no charges have been filed.

Mekka Sanctorum Members to Visit Youngstown Lodge

Members of Mekka Sanctorum, No. 231, Ancient Mystic Order of Samaritans, will go to Youngstown Saturday evening to attend a special meeting called by Murad Sanctorum, No. 198.

The delegation will leave East Liverpool at 6 o'clock, the trip being made in automobiles. Reservations should be made not later than tonight.

Several Lives Lost In Gasoline Blast On Danube River

LONDON, Nov. 26.—A number of lives were lost and the surrounding countryside was rocked by the explosion today of 200 carloads of gasoline standing at a station on the quay at Romandan, (Roumania) on the Danube river.

The extent of property damage resulting had not been ascertained, but it was known to be large.

The cause of the explosion had not been determined.

QUEEN MARIE is a valiant sightseer. The last thing she did, after having traveled all around America, and just before her sailing for home, was to sail all around New York city on a Standard Oil tug, fixed up as a royal yacht.

Mr. Teagle, president of Standard Oil, acted as showman, pointing out the sights.

He might have said, but probably didn't, "Queen, the tug you are traveling on belongs to an American oil octopus that was chopped up some years ago because people thought it was worth a billion dollars and had grown too big. Now each of three of the little pieces is worth a billion all by itself."

Victor H. Smith, 8-year-old son of Mr. and Mrs. Charles Smith, died yesterday in the home, 337 Ray street, after an illness of scarlet fever.

Funeral services were held this afternoon in charge of Rev. Frank G. Fowler, D. D.; pastor of the First Methodist Episcopal church. Burial was made in Riverview cemetery.

Cleveland Prowler Is Shot to Death During Gun Battle

CLEVELAND, O., Nov. 26.—Herbert Cuff, 30, negro, convicted several times as a highway robber, was shot and killed here early this morning by Marvin Grays during a gun battle.

Mrs. Grays, returning from a holiday party, was accosted by the negro as she entered her home. She screamed and her husband ran to her aid. The negro fired at Grays and fled. The former secured a shotgun and pursued the prowler.

When overtaken Cuff fired at Grays who returned the shot, killing the negro. On the latter's person was found watches and other valuables taken earlier in the night from several victims who have identified Cuff as having held them up.

TWO MEN HELD FOR FIGHTING

Joseph Fyan, Wellsville, and "Harp" Conkle, of East Liverpool, were arrested in a Broadway dance hall by Captain of Police Conley last night, charged with disorderly conduct by fighting. Conkle was fined $10 and costs by Municipal Judge Hanley, while Ryan posted $25 bond for his appearance for trial Monday morning.

Preston Smith will also face Judge Hanley Monday morning upon a charge of fast and reckless driving. Police obtained the automobile number on Smith's car, for an alleged violation which is said to have occurred last Monday.

LAWYERS BATTLE OVER STORY OF "LOAN" TO FALL

JURY EXCUSED AS ATTORNEYS ARGUE ON LAW

Government Seeks to Submit Doheny's Statement.

CITE PRECEDENTS

Defense Counsel Says Admission is Contrary to Statutes.

By George E. Durno.

WASHINGTON, Nov. 26.—Citing obscure legal cases of the past and delving deep into the statutes governing court procedure, opposing counsel help up the conspiracy trial of Albert B. Fall, former secretary of the interior, and E. L. Doheny, millionaire oil operator, for nearly the entire morning today as they battled over the admissibility of Doheny's own story of the $100,000 "loan" to Fall, as recited three years ago to a senate investigating committee.

Owen J. Roberts, government counsel, is banking heavily on getting the stenographic report of Doheny's statement before the jury, and Frank J. Hogan, for the defense, is equally insistent that its admission is contrary to law.

Roberts addressed the court for more than an hour, arguing his right to produce the testimony on the strength of numerous precedents.

Hogan followed with an equally imposing array of precedents. Meanwhile the jury was excused from the court room.

Awaits Trial on Murder Count.

Carpender had denied the statement of Mrs. Jane Gibson, the state's star witness, that he was at the scene of the murder on the night of Sept. 14, 1922. He is a fourth defendant on the murder charge, but is not now on trial. He is to be tried later.

Mr. Carpender's testimony is excluded," said Judge Parker, "because no direct testimony was given at this trial that placed him at the scene of the crime.

"Anything he testified to along this line is therefore irrevalent."

It was not a question of whether Carpender is a competent witness, the judge explained, but a question as to along what lines he should be permitted to testify.

Resumes Witness Stand.

The sleek, well groomed Carpender, rather bald with closely clipped moustache, then resumed the witness stand.

Clarence Case, of defense counsel, questioned Carpender.

"Did you at any time on Sept. 14, 1922, or Sept. 15, communicate with either Mrs. Hall or Henry or Willie Stevens?" he asked.

"No."

"Where were you Sept. 16?"

"In New York attending my business as usual."

"Were you at the residence of Mrs. Hall that morning at 10:45?"

"I was not there at any time that morning."

"Did you remove any boxes containing papers from the house to an automobile?"

"Never."

(Witnesses for the state had testified he did.)

Witness Cross-examined.

Prosecutor Alexander Simpson took Carpender over for cross-examination.

"Did you in December, January, February or March meet a trooper by the name of Dickman in prosecutor Beekman's office and have conversation about a check?"

(Former State Trooper William L. Dickman had testified he was "paid" $2,500 by the late Azariah Beekman, former prosecutor, to "skip" the state after he (Dickman) had conducted a long investigation of the murders).

"I never met Dickman and never was in Beekman's office in my life," said Carpender.

"That's all," said Simpson.

High School Grid Team and Others At Turkey Dinner

Members of the high school football team and school officials were guests of the High School Athletic association at a turkey dinner in the Larkins' annex, Market street, at 6 o'clock last night. Places were arranged for 50 guests.

Superintendent of Schools C. S. McVay was toastmaster. Talks were made by Coach George Kidder, Richard Larkins, captain of the team, and School Board Member George Wilhelm, D. F. White, R. B. Stevenson and F. T. Weaver.

Colin Kinsey, Jr., 6, Fractures Leg In Football Game

Colin, Jr., 6, son of Dr. and Mrs. Colin Kinsey, Bradshaw avenue, fractured his right leg between the ankle and knee, when tackled by another boy while playing football during a visit with his grandmother, Mrs. W. C. Kinsey, Lincoln highway, at noon yesterday.

He was removed to the City hospital where the fracture was reduced by Dr. M. D. McCutchcon. Later he was taken to his home.

The lad is a first grade pupil at the McKinley school.

MOTORIST FACES COURT MONDAY

J. B. McKay, nightwatchman at a River Road pottery, was arrested by Patrolman Norman McFarland on St. George street at 6:30 o'clock last night, charged with driving an automobile while intoxicated.

McKay was taken into custody shortly after he is alleged to have crashed into two parked automobiles while traveling east on St. George street. He will face Municipal Judge Hanley Monday morning.

54 Dead in Storm

(Continued on Page Eight.)

construct telephone and telegraph wires through the storm-torn area disrupted by the freakish twister which swept the state Thursday and last night.

Apparently two twisters struck, one starting near Heber Springs and traveling southeastward to Sheridan, and the other striking first near Belleville in Yell county and sweeping almost east to Sheridan and thence to Moscow.

The death toll by towns was listed as follows:

Heber Springs, 15.
Moscow 8.
Appello 5.
Sheridan 1.

The storm struck without warning. A few minutes later 14 blocks of the residential district in Heber Springs had been laid in ruins. Several fires started but the heavy rain following the storm extinguished them.

Oklahoma Reports Victims.

Reports received here from southern Missouri and Oklahoma added 10 more to the list of dead, making 39 in all that met death in the storm.

The dead at Heber Springs:

Roy Morris, wife and baby; Ivan Parker, wife and two brothers, Lee and Billy; Mrs. O. C. Woodson, Mrs. M. L. Rambo; John Jones and wife; Ralph Wiggs and wife; Mrs. R. M. Sayes, wife of Rev. Sayes and baby of H. C. Riggle.

The dead at Oppello in Conway county:

Mr. and Mrs. Jacob Stafford and daughter, Nettie; Mrs. J. W. Jones and son, James.

The dead at Sheridan:

Topsy Lybrand, 10, a twin.

The names of the dead at Moscow have not been learned as communication with that town had not been established.

Million Dollar Property Damage.

Property damage, estimated all told at near the million dollar mark, was extensive over a wide area. From Frederick, Okla., in the southwest portion of the state, to Rolla, Mo., the storm skipped along and struck here and there, wiping out whole villages and destroying lives and property.

ROLLA, Mo., Nov. 26—Sweeping a path two miles wide, a tornado struck about five miles southeast of here last night, demolishing the Fairview school house, killing livestock and ripping away barns and homes, according to word received today.

The storm then took a northeasterly direction to Kob View, where the Frisco railroad station was blown down and other property damage reported.

GANGSTER GUNS KILL ONE AND WOUND FOUR

Five Chicagoans are Shot Down on Street.

FIRE FROM AUTO

Home of Another Riddled in Beer Runners' War.

CHICAGO, Nov. 26.—Gangster machine guns spat again today, killing Joseph Di Salvo and probably fatally wounding James Debrisco.

Both were walking home when a heavy limousine slowed down sweeping the street around them with a deadly hail.

When Di Salvo fell, mortally wounded, the car gathered speed and suddenly disappeared.

Di Salvo and Dabrisco arrived from Italy only a few months ago. Debrisco could give no motive for the attack.

No witnesses could be found.

The home of Joseph Parrillo was riddled.

Another Man is Dying.

As a result of another gang flare-up, Thomas and Charles O'Donnell are lying wounded in a hospital.

The two wounded men are brothers of Edward "Spike" O'Donnell, leader of a powerful South Side beer running syndicate, and themselves members and co-leaders of their brother's gang.

The brothers were fired upon from a closed automobile as they stood in front of a poolroom on South Ashland avnue. One other man, Clarence Barrett, an alleged beer runner, was also wounded. He probably will die, physicians declared. The O'Donnell brothers are expected to recover.

Although the wounded men are believed to have recognized their assailants, they observed the traditional ethics of gangland and refused to give any information to police. The latter were inclined to blame the Saltis-McErlane combine, rivals of the O'Donnell gang, for the shooting.

WOMAN IS RUN DOWN BY AUTO

Mrs. Maria Petty, 66, 337 Riverside avenue, Wellsville, suffered a fracture of her right leg when struck by an automobile driven by James Monroe, barber, at the intersection of East Sixth street and St. Clair avenue at 7:30 o'clock last night.

The woman was removed to the City hospital where she was attended by Drs. W. A. Hobbs, of East Liverpool, and J. M. King, of Wellsville. Patrolman Norman McFarland, who investigated the accident, ordered Monroe to appear before Municipal Judge Hanley, today. However, no charges have been filed.

Mekka Sanctorum Members to Visit Youngstown Lodge

Members of Mekka Sanctorum, No. 231, Ancient Mystic Order of Samaritans, will go to Youngstown Saturday evening to attend a special meeting called by Murad Sanctorum, No. 198.

The delegation will leave East Liverpool at 6 o'clock, the trip being made in automobiles. Reservations should be made not later than tonight.

Several Lives Lost In Gasoline Blast On Danube River

LONDON, Nov. 26.—A number of lives were lost and the surrounding countryside was rocked by the explosion today of 200 carloads of gasoline standing at a station on the quay at Romandan, (Roumania) on the Danube river.

The extent of property damage resulting had not been ascertained, but it was known to be large.

The cause of the explosion had not been determined.

THE VALUE of exchange seats shows that it is better to buy and sell things than to make them. You know how cotton growers feel just now. In some places cotton isn't worth picking.

Yesterday in New York a seat on the Cotton exchange sold for $2,000 more than the last previous sale. Whether cotton stocks sell high or low, the intelligent broker makes his profit.

QUEEN MARIE is a valiant sightseer. The last thing she did, after having traveled all around America, and just before her sailing for home, was to sail all around New York city on a Standard Oil tug, fixed up as a royal yacht.

Mr. Teagle, president of Standard Oil, acted as showman, pointing out the sights.

He might have said, but probably didn't, "Queen, the tug you are traveling on belongs to an American oil octopus that was chopped up some years ago because people thought it was worth a billion dollars and had grown too big. Now each of three of the little pieces is worth a billion all by itself."

REPORTS FROM STOCK MARKETS

NEW YORK, Nov. 26.—The motor stocks and the local tractions were the leaders in a moderate advance in speculative stock prices at the beginning of trading today.

Mack Trucks and Hudson were the leaders, Mack advancing to above par for the first time since its decline to 89½. Hudson reached 47⅝.

Speculative interest was also continued in the local traction stocks, with Interboro and Brooklyn Manhattan Transit leading the way to higher prices. General Asphalt's brisk rally to 84¼ was without effect on the oil stocks, which, however, were inactive rather than weak. Standard Oil of New Jersey was reactionary, declining to 37¾, against Saturday's close of 41, in which must be considered about 2½ points for rights and dividends, making the net loss 1½ points. Shell Union failed to respond to its special dividend. Nickel Plate rails were slightly reactionary with Chesapeake & Ohio down 2. Call money 4½ per cent.

finally set November 26 for the execution. In November 16 the supreme court rejected Ross' application for a further review of the case.

Ross' counsel contended the youth was under 18 when he was tried the first time, and that the case should have been heard in the juvenile court. Ross, according to his testimony at his trial, went to the Steeck confectionery with Young, charging Young planned the attempted holdup and gave the gun to Ross. When Steeck failed to comply with the command, "Hands up," he was shot and instantly killed.

BANK TELLER IMPLICATED IN $14,000 RAID

Robbery of Cleveland Institution Cleared, Police Say.

FOUR MEN HELD

"Al" White and Three Companions are Under Arrest.

CLEVELAND, O., Nov. 26.—The robbery of the Grafton Bank and Savings company, April 4, 1925, was cleared up here today, police declared, as they held "Al" White and three companions. Charges of robbing the institution were to be filed later today, police said.

Three men, alleged by Inspector of Detectives Cornelius Cody to have aided in the robbery of the Grafton Bank and Savings company, were charged with robbery here today.

They are: Norman Cannon, 29, teller of a Cleveland bank; Edward J. Atkins, 27, mechanic, and Haridan Frost, 23.

White will not be charged until Cody learns details from him concerning two other robberies, which the suspect is believed to have planned.

The bank teller is alleged to have furnished White with the gun which the latter used in staging the hold-up. Later he exchanged new bills for the proceeds of the robbery, in order to destroy clues, the police declare.

White, in an alleged confession which officials say was made to them today, has also implicated Joseph Sojack and Russell Sands, now serving sentences in the Mansfield reformatory for automobile thefts, as having participated in the Grafton and North Olmsted bank robberies.

White escaped from the Mansfield institution August 22 where he also was serving a term for stealing an automobile, the officers said.

FIREMEN BUSY ON THANKSGIVING

Four alarms were answered by the fire department over Thanksgiving day.

Damage, estimated at $200 was done to the home of A. Collins, Cadmus street, at 6:35 o'clock last night. The blaze started, firemen said, from a rubber hose connection on a cook stove. The interior of the kitchen and dining room was damaged.

Home of Edward Grafton, Dresden avenue, was slightly damaged by fire Wednesday evening.

A call was received from the home of Charles Surles, Seventh street, Thursday afternoon, when a lead connection on a stove melted and broke. There was no damage.

The other call was due to a grass fire on upper Bank street last evening.

Woman is Snatched From Death Jaws as Train Wrecks Auto

Mrs. John H. Swin, Washingtonville, was virtually snatched from the jaws of death at 9:30 o'clock this morning just before a westbound Fort Wayne division passenger train crashed into her stalled automobile at the Chestnut street crossing in Leetonia.

Mrs. Swin, who recently removed to Columbiana county from Detroit, was driving an Essex coach when the machine stopped on the crossing. She was paralyzed with fear when she noticed the oncoming train.

James Barrett, crossing watchman, and Thomas Holland and Patrick Hannan, bystanders, realizing the woman's plight pulled her from the car a few seconds before the automobile was reduced to wreckage by the speeding locomotive.

BROOKES FILES EXCEPTIONS TO WELLSVILLE CASE RULE

BRIBERY TRIAL OPINION TEXT IS ANNOUNCED

Prosecutor Acts in Carbicella and Fusco Charges.

DEFENSE SCORES

Judge W. H. Spence Orders Second Hearing.

Exceptions have been filed by Prosecuting Attorney R. M. Brookes to the ruling handed down by Judge W. H. Spence in common pleas court granting the defense motion for a new trial in the case of Rocco Carbicella and Frank Fusco, of Wellsville, convicted by a jury recently of attempting to bribe Sheriff George Wright. Whether the fight will be carried to the appellate court has not been determined.

The complete text of Judge Spence's opinion follows:

"There has been a motion filed for a new trial in the case of Rocco Carbicella and Frank Fusco. The defendants in this case were indicted on the sixteenth day of September, 1926. The indictment is somewhat anomalous in its form, and which reads as follows:

"The jurors of the grand jury of said county, on their oaths, in the name by the authority of the State of Ohio, do find and present that George Wright late of said county, on the sixteenth day of September, in the year of our Lord, one thousand nine hundred and twenty-six, at the county of Columbiana aforesaid, was then and there the sheriff of said county, duly elected, qualified and serving as such and sworn to discharge and perform the duties of said office; that on the said sixteenth day of September, Rocco Carbicella and Frank Fusco, late of said county, at Lisbon, in said county, unlawfully, fraudulently and corruptly did directly give to the said George Wright, sheriff as aforesaid, certain money, to-wit the sum of three hundred and ninety dollars, $390), with intent then and there to procure and influence the said George Wright as sheriff aforesaid, in favor of Nick Scaccuto and Joe Fusco, then and there confined in the jail of said county and charged with a capital offense, to-wit, with the crime of murder, then and there awaiting action by the grand jury of said Columbiana county, Ohio."

"This indictment was returned under Section 12823 of the General Code of Ohio, which reads:

"Whoever corruptly gives, promises or offer to a member or officer of the general assembly, or of either house thereof, or to a state, judicial or other officer, public trustee, or an agent or employe of the state of such officer or trustee, either before or after his election, qualification, appointment, or employment, any valuable thing, or corruptly offers or promises to do any act beneficial to such person to influence him with respect to his official duty, or to influence his action, vote, opinion or judgment, in a matter pending, or that might legally come before him, and whoever, being a member of the general assembly, or a state or other officer, public trustee, agent or employe, of the state or of such officer or trustee, either before or after his election, qualification appointment or employment."

This is the last part of it—is the part of it with reference to soliciting a bribe. The first part of the section which I have just read provided for the giving of a bribe.

"Now, it is true that there are a number of decisions in Ohio, I believe practically all by the lower courts, in regard to the indictment of members of the legislature of Ohio.

"I say these cases all contain copies of indictments which have been returned against members of the legislature of Ohio. That is, most of these cases that are referred to here. There are some indictments which were certainly loosely drawn, and which were affirmed by the court and allowed to stand. But in all of those cases which I have examined there was sufficient indictment to show the purpose for which the money was given. Now, the question in this case is—or one of the questions—whether or not there is anything in this indictment to show the purpose for which this money was given if it was given as a bribe. As I said, the indictment provided they are to procure and influence the said George Wright as sheriff aforesaid in favor of Nick Saccuto and Joe Fusco, then and there confined in the jail of said county and charged with a capital offense, towit, "and so forth.

"Now, in a more recent decision of the supreme court of Ohio, in the case of the State of Ohio against Davis, found in the nintieth Ohio State, at page 100, the syllabus of this case reads:

" 'Where an indictment charges the solicitation of a bribe, it is necessary for the state to plead and prove the specific corrupt intent required by the statutem towit, 'to influence him with respect to this official duty action, vote,' etc."

"Now, the second syllabus reads:

" 'In proving such corrupe intent other similar offenses tending to show the corrupt course of dealing of a public official may be shown as tending to prove the specific corrupt intent charged in the indictment."

"Now, it is true this case is an action for soliciting a bribe. The provision of the stature providing for the giving of a bribe. And I presume that practically the same rule would apply in regard to the formation of the indictment and the requirements of what shall be contained in that indictment.

"Judge Wanamake, on page 103 of this case, says:

" 'The language of the indictment pertaining to the question here involved is as follows: 'That S. A. Davis, on or about the 3rd day of August, 1909, unlawfully and corruptly did solicit from one E. H. Townsend--$300.00 for the purpose and with the intent to influence him, the said S. A. Davis, county commissioner aforesaid, with respect to his official duty, action, vote and opinion in a certain matter, towit, the purchase of certain roadmaking machinery,' etc.

"The very nature and necessity of public official and public service, demand that the state of Ohio shall have the advantage of the most liberal construction of the rules of evidence in making its proof of guilt. The competency of other similar offenses to show guilty knowledge, corrupt intent, criminal plan, design or system upon the part of the defendant, is very fully considered in a recent case decided by this court."

"At the trial of this case the court permitted the state to introduce evidence to an occurrence a short time before the time of the claimed giving of this bribe. That was in regard to certain money which was given by these defendants to the sheriff. So that that was in line with the decision of this case,—permitting some other offense, if that was an offense, to offer or give the money.

"It is a well settled rule that where the crime involves a specific intent, such as forgery, obtaining money or property under false pretense, and embezzlement, where a specific intent is made a part of the offense, that in such case other and similar offenses not too remote may be procem to show the intent charged."

"That was the purpose of the court in permitting the state in this case to introduce evidence in regard to a formal offer on the part of these defendants to give the money to the sheriff.

"Again Judge Wanamaker says on page 105:

" 'Now in the case at bar the state of Ohio needed to prove, among other things:

1. That the defendant, Davis, solicited, asked or requested a bribe.
2. For the purpose and with the intent to influence him, the said Davis.
3. With respect to his official duty, action, vote and opinion in a certain matter.

"Here we have a specific purpose and intent that the state must prove. And also that the act was to influence the defendant as to his action and vote upon certain public contracts. If, now, after the contract has been entered into and consummated, the other party were to make Davis a present or gift of some valuable thing which had in nowise been in contemplation of Davis when he officially acted, in nowise referred to or suggested in the course of the negotiations, while such conduct would be morally reprehensible, clearly it would not of itself be sufficient evidence to convict of the charge of soliciting a bribe."

"Now, as to the duties of the sheriff, it is admitted in this case that—I might read further in this opinion.

" 'So that it becomes highly important and essential for the state to prove the specific purpose and intent charged in the indictment.'

"Now, at the trial of this case the sheriff testified to the circumstances under which certain money was given to him. He testified that the money was handed to him by Rocco Carbicella, that at the time the money was handed to him, he inquired with whom he was dealing and asked Rocco Carbicella if he was furnishing a part of the money and asked the defendant, Frank Fusco, if he was furnishing a part of the money; and they each answered that they were furnishing a part of the money and that the sheriff was dealing with them. Now, the sheriff testified that after some conversation there was $390.00 turned over by these defendants to him; that at the time that this money was turned over, he asked them for what purpose he was receiving this money, and I believe it was Frank Fusco who first said, "You know that Joe is in jail." Rocco Carbicella said, "Nick Scaccuto is in jail, and we want you to lay off in this case."

"Whatever it was he said either to 'lay off in this case,' or "lay off in the murder,' was the purpose for which they were giving him this money.

"Now, Webster's dictionary says that 'lay off' means to cease work temporarily.

"Now, there is no evidence in this case that there was anything said at the time that this money was paid as to what these defendants meant by the words 'lay off.' So that we will have to assume that the words were used in the ordinary meaning of those words. And the ordinary meaning, as I have said, according to Webster's dictionary, is to cease work temporarily.

"Now, there was no evidence in this case that the sheriff had any knowledge in regard to the crimes that were charged against Joe Fusco and Nick Scaccuto.

"There was no evidence that he was in collusion [illegible] any evidence which he had or knew against these parties.

"It is true that the sheriff has the duties of a general police officer. It is the duty of the sheriff, when a crime has been committed in this county, I apprehend, to investigate that crime and to bring the parties to justice. He has a general duty as a sheriff to look after and to protect the people of his county. But in this case at the time this bribery is alleged to have been given, these parties, who were the only parties mentioned in connection with the giving of this money, that is, Joe Fusco and Nick Scaccuto—there was no testimony offered at the trial that the sheriff knew or was investigating charges against any other person than the two mentioned at the time.

"After a man is arrested and placed in jail the sheriff has the duty of the custody of that prisoner. It is his duty to give him humane treatment, even though he is a prisoner. It is his duty to care for him while he is in the jail. It is his duty to safely keep that prisoner. Further than that—after a man is arrested and put in jail there is no statute in Ohio that I have found or that has been called to my attention providing that there is any other duty imposed upon the sheriff than to take care of his prisoner while in his custody. The Prosecuting Attorney has argued at considerable length the question of the general duties of the sheriff. There is no question but what a sheriff is a conservator of the peace and it is his duty to protect the people of his county so far as it is within his power to do that. But there is no statute in Ohio, so far as I know, that makes the sheriff a detective; that places upon the sheriff the duty of investigating after the criminal has been placed in jail."

This he called attention of the Prosecuting Attorney to the duties of the sheriff after a man has been placed in jail. My attention has not been called to any law or any statute in Ohio which provides that it is the duty of the sheriff to look up the evidence in a case."

"We have been going on now in our neighboring county of Stark quite a display of the enforcement of the law against certain parties in that county. We know that in Stark county the sheriff is not the investigating officer in the Mellett murder. We know that the prosecuting attorney of that county has employed detectives, which detectives are making the investigation in regard to the commission of that crime. Now, as stated by the prosecuting attorney in his argument, the statutes of Ohio provide a fund which shall be turned over to the prosecuting attorney, as I understand it, for the purpose of investigating the commission of crime."

"Now, this court will not go further into the exceptions which have been filed here other than to say that there are no other grounds set forth in the motion for a new trial on which the court would disturb this verdict but upon the two questions—the question in regard to the indictment in this case and upon the question in regard to the duty of a sheriff after a man has been arrested and put in jail, and this court is not satisfied that there is any duty imposed upon the sheriff to go out as a detective and investigate that crime, and for these reasons the verdict in this case will be set aside and a new trial granted."

L. J. Michaels Weds Mrs. Hazel Kelly; Will Reside Here

Announcement was made here today of the marriage of Mrs. Hazel D. Kelly, daughter of Mr. and Mrs. W. R. Donaldson, of 1900 Buckeye avenue, to L. J. Michaels, of this city, which was solemnized yesterday by the bride's brother, Rev. G. K. Donaldson, pastor of the Free Methodist church, Critersville, O., and Rev. R. W. Ustick, pastor of the First United Presbyterian church, this city.

The bride has been employed in the office of the Standard Pottery Co., East Liverpool. Mr. Michales is chief clerk at the twenty-first street yard office of the Pennsylvania railroad.

Following a wedding dinner Mr. and Mrs. Michaels left on a trip to Cleveland. On their return they will reside at 1902 Buckeye avenue.

400 Attend Union Thanksgiving Services at Methodist Church

Appropriate Sermon is Delivered by Rev. L. E. Lee, Pastor Christian Church; Music Club Sings.

Over 400 attended the union Thanksgiving services yesterday morning in the First Methodist Episcopal church.

The sermon was delivered by Rev. L. E. Lee, pastor of the First Christian church. Rev. Lee referred to the days of Jerusalem when the once powerful city was destroyed by God because of its lack of respect for the Almighty and pointed out that even though our own country now is the outstanding nation of the world its citizens should not forget to be thankful to the Supreme Power.

Prayer was offered by Rev. F. H. Magill, pastor of the First Presbyterian church, Rev. K. J. Stewart, pastor of the Yellow Creek Presbyterian church, pronounced the benediction.

The meeting was in charge of Rev. W. S. Rowe, pastor of the Methodist Episcopal church.

The following selections from the Wellsville Music club's recent cantata, "Praise and Thanksgiving," by Carrie Adams, were given:

"The Lord is My Shepherd,"—by the club; "O, Hear Us for Our Native Land,"—solo, Mrs. L. Alva and chorus; "America," by the congregation.

"Reconciliation" is Theme of Address by Evangelist H. A. Frye

Rev. H. A. Frye preached to a large audience at the Evangelical church revival services last night, discussing the subject, "Reconciliation." Tonight Rev. Frye will speak on, "The Greatest Old Testament Question."

The theme of the evangelist's talk last night was taken from Corinthians: "Therefore if any man be in Christ, he is a new creature; old things are passed away; behold, all things are become new, etc."

"He said: "Do you think that if Jesus Christ were standing here on this platform he would say it is right for people to indulge in worldy pleasures such as the public dance, such as picture shows? If not, then we have no right to say it.

"If we do not like the preaching of the pure gospel, then there is proof of carnality. The ministry of reconciliation was looked upon as a sacred thing by the Apostle Paul.

"Three things are implied by way of introduction. First, humanity is in a way separated from God. There has been a disruption, an estrangement in man's relation to God. Second, God loved the world even though steeped in sin. Third, God's love, if it is to accomplish what God intended, must be expressed, interposed by supernatural power.

"Man was once holy. God made him such. He could not make him any other way. All creation was pronounced good. God said, 'Let us make man in our own image.' This could not mean the physical image, for God is spirit. Therefore He made him spiritual in His own image. Holiness never communed with unholiness. Man and God communed together and walked together back in the Garden of Eden. There was real fellowship. Can we walk together except they be agreed?

"The holy communion back in Eden did not last long. Man must have fallen, for we find from holy writ that the imagination of man's hearts is to do evil continually. Your son may be a good boy but if he has not been saved he is lost. In the words of Billy Sunday, 'God have mercy for you fathers and mothers who let the kids rule the home.'

"It was a sad parting of Adam with God when he was driven from the garden. It meant spiritual death for God said he will surely die.

JOSEPH YOUNG, 50, KILLED ON HUNTING TRIP

Jewett Man Brother of John Young of Wellsville.

SHOT IN CHEST

Gun Discharged as He Picked it Up From Ground.

Joseph Young, 50 years old of Jewett, Jefferson county, a brother of John Young, this city, was killed Wednesday when his shotgun was accidentally discharged while he was on a hunting trip.

Young, it is said, received the full charge of the gun in his chest and abdomen.

Young, with two companions, Joe Rowland and James Baker, was hunting coon on the farm of Abraham Bush. He had leaned his gun against a log or stump when the hunt was over and had started home without it. After going about a hundred yards he missed the gun and went back for it. His two companions heard the gun discharged and after a short wait went back to investigate. They found Young upon the ground, dead.

Funeral services will be held in Jewett on Saturday afternoon at two o'clock.

He is survived by his widow, and two brothers: John Young of Center street, Wellsville and Robert of Hammondsville.

BROOKES FILES EXCEPTIONS TO WELLSVILLE CASE RULE

BRIBERY TRIAL OPINION TEXT IS ANNOUNCED

Prosecutor Acts in Carbicella and Fusco Charges.

DEFENSE SCORES

Judge W. H. Spence Orders Second Hearing.

Exceptions have been filed by Prosecuting Attorney R. M. Brookes to the ruling handed down by Judge W. H. Spence in common pleas court granting the defense motion for a new trial in the case of Rocco Carbicella and Frank Fusco, of Wellsville, convicted by a jury recently of attempting to bribe Sheriff George Wright. Whether the fight will be carried to the appellate court has not been determined.

The complete text of Judge Spence's opinion follows:

"There has been a motion filed for a new trial in the case of Rocco Carbicella and Frank Fusco. The defendants in this case were indicted on the sixteenth day of September, 1926. The indictment is somewhat anomalous in its form, and which reads as follows:

"The jurors of the grand jury of said county, on their oaths, in the name by the authority of the State of Ohio, do find and present that George Wright late of said county, on the sixteenth day of September, in the year of our Lord, one thousand nine hundred and twenty-six, at the county of Columbiana aforesaid, was then and there the sheriff of said county, duly elected, qualified and serving as such and sworn to discharge and perform the duties of said office; that on the said sixteenth day of September, Rocco Carbicella and Frank Fusco, late of said county, at Lisbon, in said county, unlawfully, fraudulently and corruptly did directly give to the said George Wright, sheriff as aforesaid, certain money, to-wit the sum of three hundred and ninety dollars, $390), with intent then and there to procure and influence the said George Wright as sheriff aforesaid, in favor of Nick Scaccuto and Joe Fusco, then and there confined in the jail of said county and charged with a capital offense, to-wit, with the crime of murder in the first degree said matter being then and there awaiting action by the grand jury of said Columbiana county, Ohio."

"This indictment was returned under Section 12823 of the General Code of Ohio, which reads:

"Whoever corruptly gives, promises or offer to a member or officer of the general assembly, or of either house thereof, or to a state, judicial or other officer, public trustee, or an agent or employe of the state of such officer or trustee, either before or after his election, qualification, appointment, or employment, any valuable thing, or corruptly offers or promises to do any act beneficial to such person to influence him with respect to his official duty, or to influence his action, vote, opinion or judgment, in a matter pending, or that might legally come before him, and whoever, being a member of the general assembly, or a state or other officer, public trustee, agent or employe, of the state or of such officer or trustee, either before or after his election, qualification appointment or employment."

This is the last part of it—is the part of it with reference to soliciting a bribe. The first part of the section which I have just read provided for the giving of a bribe.

"Now, it is true that there are a number of decisions in Ohio, I believe practically all by the lower courts, in regard to the indictment of members of the legislature of Ohio.

"I say these cases all contain copies of indictments which have been returned against members of the legislature of Ohio. That is, most of these cases that are referred to here. There are some indictments which were certainly loosely drawn, and which were affirmed by the court and allowed to stand. But in all of those cases which I have examined there was sufficient indictment to show the purpose for which the money was given. Now, the question in this case is—or one of the questions—whether or not there is anything in this indictment to show the purpose for which this money was given if it was given as a bribe. As I said, the indictment provided they are to procure and influence the said George Wright as sheriff aforesaid in favor of Nick Saccuto and Joe Fusco, then and there confined in the jail of said county and charged with a capital offense, towit, "and so forth.

"Now, in a more recent decision of the supreme court of Ohio, in the case of the State of Ohio against Davis, found in the nintieth Ohio State, at page 100, the syllabus of this case reads:

"'Where an indictment charges the solicitation of a bribe, it is necessary for the state to plead and prove the specific corrupt intent required by the statutem towit, 'to influence him with respect to this official duty action, vote,' etc."

"Now, the second syllabus reads:

"'In proving such corrupe intent other similar offenses tending to show the corrupt course of dealing of a public official may be shown as tending to prove the specific corrupt intent charged in the indictment."

"Now, it is true this case is an action for soliciting a bribe. The provision of the stature providing for the giving of a bribe. And I presume that practically the same rule would apply in regard to the formation of the indictment and the requirements of what shall be contained in that indictment.

"Judge Wanamake, on page 103 of this case, says:

"'The language of the indictment pertaining to the question here involved is as follows: 'That S. A. Davis, on or about the 3rd day of August, 1909, unlawfully and corruptly did solicit from one E. H. Townsend--$300.00 for the purpose and with the intent to influence him, the said S, A. Davis, county commissioner aforesaid, with respect to his official duty, action, vote and opinion in a certain matter, towit, the purchase of certain roadmaking machinery,' etc.

"The very nature and necessity of the case, the honor and integrity of public official and public service, demand that the state of Ohio shall have the advantage of the most liberal construction of the rules of evidence in making its proof of guilt. The competency of other similar offenses to show guilty knowledge, corrupt intent, criminal plan, design or system upon the part of the defendant, is very fully considered in a recent case decided by this court."

"At the trial of this case the court permitted the state to introduce evidence to an occurrence a short time before the time of the claimed giving of this bribe. That was in regard to certain money which was given by these defendants to the sheriff. So that that was in line with the decision of this case,—permitting some other offense, if that was an offense, to offer or give the money.

"It is a well settled rule that where the crime involves a specific intent, such as forgery, obtaining money or property under false pretense, and embezzlement, where a specific intent is made a part of the offense, that in such case other and similar offenses not too remote may be procem to show the intent charged."

"That was the purpose of the court in permitting the state in this case to introduce evidence in regard to a formal offer on the part of these defendants to give the money to the sheriff.

"Again Judge Wanamaker says on page 105:

"'Now in the case at bar the state of Ohio needed to prove, among other things:

1. That the defendant, Davis, solicited, asked or requested a bribe.
2. For the purpose and with the intent to influence him, the said Davis.
3. With respect to his official duty, action, vote and opinion in a certain matter.

"Here we have a specific purpose and intent that the state must prove. And also that the act was to influence the defendant as to his action and vote upon certain public contracts. If, now, after the contract has been entered into and consummated, the other party were to make Davis a present or gift of some valuable thing which had in nowise been in contemplation of Davis when he officially acted, in nowise referred to or suggested in the course of the negotiations, while such conduct would be morally reprehensible, clearly it would not of itself be sufficient evidence to convict of the charge of soliciting a bribe."

"Now, as to the duties of the sheriff, it is admitted in this case that—I might read further in this opinion.

"'So that it becomes highly important and essential for the state to prove the specific purpose and intent charged in the indictment.'

"Now, at the trial of this case the sheriff testified to the circumstances under which certain money was given to him. He testified that the money was handed to him by Rocco Carbicella, that at the time the money was handed to him, he inquired with whom he was dealing and asked Rocco Carbicella if he was furnishing a part of the money and asked the defendant, Frank Fusco, if he was furnishing a part of the money; and they each answered that they were furnishing a part of the money and that the sheriff was dealing with them. Now, the sheriff testified that after some conversation there was $390.00 turned over by these defendants to him; that at the time that this money was turned over, he asked them for what purpose he was receiving this money, and I believe it was Frank Fusco who first said, "You know that Joe is in jail." Rocco Carbicella said, "Nick Scaccuto is in jail, and we want you to lay off in this case."

"Whatever it was he said either to 'lay off in this case,' or "lay off in the murder,' was the purpose for which they were giving him this money.

"Now, Webster's dictionary says that 'lay off' means to cease work temporarily.

"Now, there is no evidence in this case that there was anything said at the time that this money was paid as to what these defendants meant by the words 'lay off.' So that we will have to assume that the words were used in the ordinary meaning of those words. And the ordinary meaning, as I have said, according to Webster's dictionary, is to cease work temporarily.

"Now, there was no evidence in this case that the sheriff had any knowledge in regard to the crimes that were charged against Joe Fusco and Nick Scaccuto.

"There was no evidence that he was to refrain from using any evidence which he had or knew against these parties.

"It is true that the sheriff has the duties of a general police officer. It is the duty of the sheriff, when a crime has been committed in this county, I apprehend, to investigate that crime and to bring the parties to justice. He has a general duty as a sheriff to look after and to protect the people of his county. But in this case at the time this bribery is alleged to have been given, these parties, who were the only parties mentioned in connection with the giving of this money, that is, Joe Fusco and Nick Scaccuto—there was no testimony offered at the trial that the sheriff knew or was investigating charges against any other person than the two mentioned at the time.

"After a man is arrested and placed in jail the sheriff has the duty of the custody of that prisoner. It is his duty to give him humane treatment, even though he is a prisoner. It is his duty to care for him while he is in the jail. It is his duty to safely keep that prisoner. Further than that—after a man is arrested and put in jail there is no statute in Ohio that I have found or that has been called to my attention providing that there is any other duty imposed upon the sheriff than to take care of his prisoner while in his custody. The Prosecuting Attorney has argued at considerable length the question of the general duties of the sheriff. There is no question but what a sheriff is a conservator of the peace and it is his duty to protect the people of his county so far as it is within his power to do that. But there is no statute in Ohio, so far as I know, that makes the sheriff a detective; that places upon the sheriff the duty of investigating after the criminal has been placed in jail."

This he called attention of the Prosecuting Attorney to the duties of the sheriff after a man has been placed in jail. My attention has not been called to any law or any statute in Ohio which provides that it is the duty of the sheriff to look up the evidence in a case."

"We have been going on now in our neighboring county of Stark quite a display of the enforcement of the law against certain parties in that county. We know that in Stark county the sheriff is not the investigating officer in the Mellett murder. We know that the prosecuting attorney of that county has employed detectives, which detectives are making the investigation in regard to the commission of that crime. Now, as stated by the prosecuting attorney in his argument, the statutes of Ohio provide a fund which shall be turned over to the prosecuting attorney, as I understand it, for the purpose of investigating the commission of crime."

"Now, this court will not go further into the exceptions which have been filed here other than to say that there are no other grounds set forth in the motion for a new trial on which the court would disturb this verdict but upon the two questions—the question in regard to the indictment in this case and upon the question in regard to the duty of a sheriff after a man has been arrested and put in jail, and this court is not satisfied that there is any duty imposed upon the sheriff to go out as a detective and investigate that crime, and for these reasons the verdict in this case will be set aside and a new trial granted."

400 Attend Union Thanksgiving Services at Methodist Church

Appropriate Sermon is Delivered by Rev. L. E. Lee, Pastor Christian Church; Music Club Sings.

Over 400 attended the union Thanksgiving services yesterday morning in the First Methodist Episcopal church.

The sermon was delivered by Rev. L. E. Lee, pastor of the First Christian church. Rev. Lee referred to the days of Jerusalem when the once powerful city was destroyed by God because of its lack of respect for the Almighty and pointed out that even though our own country now is the outstanding nation of the world its citizens should not forget to be thankful to the Supreme Power.

Prayer was offered by Rev. F. H. Magill, pastor of the First Presbyterian church, Rev. K. J. Stewart, pastor of the Yellow Creek Presbyterian church, pronounced the benediction.

The meeting was in charge of Rev. W. S. Rowe, pastor of the Methodist Episcopal church.

The following selections from the Wellsville Music club's recent cantata, "Praise and Thanksgiving," by Carrie Adams, were given:

"The Lord is My Shepherd,"—by the club; "O, Hear Us for Our Native Land,"—solo, Mrs. L. Alva and chorus; "America," by the congregation.

"Reconciliation" is Theme of Address by Evangelist H. A. Frye

Fev. H. A. Frye preached to a large audience at the Evangelical church revival services last night, discussing the subject, "Reconciliation." Tonight Rev. Frye will speak on, "The Greatest Old Testament Question."

The theme of the evangelist's talk last night was taken from Corinthians: "Therefore if any man be in Christ, he is a new creature; old things are passed away; behold, all things are become new, etc."

"He said: "Do you think that if Jesus Christ were standing here on this platform he would say it is right for people to indulge in worldy pleasures such as the public dance, such as picture shows? If not, then we have no right to say it.

"If we do not like the preaching of the pure gospel, then there is proof of carnality. The ministry of reconciliation was looked upon as a sacred thing by the Apostle Paul.

"Three things are implied by way of introduction. First, humanity is in a way separated from God. There has been a disruption, an estrangement in man's relation to God. Second, God loved the world even though steeped in sin. Third, God's love, if it is to accomplish what God intended, must be expressed, interposed by supernatural power.

"Man was once holy. God made him such. He could not make him any other way. All creation was pronounced good. God said, 'Let us make man in our own image.' This could not mean the physical image, for God is spirit. Therefore He made him spiritual in His own image. Holiness never communed with unholiness. Man and God communed together and walked together back in the Garden of Eden. There was real fellowship. Can we walk together except they be agreed?

"The holy communion back in Eden did not last long. Man must have fallen, for we find from holy writ that the imagination of man's hearts is to do evil continually. Your son may be a good boy but if he has not been saved he is lost. In the words of Billy Sunday, 'God have mercy for you fathers and mothers who let the kids rule the home.'

"It was a sad parting of Adam with God when he was driven from the garden. It meant spiritual death for God said he will surely die.

"The ministry of God demands the ministry of a bleeding heart."

BROOKES FILES EXCEPTIONS TO WELLSVILLE CASE RULE

BRIBERY TRIAL OPINION TEXT IS ANNOUNCED

Prosecutor Acts in Carbicella and Fusco Charges.

DEFENSE SCORES

Judge W. H. Spence Orders Second Hearing.

Exceptions have been filed by Prosecuting Attorney R. M. Brookes to the ruling handed down by Judge W. H. Spence in common pleas court granting the defense motion for a new trial in the case of Rocco Carbicella and Frank Fusco, of Wellsville, convicted by a jury recently of attempting to bribe Sheriff George Wright. Whether the fight will be carried to the appellate court has not been determined.

The complete text of Judge Spence's opinion follows:

"There has been a motion filed for a new trial in the case of Rocco Carbicella and Frank Fusco. The defendants in this case were indicted on the sixteenth day of September, 1926. The indictment is somewhat anomalous in its form, and which reads as follows:

"The jurors of the grand jury of said county, on their oaths, in the name by the authority of the State of Ohio, do find and present that George Wright late of said county, on the sixteenth day of September, in the year of our Lord, one thousand nine hundred and twenty-six, at the county of Columbiana aforesaid, was then and there the sheriff of said county, duly elected, qualified and serving as such and sworn to discharge and perform the duties of said office; that on the said sixteenth day of September, Rocco Carbicella and Frank Fusco, late of said county, at Lisbon, in said county, unlawfully, fraudulently and corruptly did directly give to the said George Wright, sheriff as aforesaid, certain money, to-wit the sum of three hundred and ninety dollars, $390), with intent then and there to procure and influence the said George Wright as sheriff aforesaid, in favor of Nick Scaccuto and Joe Fusco, then and there confined in the jail of said county and charged with a capital offense, to-wit, with the crime of murder in the first degree, said matter being then and there awaiting action by the grand jury of said Columbiana county, Ohio."

"This indictment was returned under Section 12823 of the General Code of Ohio, which reads:

"Whoever corruptly gives, promises or offer to a member or officer of the general assembly, or of either house thereof, or to a state, judicial or other officer, public trustee, or an agent or employe of the state of such officer or trustee, either before or after his election, qualification, appointment, or employment, any valuable thing, or corruptly offers or promises to do any act beneficial to such person to influence him with respect to his official duty, or to influence his action, vote, opinion or judgment, in a matter pending, or that might legally come before him, and whoever, being a member of the general assembly, or a state or other officer, public trustee, agent or employe, of the state or of such officer or trustee, either before or after his election, qualification appointment or employment."

This is the last part of it—is the part of it with reference to soliciting a bribe. The first part of the section which I have just read provided for the giving of a bribe.

"Now, it is true that there are a number of decisions in Ohio, I believe practically all by the lower courts, in regard to the indictment of members of the legislature of Ohio.

"I say these cases all contain copies of indictments which have been returned against members of the legislature of Ohio. That is, most of these cases that are referred to here. There are some indictments which were certainly loosely drawn, and which were affirmed by the court and allowed to stand. But in all of those cases which I have examined there was sufficient indictment to show the purpose for which the money was given. Now, the question in this case is—or one of the questions—whether or not there is anything in this indictment to show the purpose for which this money was given if it was given as a bribe. As I said, the indictment provided they are to procure and influence the said George Wright as sheriff aforesaid in favor of Nick Saccuto and Joe Fusco, then and there confined in the jail of said county and charged with a capital offense, towit, "and so forth.

"Now, in a more recent decision of the supreme court of Ohio, in the case of the State of Ohio against Davis, found in the nintieth Ohio State, at page 100, the syllabus of this case reads:

"'Where an indictment charges the solicitation of a bribe, it is necessary for the state to plead and prove the specific corrupt intent required by the statutem towit, 'to influence him with respect to this official duty action, vote,' etc."

"Now, the second syllabus reads:

"'In proving such corrupe intent other similar offenses tending to show the corrupt course of dealing of a public official may be shown as tending to prove the specific corrupt intent charged in the indictment."

"Now, it is true this case is an action for soliciting a bribe. The provision of the stature providing for the giving of a bribe. And I presume that practically the same rule would apply in regard to the formation of the indictment and the requirements of what shall be contained in that indictment.

"Judge Wanamake, on page 103 of this case, says:

"'The language of the indictment pertaining to the question here involved is as follows: 'That S. A. Davis, on or about the 3rd day of August, 1909, unlawfully and corruptly did solicit from one E. H. Townsend--$300.00 for the purpose and with the intent to influence him, the said S. A. Davis, county commissioner aforesaid, with respect to his official duty, action, vote and opinion in a certain matter, towit, the purchase of certain roadmaking machinery,' etc.

"The very nature and necessity of the case, the honor and integrity of public official and public service, demand that the state of Ohio shall have the advantage of the most liberal construction of the rules of evidence in making its proof of guilt. The competency of other similar offenses to show guilty knowledge, corrupt intent, criminal plan, design or system upon the part of the defendant, is very fully considered in a recent case decided by this court."

"At the trial of this case the court permitted the state to introduce evidence to an occurrence a short time before the time of the claimed giving of this bribe. That was in regard to certain money which was given by these defendants to the sheriff. So that that was in line with the decision of this case,—permitting some other offense, if that was an offense, to offer or give the money.

"It is a well settled rule that where the crime involves a specific intent, such as forgery, obtaining money or property under false pretense, and embezzlement, where a specific intent is made a part of the offense, that in such case other and similar offenses not too remote may be procem to show the intent charged."

"That was the purpose of the court in permitting the state in this case to introduce evidence in regard to a formal offer on the part of these defendants to give the money to the sheriff.

"Again Judge Wanamaker says on page 105:

"'Now in the case at bar the state of Ohio needed to prove, among other things:

1. That the defendant, Davis, solicited, asked or requested a bribe.

2. For the purpose and with the intent to influence him, the said Davis.

3. With respect to his official duty, action, vote and opinion in a certain matter.

"Here we have a specific purpose and intent that the state must prove. And also that the act was to influence the defendant as to his action and vote upon certain public contracts. If, now, after the contract has been entered into and consummated, the other party were to make Davis a present or gift of some valuable thing which had in nowise been in contemplation of Davis when he officially acted, in nowise referred to or suggested in the course of the negotiations, while such conduct would be morally reprehensible, clearly it would not of itself be sufficient evidence to convict of the charge of soliciting a bribe."

"Now, as to the duties of the sheriff, it is admitted in this case that—I might read further in this opinion.

"'So that it becomes highly important and essential for the state to prove the specific purpose and intent charged in the indictment.'

"Now, at the trial of this case the sheriff testified to the circumstances under which certain money was given to him. He testified that the money was handed to him by Rocco Carbicella, that at the time the money was handed to him, he inquired with whom he was dealing and asked Rocco Carbicella if he was furnishing a part of the money and asked the defendant, Frank Fusco, if he was furnishing a part of the money; and they each answered that they were furnishing a part of the money and that the sheriff was dealing with them. Now, the sheriff testified that after some conversation there was $390.00 turned over by these defendants to him; that at the time that this money was turned over, he asked them for what purpose he was receiving this money, and I believe it was Frank Fusco who first said, "You know that Joe is in jail." Rocco Carbicella said, "Nick Scaccuto is in jail, and we want you to lay off in this case."

"Whatever it was he said either to 'lay off in this case,' or "lay off in the murder,' was the purpose for which they were giving him this money.

"Now, Webster's dictionary says that 'lay off' means to cease work temporarily.

"Now, there is no evidence in this case that there was anything said at the time that this money was paid as to what these defendants meant by the words 'lay off.' So that we will have to assume that the words were used in the ordinary meaning of those words. And the ordinary meaning, as I have said, according to Webster's dictionary, is to cease work temporarily.

"Now, there was no evidence in this case that the sheriff had any knowledge in regard to the crimes that were charged against Joe Fusco and Nick Scaccuto.

"There was no evidence that he was to refrain from using any evidence which he had or knew against these parties.

"It is true that the sheriff has the duties of a general police officer. It is the duty of the sheriff, when a crime has been committed in this county, I apprehend, to investigate that crime and to bring the parties to justice. He has a general duty as a sheriff to look after and to protect the people of his county. But in this case at the time this bribery is alleged to have been given, these parties, who were the only parties mentioned in connection with the giving of this money, that is, Joe Fusco and Nick Scaccuto—there was no testimony offered at the trial that the sheriff knew or was investigating charges against any other person than the two mentioned at the time.

"After a man is arrested and placed in jail the sheriff has the duty of the custody of that prisoner. It is his duty to give him humane treatment, even though he is a prisoner. It is his duty to care for him while he is in the jail. It is his duty to safely keep that prisoner. Further than that—after a man is arrested and put in jail there is no statute in Ohio that I have found or that has been called to my attention providing that there is any other duty imposed upon the sheriff than to take care of his prisoner while in his custody. The Prosecuting Attorney has argued at considerable length the question of the general duties of the sheriff. There is no question but what a sheriff is a conservator of the peace and it is his duty to protect the people of his county so far as it is within his power to do that. But there is no statute in Ohio, so far as I know, that makes the sheriff a detective; that places upon the sheriff the duty of investigating after the criminal has been placed in jail."

This he called attention of the Prosecuting Attorney to the duties of the sheriff after a man has been placed in jail. My attention has not been called to any law or any statute in Ohio which provides that it is the duty of the sheriff to look up the evidence in a case."

"We have been going on now in our neighboring county of Stark quite a display of the enforcement of the law against certain parties in that county. We know that in Stark county the sheriff is not the investigating officer in the Mellett murder. We know that the prosecuting attorney of that county has employed detectives, which detectives are making the investigation in regard to the commission of that crime. Now, as stated by the prosecuting attorney in his argument, the statutes of Ohio provide a fund which shall be turned over to the prosecuting attorney, as I understand it, for the purpose of investigating the commission of crime."

"Now, this court will not go further into the exceptions which have been filed here other than to say that there are no other grounds set forth in the motion for a new trial on which the court would disturb this verdict but upon the two questions—the question in regard to the indictment in this case and upon the question in regard to the duty of a sheriff after a man has been arrested and put in jail, and this court is not satisfied that there is any duty imposed upon the sheriff to go out as a detective and investigate that crime, and for these reasons the verdict in this case will be set aside and a new trial granted."

400 Attend Union Thanksgiving Services at Methodist Church

Appropriate Sermon is Delivered by Rev. L. E. Lee, Pastor Christian Church; Music Club Sings.

Over 400 attended the union Thanksgiving services yesterday morning in the First Methodist Episcopal church.

The sermon was delivered by Rev. L. E. Lee, pastor of the First Christian church. Rev. Lee referred to the days of Jerusalem when the once powerful city was destroyed by God because of its lack of respect for the Almighty and pointed out that even though our own country now is the outstanding nation of the world its citizens should not forget to be thankful to the Supreme Power.

Prayer was offered by Rev. F. H. Magill, pastor of the First Presbyterian church, Rev. K. J. Stewart, pastor of the Yellow Creek Presbyterian church, pronounced the benediction.

The meeting was in charge of Rev. W. S. Rowe, pastor of the Methodist Episcopal church.

The following selections from the Wellsville Music club's recent cantata, "Praise and Thanksgiving," by Carrie Adams, were given:

"The Lord is My Shepherd,"—by the club; "O, Hear Us for Our Native Land,"—solo, Mrs. L. Alva and chorus; "America," by the congregation.

"Reconciliation" is Theme of Address by Evangelist H. A. Frye

Fev. H. A. Frye preached to a large audience at the Evangelical church revival services last night, discussing the subject, "Reconciliation." Tonight Rev. Frye will speak on, "The Greatest Old Testament Question."

The theme of the evangelist's talk last night was taken from Corinthians: "Therefore if any man be in Christ, he is a new creature; old things are passed away; behold, all things are become new, etc."

"He said: "Do you think that if Jesus Christ were standing here on this platform he would say it is right for people to indulge in worldy pleasures such as the public dance, such as picture shows? If not, then we have no right to say it.

"If we do not like the preaching of the pure gospel, then there is proof of carnality. The ministry of reconciliation was looked upon as a sacred thing by the Apostle Paul.

"Three things are implied by way of introduction. First, humanity is in a way separated from God. There has been a disruption, an estrangement in man's relation to God. Second, God loved the world even though steeped in sin. Third, God's love, if it is to accomplish what God intended, must be expressed, interposed by supernatural power.

"Man was once holy. God made him such. He could not make him any other way. All creation was pronounced good. God said, 'Let us make man in our own image.' This could not mean the physical image, for God is spirit. Therefore He made him spiritual in His own image. Holiness never communed with unholiness. Man and God communed together and walked together back in the Garden of Eden. There was real fellowship. Can we walk together except they be agreed?

"The holy communion back in Eden did not last long. Man must have fallen, for we find from holy writ that the imagination of man's hearts is to do evil continually. Your son may be a good boy but if he has not been saved he is lost. In the words of Billy Sunday, 'God have mercy for you fathers and mothers who let the kids rule the home.'

"It was a sad parting of Adam with God when he was driven from the garden. It meant spiritual death for God said he will surely die.

"The ministry of God demands the ministry of a bleeding heart."

JOSEPH YOUNG, 50, KILLED ON HUNTING TRIP

Jewett Man Brother of John Young of Wellsville.

SHOT IN CHEST

Gun Discharged as He Picked it Up From Ground.

Joseph Young, 50 years old of Jewett, Jefferson county, a brother of John Young, this city, was killed Wednesday when his shotgun was accidentally discharged while he was on a hunting trip.

Young, it is said, received the full charge of the gun in his chest and abdomen.

Young, with two companions, Joe Rowland and James Baker, was hunting coon on the farm of Abraham Bush. He had leaned his gun against a log or stump when the hunt was over and had started home without it. After going about a hundred yards he missed the gun and went back for it. His two companions heard the gun discharged and after a short wait went back to investigate. They found Young upon the ground, dead.

Funeral services will be held in Jewett on Saturday afternoon at two o'clock.

He is survived by his widow, and two brothers: John Young of Center street, Wellsville and Robert of Hammondsville.

BETTER MILK IS URGED HERE

Distributors Called Before Board of Health.

East Liverpool district distributors were called into conference with members of the board of health at the clinic rooms in the Meredith building, Wednesday evening, for the purpose of discussing ways and means of obtaining better milk.

The conference was an aftermath of an inspection of dairy barns by state and local board officials. Many producers, the distributors were told, have ratings below the state requirements. Orders had been issued to clean up.

Distributors were urged to co-operate with the health board in prevailing upon producers to decrease the bacteria in milk and cream marketed here.

Health board officials will furnish the distributors with names of producers whose barns were inspected. The distributors promised to call in producers whose ratings were below the state requirements and advise them that unless their milk supply is improved deliveries will be refused. The health board officials will collect samples at the milk plants at intervals to determine if the bacteria count is being reduced.

BETTER MILK IS URGED HERE

Distributors Called Before Board of Health.

East Liverpool district distributors were called into conference with members of the board of health at the clinic rooms in the Meredith building, Wednesday evening, for the purpose of discussing ways and means of obtaining better milk.

The conference was an aftermath of an inspection of dairy barns by state and local board officials. Many producers, the distributors were told, have ratings below the state requirements. Orders had been issued to clean up.

Distributors were urged to co-operate with the health board in prevailing upon producers to decrease the bacteria in milk and cream marketed here.

Health board officials will furnish the distributors with names of producers whose barns were inspected. The distributors promised to call in producers whose ratings were below the state requirements and advise them that unless their milk supply is improved deliveries will be refused. The health board officials will collect samples at the milk plants at intervals to determine if the bacteria count is being reduced.

30,000 German Women Residing In Tyrol Protest Italian Rule

INNSBROUCK.—More than 30,000 German women living in Italian Tyrol, which was Austrian territory before the war, have signed a protest against the attempt of the government to Italianize the schools. The government has issued orders that Italian will be the language of the schools and no German will be allowed.

The protest demands that German be taught and spoken until the fourth grade and they demand German teachers for religious studies.

HGHS WIN INTER-CITY TITLE IN THANKSGIVING DAY BATTLE

8,000 Grid Fans See Orange And Black Down to Defeat, 13-6

Football Rivals Take Part in Brilliant Spectacle as Athletic Relations are Resumed After Three-year Lapse; Attendance Records Broken; Both Elevens at Peak of Form.

Before a howling crowd of more than 8,000 football fans from East Liverpool and Wellsville, the greatest crowd, probably, that has ever thronged the west end lot for football or any other event, Coach George Kidder's Blue and White triumphed over Wellsville, 13 to 6, yesterday afternoon in one of the most brilliant gridiron spectacles that has been staged in the district.

The contest marked the resumption of athletic relations between the two schools after a lapse of three years and Wellsville's first appearance here since 1921.

Fully 2,000 or more followers of the Orange and Black stood four and five deep on the north side of the field and lent vocal encouragement to the Klinck eleven, directed by a staff of half-dozen orange clad cheer leaders, while the supporters of the Ceramic City combine packed the stands and field at other points.

The game saw a fighting Wellsville team, rising to the heights for this particular game, fall before the aggressiveness of a determined Blue and White squad, outweighed, but not outgained.

Stars in Form.

The city's scholastic football toilows who have attended the performances of the team all season saw a dazzling overhead attack in the first quarter that netted the home eleven the first touchdown of the game, with Quarterback Tom Pusey, who has already garnered honors in plentiful measure, taking on fresh laurels as he nabbed Dick McKee's pass for the initial marker; Captain Dick Larkins, bulwark of the East Liverpool line, playing the greatest game of his high school career, and his last game; a line—Irwin, Carney, Todd, Smith and others, giving away weight and playing their foes to the last ditch—Ends McConville and Lincoln at the peak of their form.

The Orange and Black exulted in the performance of Provost and Irons, the visitors' outstanding backfield performers of the afternoon, aided by Calhoun and Eschbacher, and the brilliant attempts of the team to come back to even the count by a final desperate stab in the last period.

East Liverpool, the figures show, outgained the Orange by sufficient margin, comparatively, the locals registering a total of six first downs to the opposition's three, practically all of which was done in the first half when the Blue carried out its most powerful offensive.

Score in Third Period.

In the third period, Klinck's eleven threatened once or twice, carrying the play into East Liverpool territory and finally scoring as Fullback Irons reeled off a five-yard gain and then one for seven to plant the ball across the last chalk mark.

The East Liverpool line was outweighed but Captain Dick Larkins, like the keystone that keeps the great arch together, made up for anything that the Blue lacked.

East Liverpool's first touchdown, in the first quarter, was executed in a play identical with the one that defeated Chester and pulled off in practically the same territory.

Starting on the Wellsville 47 after Halfback Calhoun had been stopped for a 10-yard loss, Bromby and McKee hit the line for two successive first downs and then a pass, McKee to Bromby, but the ball on the 11-yard line. After Bromby and Pusey had each picked up a yard on the line, McKee passed and Pusey took the throw over in the corner of the field, crossing the goal line practically unmolested.

McKee Makes Point.

McKee's placement kick, which soared between the bars, kept the score from going to a tie as Wellsville hung up a touchdown in the third quarter.

The Orange scored as the period was about half completed. They gained greatly on Provost's kickoff. The ball went bounding down toward the East Liverpool goal line and Pusey, expecting it to roll over, let it go. But the heavy turf stopped its momentum and Pusey grabbed it up about two yards from the line, returning to the 19 where he was downed.

After ineffectual attempts to ram the line, the locals punted and Calhoun, grabbing the oval on the run, eluded several East Liverpool tacklers as he ran the ball back to the 12-yard line. Irons smashed the line for five yards. Calhoun hit but was stopped and fumbled. Irons again carried the ball and ducked through a hole at right tackle for a touchdown.

Calhoun's try for point, a dropkick, was blocked.

Second Touchdown.

East Liverpool's second touchdown came in the first few minutes of the final period. A fumble in the Wellsville secondary defense on McKee's punt put the ball in scoring position, Cordwin recovering on the 28 in the opening minutes of the third quarter. Wellsville recovered possession when Calhoun lost two yards on a run from punt formation and the visitors were penalized for use of hands on offense. The penalty put the ball on the three-yard line. Calhoun punted to McKee on the 15 and Dick ran it back to the eight. Pusey hit left tackle for two yards and Bromby made three at center. On the next play McKee went through for a touchdown. A forward pass failed to make the extra point.

The contest was keenly fought from start to finish and cleanly played by both sides and did not lack in thrills, even in the last few minutes. At this point the forwards charged through to block Pusey's punt and recovered the ball on the East Liverpool 15-yard line, most of Kidder's second string players being in at the time. Two line plunges netted three yards and the game ended.

The victory evens the standing of the two teams at nine apiece.

INSIDE GOLF

By CHESTER HORTON, Maker of 81 Golf Champions. "Golf's most successful teacher," says "Chick" Evans.

Always in the approach shot where there is a rise of ground or a hazard of some kind to be negotiated, the problem always presents itself as to whether the play should be directly to the pin or whether the ball better be hopped across the obstacle and permitted to run up. Usually the player hazily adopts the latter method and then plays, hoping for the best. There need be no bothering complication about the ball that is to run. The loft of the clubhead will lift the ball. To make it run, simply stretch out the arms in the back swing keeping the clubhead low to the ground as far back as possible. Then, when the blade swings forward, it will so take the ball that it imparts spin to it. Keep the arms rather stiff, not rigid, for a running ball—no wrists at all.

ACHING JOINTS, RHEUMATISM

"Heet" Relieves Instantly

With applicator attached to cork, just brush "Heet" over the pain area, whether in knees, feet, legs, hands, shoulders, back, neck or body. Instantly, you feel this harmless, glorious, penetrating heat draw the pain, soreness and stiffness, right out of any aching or swollen joint, muscle or neuritis-ridden nerve. Besides, "Heet" scatters the congestion and establishes a cure.

"Heet" contains two soothing, penetrating ingredients, two expensive to use in ordinary liniments or analgesics. "Heet" is a clean, pleasant liquid; doesn't stain, blister or irritate the skin and costs only 60 cents at any drug store.

GLIMPSES FROM THE SIDELINES

No athletic contest, or probably any other event, brought out the attendance that yesterday's game did. After all advantageous room on the field had been occupied, fans stood along West Eighth street, the railroad tracks and the hillside on the south.

Although school authorities had not figured up receipts today, it was estimated the proceeds would reach around the $1,500 mark. A fenced in park would have tripled or quadrupled that amount, at the least.

"Franner" McConville has been bumped and bruised more or less in his scholastic grid career but yesterday he experienced a new one. McConville tacked Calhoun back of the line in a pile of sawdust, part of which went down his throat. The game was stopped to permit him to "cough up."

Quarterback Provost, of Wellsville can qualify as one of the gamest scrappiest little backfield men in the county as a result of his performances, not only yesterday, but through the season.

Coach Earl Klinck was assisted on the coaching bench by Cletus Patterson, former Ohio University star, while Bill Cox, ex-Muskingum college center, assisted Coach Kidder of the Blue.

Majority of the local reserve players were used in the final few minutes of the game in order to permit them to qualify for their letters.

The immense crowd that thronged the sidelines, clear around, kept order from start to finish.

The visitors were unable to negotiate the passing game successfully while two of the Blue's heaves resulted in their first touchdown.

Rival cheer leaders indulged in quite a duel for attention between halves, as they flaunted their respective emblems, led by George Boyd, of East Liverpool, and "Rolly" Russell, of Wellsville.

Spectators who had crowded around the wire outside the playing field "stayed put" between halves. There was no walking around or warming up. They had gained vantage places and feared to lose them.

Nine Members of Local Team Play Their Last Game

Nine of the East Liverpool eleven that started yesterday's game will be lost to the team through graduation next spring.

The contest was the last scholastic game for Captain Dick Larkins, center; McConville and Lincoln, ends and halfbacks; Todd, tackle; Carney and Irwin, guards, and Pusey, Bromby and McKee, backs.

GREYS-BLUES BATTLE AGAIN

The East Liverpool Greys will tackle the East End Blues tomorrow afternoon at Patterson Field. The game is slated to start at 3:30.

All Greys are ordered to report tonight at the Liberty at 8 o'clock, along with Gibas, Woolley, Johnson, Staats, Finley, Buck Gerace, "Goose" Mundy and Dick Stockdale.

A fast contest is certain when these rivals clash.

MOUNT DOWNS WOOSTER, 9-0

Armstrong Smashes Line for Score in First Period.

Mount Union gridders won in a muddy Thanksgiving Day battle over the Wooster eleven by the score 9-0. It is Mount's first win since 1914. The game was played before a crowd estimated at 5,000, the largest at Hartshorn field this year.

Mount made three first downs by line plunges and one by a penalty. Wooster penetrated the Mount line only once for a first down, though they gained two by the air route and one on a penalty.

Wooster resorted to the forward pass in a vain attempt to score in the fourth period. They completed five out of thirteen tries, while Mount failed to complete one out of four attempts.

Mount's first score came early in the first period and was the result of a punt blocked and recovered by Burkie on Wooster's five yard line. Captain "Army" Armstrong crossed the goal line on the third plunge through right tackle. Meredith place-kicked for the extra point.

A try by Meredith to place-kick from the twenty-five yard line in the third quarter went low.

Mount scored a safety in the third quarter when Burkie blocked a punt and McGranahan recovered outside the end zone.

The ball was in Wooster's territory for the greater part of the game, partly due to the punting of Armstrong and to the fact that the Wooster line was outcharged in the first and third periods. Armstrong and Burkie, seniors on the Mount team, played the stellar game of their career. Jameson, all-Ohio end, was easily the outstanding Wooster player.

RODEBAUGH WINS TOURNEY MATCH

SERVICE TEAMS SET FOR CLASH

Take Part Today in Stadium-Dedication Program.

CHICAGO, Nov. 26.—Eighty seven generals and admirals of the United States army and navy were in Chicago today prepared for what might prove to be the toughest battle of their careers. It all depends on what success the league of nations or some other allied agency for preserving peace may have in preventing war.

This much is certain—no future war will be fought with more determination than the Army-Navy football game scheduled for Soldiers Memorial stadium here tomorrow afternoon.

The eighty-seven warriors mentioned above are members of the rival grid teams. Forty-one of them hail from the military academy at West Point, and forty-six come from the naval academy at Annapolis.

The gridders, arrayed in their impressive uniforms, arrived here yesterday. "Navy Bill" Ingram, coach of the Middies, was in charge of the sea going contingent, and Biff Jones, famous mentor of the Cadets, headed the West Point squad.

Squads Limber Up.

After lunch and a brief rest the squads took the field for limbering up exercises. Coach Jones ran his troops through a brief signal drill.

Today 1,115 Cadets and 1,940 Midshipmen, accompanied by a distinguished group of diplomats, cabinet members and high rankigg officers of the army and navy will arrive to cheer for one or the other side. This afternoon Chicago will se this notable gathering parade down it's principal boulevard to Soldiers' field where the new $8,000,000 stadium will be dedicated to the men who lost their lives in the world war.

Vice-President Dawes, Mayor Dever, the president of the South park board and the superintendents of the two service academies will be the outstanding figures in these ceremonies. Each will make a brief address.

Colder weather and possibly snow was the official forecast for the big game tomorrow. The field, however, has been protected for weeks with a heavy tarpaulin, and unless the snow is unusually heavy it is not expected to interfere with the playing of the game.

Details of Blue's Thanksgiving Day 13-6 Victory, Play By Play

Captain Hepp, of Wellsville, kicked off to Mackall who returned the kick five yards to the 28 line. Pusey made two at left end and Mackall four at left guard. Bromby was stopped at right guard and Larkins punted to Calhoun who was downed on Wellsville's 47. Irons made two at right tackle. Calhoun picked up three at left tackle and Eschbacher punched through left tackle for seven more and first down. Calhoun made one at left tackle and fumbled, Hepp recovering. Irons was stopped at center. A pass was grounded. Calhoun, hurried in his attempt to punt, was unable to get the ball away, and was downed on Wellsville's 48.

Bromby punched right tackle for nine yards and McKee's three in the same place netted a first down. Pusey was stopped at left tackle. Bromby made six at left tackle and McKee two more in the same place. Bromby hit right tackle again for four more. Pusey lost two at left end. A pass, McKee to Bromby, put the ball on the Wellsville 11-yard line. Bromby made one at right guard and Pusey one at left tackle. A pass, McKee to Pusey scored the first touchdown. McKee's placement kick was good for the extra point.

McKee kicked off to Hepp on the 30 and the Wellsville captain ran the ball back to the 38. Calhoun was stopped at right tackle. He fumbled the ball and an East Liverpool lineman recovered. The quarter ended. East Liverpool 7, Wellsville 6.

Second Quarter.

McKee was stopped at right guard McKee's pass to Pusey was good for nine yards. Bromby made two at left tackle and a first down. Mackall went through left tackle for two yards. Bromby hit left tackle for two. Irons intercepted a forward pass but Wellsville was offside on the play, officials ruled, and took a five-yard penalty. Mackall slipped through center for a yard and first down. Bromby picked one up at left tackle. Wellsville was penalized five yards for an offside play. Bromby was stopped at right end. McKee made one at left guard. A pass was grounded and Wellsville took possession of the ball. Calhoun punted to McConville on the 30. Mackall made three at right tackle. Thorne and Provost got through to drop Bromby for a three-yard loss. Provost intercepted a pass on the 30. Eschbacher lost a yard at left end, and two more at left tackle. Irons made up four at right tackle. Calhoun punted to East Liverpool's 47. A 40-yard pass failed. Larkins punted to Eschbacher on the 10. Calhoun rounded right end of 20 yards nad a first down and Eschbacher picked up eight more at right end as the half ended.

Third Quarter.

Provost kicked off to Pusey. The ball rolled to the two yard line. Pusey picked it up and ran it back to the 10. Pusey made one at right tackle and Bromby three at left guard. Bromby hit right guard for one more and Larkins punted to the 40. Calhoun pulled it out of the air and ran it back to the 18 where he was brought down by Pusey, the players rolling out of bounds. Irons made five at right tackle. Calhoun fumbled in a line play but the Orange recovered. Provost was stopped at left tackle. Irons tried the other side and broke through right tackle for a touchdown. Calhoun's try for point, a dropkick, was blocked by Bromby and the score stood: East Liverpool 7, Wellsville 6.

Provost kicked off to Mackall, who, after a five-yard return was stopped on the 35. Bromby lost one at right end and Pusey lost four at left end when he tripped over a player who had been thrown back on the ground. Provost intercepted a pass on East Liverpool's 49. Eschbacher made five at left end. Calhoun was thrown by McConville for a 10-yard loss. Calhoun then punted to Pusey on East Liverpool's 28. McKee made one at right end. Bromby added two at right end, being forced out of bounds.

McKee punted. The Wellsville receiver fumbled and Cordwin recovered on Wellsville's 23. Bromby hit center for a yard, McKee's pass was grounded. Bromby added two at right tackle and Calhoun then intercepted a pass on the 18 as the quarter ended.

Fourth Quarter.

Provost was forced out of bounds at left end, losing a yard. Calhoun lost two more on an attempted end run from kick formation. Wellsville was penalized for use of hands on offense and the ball was placed in play on the Orange's three-yard line. Back of his own goal line, Calhoun punted out to McKee on the 15 and McKee ran the ball back to the eight yard line. Pusey made two at left tackle and Bromby three at center. McKee went over on the next line punch for a touchdown. Larkins' pass to Pusey for the extra point failed, Pusey being stopped before he reached the goal line.

McKee kicked off, the ball going out of bounds and on his next try the ball went to Irons on the 15 who returned it to the 40. Two passes were grounded. Provost lost a yard at right end and Calhoun punted to Pusey on East Liverpool's 48. Mackall hit right tackle for a yard. Bromby was stopped at the same place. A 30-yard pass was grounded. Irons intercepted a pass on the 32. Calhoun's pass to Provost was grounded. Eschbacher was stopped at left tackle. A pass was grounded and Calhoun punted to Pusey on East Liverpool's 45.

With only a few minutes of play remaining a number of East Liverpool substitutes were sent in. VanDyne lost a yard at right end. East Liverpool was penalized five yards for an offside play. Pusey's punt was blocked and Wellsville recovered the ball on the 15 yard line. A pass was grounded. Irons made two at right tackle. Calhoun made one at left tackle as the timer's gun barked, ending the game.

Draft Big 10 Sked.

CHICAGO, Nov. 26. — Big Ten coaches, athletic directors and faculty representatives will meet here today to draft the Western conference football schedue for 1927. Rumors concerning severance of athletic relations between various schools flew thick and fast as time for the scheduled meeting drew near. One report was that Michigan and Minnesota will not meet next fall and that Ohio State will renew relations with Wisconsin. Another rumor had it that Wisconsin will break with Iowa.

Car Value

Great Events in Motor Car History

The 3 or 4 Bearing Crankshaft is now obsolete in Nash engineering practice

Here's something of real importance for every prospective buyer of a SIX to think about—

—if you buy a new car now that still has the old-type crankshaft with only 3 or 4 bearings, what is going to happen to its resale value?

Manufacturers who still cling to the 3 or 4 bearing crankshaft design know just as well as you do that the MODERN crankshaft has 7 bearings.

And certainly with Nash setting the pace they are not likely to hold to the old style of design any longer than they are compelled to under their manufacturing conditions.

The authority of Nash engineering submits to your own good judgment that the motor with a 3 or 4 bearing crankshaft cannot be called a truly modern type of motor.

HIGHS WIN INTER-CITY TITLE IN THANKSGIVING DAY BATTLE

8,000 Grid Fans See Orange And Black Down to Defeat, 13-6

Football Rivals Take Part in Brilliant Spectacle as Athletic Relations are Resumed After Three-year Lapse; Attendance Records Broken; Both Elevens at Peak of Form.

Before a howling crowd of more than 8,000 football fans from East Liverpool and Wellsville, the greatest crowd, probably, that has ever thronged the west end lot for football or any other event, Coach George Kidder's Blue and White triumphed over Wellsville, 13 to 6, yesterday afternoon in one of the most brilliant gridiron spectacles that has been staged in the district.

The contest marked the resumption of athletic relations between the two schools after a lapse of three years and Wellsville's first appearance here since 1921.

Fully 2,000 or more followers of the Orange and Black stood four and five deep on the north side of the field and lent vocal encouragement to the Klinck eleven, directed by a staff of half-dozen orange clad cheer leaders, while the supporters of the Ceramic City combine packed the stands and field at other points.

The game saw a fighting Wellsville team, rising to the heights for this particular game, fall before the aggressiveness of a determined Blue and White squad, outweighed, but not outgamed.

Stars in Form.

The city's scholastic football follows who have attended the performances of the team all season saw a dazzling overhead attack in the first quarter that netted the home eleven the first touchdown of the game, with Quarterback Tom Pusey, who has already garnered honors in plentiful measure, taking on fresh laurels as he nabbed Dick McKee's pass for the initial marker; Captain Dick Larkins, bulwark of the East Liverpool line, playing the greatest game of his high school career, and his last game; a line—Irwin, Carney, Todd, Smith and others, giving away weight and playing their foes to the last ditch—Ends McConville and Lincoln at the peak of their form.

The Orange and Black exulted in the performance of Provost and Irons, the visitors' outstanding backfield performers of the afternoon, aided by Calhoun and Eschbacher, and the brilliant attempts of the team to come back to even the count by a final desperate stab in the last period.

East Liverpool, the figures show, outgained the Orange by sufficient to establish superiority, the locals registering a total of six first downs to the opposition's three, practically all of which was done in the first half when the Blue carried out its most powerful offensive.

Score in Third Period.

In the third period, Klinck's eleven threatened once or twice, carrying the play into East Liverpool territory and finally scoring as Fullback Irons reeled off a five-yard gain and then one for seven to plant the ball across the last chalk mark.

The East Liverpool line was outweighed but Captain Dick Larkins, like the keystone that keeps the great arch together, made up for anything that the Blue lacked.

East Liverpool's first touchdown, in the first quarter, was executed in a play identical with the one that defeated Chester and pulled off in practically the same territory.

Starting on the Wellsville 47 after Halfback Calhoun had been stopped for a 10-yard loss, Bromby and McKee hit the line for two successive first downs and then a pass, McKee to Bromby, but the ball on the 11-yard line. After Bromby and Pusey had each picked up a yard on the line, McKee passed and Pusey took the throw over in the corner of the end, crossing the goal line practically unmolested.

McKee Makes Point.

McKee's placement kick, which soared between the bars, kept the score from going to a tie as Wellsville hung up a touchdown in the third quarter.

The Orange scored as the period was about half completed. They gained greatly on Provost's kickoff. The ball went bounding down toward the East Liverpool goal line and Pusey, expecting it to roll over, let it go. But the heavy turf stopped its momentum and Pusey grabbed it up about two yards from the line, returning to the 19 where he was downed.

After ineffectual attempts to ram the line, the locals punted and Calhoun, grabbing the oval on the run, eluded several East Liverpool tacklers as he ran the ball back to the 12-yard line. Irons smashed the line for five yards. Calhoun hit but was stopped and fumbled. Irons again carried the ball and ducked through a hole at right tackle for a touchdown.

Calhoun's try for point, a dropkick, was blocked.

Second Touchdown.

East Liverpool's second touchdown came in the first few minutes of the final period. A fumble in the Wellsville secondary defense on McKee's punt put the ball in scoring position, Cordwin recovering on the 23 in the closing minutes of the third quarter. Wellsville recovered possession when Calhoun lost two yards on a run from punt formation and the visitors were penalized for use of hands on offense. The penalty put the ball on the three-yard line. Calhoun punted to McKee on the 15 and Dick ran it back to the eight. Pusey hit left tackle for two yards and Bromby made three at center. On the next play McKee went through for a touchdown. A forward pass failed to make the extra point.

The contest was keenly fought from start to finish and cleanly played by both sides and did not lack in thrills, even in the last few minutes. At this point the forwards charged through to block Pusey's punt and recovered the ball on the East Liverpool 15-yard line, most of Kidder's second string players being in at the time. Two line plunges netted three yards and the game ended.

The victory evens the standing of the two teams at nine apiece.

INSIDE GOLF

By CHESTER HORTON, Maker of 61 Golf Champions. "Golf's most successful teacher," says "Chick" Evans.

Always in the approach shot where there is a rise of ground or a hazard of some kind to be negotiated, the problem always presents itself as to whether the play should be directly to the pin or whether the ball better be hopped across the obstacle and permitted to run up. Usually the player hazily adopts the latter method and then plays, hoping for the best. There need be no bothering complication about the ball that is to run. The loft of the clubhead will lift the ball. To make it run, simply stretch out the arms in the back swing keeping the clubhead low to the ground as far back as possible. Then, when the blade swings forward, it will so take the ball that it imparts spin to it. Keep the arms rather stiff, not rigid, for a running ball—no wrists at all.

ACHING JOINTS, RHEUMATISM

"Heet" Relieves Instantly

With applicator attached to cork, just brush "Heet" over the pain area, whether in knees, feet, legs, hands, shoulders, back, neck or body. Instantly, you feel this harmless, glorious, penetrating heat draw the pain, soreness and stiffness, right out of any aching or swollen joint, muscle or neuritis-ridden nerve. Besides, "Heet" scatters the congestion and establishes a cure.

"Heet" contains two soothing, penetrating ingredients, two expensive to use in ordinary liniments or analgesics. "Heet" is a clean, pleasant liquid: doesn't stain, blister or irritate the skin and costs only 60 cents at any drug store.

GLIMPSES FROM THE SIDELINES

No athletic contest, or probably any other event, brought out the attendance that yesterday's game did. After all advantageous room on the field had been occupied, fans stood along West Eighth street, the railroad tracks and the hillside on the south.

Although school authorities had not figured up receipts today, it was estimated the proceeds would reach around the $1,500 mark. A fenced in park would have tripled or quadrupled that amount, at the least.

"Franner" McConville has been bumped and bruised more or less in his scholastic grid career but yesterday he experienced a new one. McConville tacked Calhoun back of the line in a pile of sawdust, part of which went down his throat. The game was stopped to permit him to "cough up."

Quarterback Provost, of Wellsville can qualify as one of the gamest scrappiest little backfield men in the county as a result of his performances, not only yesterday, but through the season.

Coach Earl Klinck was assisted on the coaching bench by Cletus Patterson, former Ohio University star, while Bill Cox, ex-Muskingum college center, assisted Coach Kidder of the Blue.

Majority of the local reserve players were used in the final few minutes of the game in order to permit them to qualify for their letters.

The immense crowd that thronged the sidelines, clear around, kept order from start to finish.

The visitors were unable to negotiate the passing game successfully while two of the Blue's heaves resulted in their first touchdown.

Rival cheer leaders indulged in quite a duel for attention between halves, as they flaunted their respective emblems, led by George Boyd, of East Liverpool, and "Rolly" Russell, of Wellsville.

Spectators who had crowded around the wire outside the playing field "stayed put" between halves. There was no walking around or warming up. They had gained vantage places and feared to lose them.

GREYS-BLUES BATTLE AGAIN

The East Liverpool Greys will tackle the East End Blues tomorrow afternoon at Patterson Field. The game is slated to start at 3:30.

All Greys are ordered to report tonight at the Liberty at 8 o'clock, along with Gibas, Woolley, Johnson, Staats, Finley, Buck Gerace, "Goose" Mundy and Dick Stockdale.

A fast contest is certain when these rivals clash.

Nine Members of Local Team Play Their Last Game

Nine of the East Liverpool eleven that started yesterday's game will be lost to the team through graduation next spring.

The contest was the last scholastic game for Captain Dick Larkins, center; McConville and Lincoln, ends and halfbacks; Todd, tackle; Carney and Irwin, guards, and Pusey, Bromby and McKee, backs.

MOUNT DOWNS WOOSTER, 9-0

Armstrong Smashes Line for Score in First Period.

Mount Union gridders won in a muddy Thanksgiving Day battle over the Wooster eleven by the score 9-0. It is Mount's first win since 1914. The game was played before a crowd estimated at 5,000, the largest at Hartshorn field this year.

Mount made three first downs by line plunges and one by a penalty. Wooster penetrated the Mount line only once for a first down, though they gained two by the air route and one on a penalty.

Wooster resorted to the forward pass in a vain attempt to score in the fourth period. They completed five out of thirteen tries, while Mount failed to complete one out of four attempts.

Mount's first score came early in the first period and was the result of a punt blocked and recovered by Burkie on Wooster's five yard line. Captain "Army" Armstrong crossed the goal line on the third plunge through right tackle. Meredith place-kicked for the extra point.

A try by Meredith to place-kick from the twenty-five yard line in the third quarter went low.

Mount scored a safety in the third quarter when Burkie blocked a punt and McGranahan recovered outside the end zone.

The ball was in Wooster's territory for the greater part of the game, partly due to the punting of Armstrong and to the fact that the Wooster line was outcharged in the first and third periods. Armstrong and Burkle, seniors on the Mount team, played the stellar game of their career. Jameson, all-Ohio end, was easily the outstanding Wooster player.

SERVICE TEAMS SET FOR CLASH

Take Part Today in Stadium Dedication Program.

CHICAGO, Nov. 26.—Eighty seven generals and admirals of the United States army and navy were in Chicago today prepared for what might prove to be the toughest battle of their careers. It all depends on what success the league of nations or some other allied agency for preserving peace may have in preventing war.

This much is certain—no future war will be fought with more determination than the Army-Navy football game scheduled for Soldiers Memorial stadium here tomorrow afternoon.

The eighty-seven warriors mentioned above are members of the rival grid teams. Forty-one of them hail from the military academy at West Point, and forty-six come from the naval academy at Annapolis.

The gridders, arrayed in their impressive uniforms, arrived here yesterday. "Navy Bill" Ingram, coach of the Middies, was in charge of the sea going contingent, and Biff Jones, famous mentor of the Cadets, headed the West Point squad.

Squads Limber Up.

After lunch and a brief rest the squads took the field for limbering up exercises. Coach Jones ran his troops through a brief signal drill.

Today 1,115 Cadets and 1,940 Midshipmen, accompanied by a distinguished group of diplomats, cabinet members and high rankigg officers of the army and navy will arrive to cheer for one or the other side. This afternoon Chicago will se this notable gathering parade down it's principal boulevard to Soldiers' field where the new $8,000,000 stadium will be dedicated to the men who lost their lives in the world war.

Vice-President Dawes, Mayor Dever, the president of the South park board and the superintendents of the two service academies will be the outstanding figures in these ceremonies. Each will make a brief address.

Colder weather and possibly snow was the official forecast for the big game tomorrow. The field, however, has been protected for weeks with a heavy tarpaulin, and unless the snow is unusually heavy it is not expected to interfere with the playing of the game.

A forward pass failed to make the extra point.

The contest was keenly fought from start to finish and cleanly played by both sides and did not lack in thrills, even in the last few minutes. At this point the forwards charged through to block Pusey's punt and recovered the ball on the East Liverpool 15-yard line, most of Kidder's second string players being in at the time. Two line plunges netted three yards and the game ended.

The victory evens the standing of the two teams at nine apiece.

INSIDE GOLF

By CHESTER HORTON,

Maker of 81 Golf Champions. "Golf's most successful teacher," says "Chick" Evans.

Always in the approach shot where there is a rise of ground or a hazard of some kind to be negotiated, the problem always presents itself as to whether the play should be directly to the pin or whether the ball better be hopped across the obstacle and permitted to run up. Usually the player hazily adopts the latter method and then plays, hoping for the best. There need be no bothering complication about the ball that is to run. The loft of the clubhead will lift the ball. To make it run, simply stretch out the arms in the back swing keeping the clubhead low to the ground as far back as possible. Then, when the blade swings forward, it will so take the ball that it imparts spin to it. Keep the arms rather stiff, not rigid, for a running ball—no wrists at all.

ACHING JOINTS, RHEUMATISM

"Heet" Relieves Instantly

With applicator attached to cork, just brush "Heet" over the pain area, whether in knees, feet, legs, hands, shoulders, back, neck or body. Instantly, you feel this harmless, glorious, penetrating heat draw the pain, soreness and stiffness, right out of any aching or swollen joint, muscle or neuritis-ridden nerve. Besides, "Heet" scatters the congestion and establishes a cure.

"Heet" contains two soothing, penetrating ingredients, two expensive to use in ordinary liniments or analgesics. "Heet" is a clean, pleasant liquid; doesn't stain, blister or irritate the skin and costs only 60 cents at any drug store.

GLIMPSES FROM THE SIDELINES

No athletic contest, or probably any other event, brought out the attendance that yesterday's game did. After all advantageous room on the field had been occupied, fans stood along West Eighth street, the railroad tracks and the hillside on the south.

Although school authorities had not figured up receipts today, it was estimated the proceeds would reach around the $1,500 mark. A fenced in park would have tripled or quadrupled that amount, at the least.

"Franner" McConville has been bumped and bruised more or less in his scholastic grid career but yesterday he experienced a new one. McConville tacked Calhoun back of the line in a pile of sawdust, part of which went down his throat. The game was stopped to permit him to "cough up."

Quarterback Provost, of Wellsville can qualify as one of the gamest scrappiest little backfield men in the county as a result of his performances, not only yesterday, but through the season.

Coach Earl Klinck was assisted on the coaching bench by Cletus Patterson, former Ohio University star, while Bill Cox, ex-Muskingum college center, assisted Coach Kidder of the Blue.

Majority of the local reserve players were used in the final few minutes of the game in order to permit them to qualify for their letters.

The immense crowd that thronged the sidelines, clear around, kept order from start to finish.

The visitors were unable to negotiate the passing game successfully while two of the Blue's heaves resulted in their first touchdown.

Rival cheer leaders indulged in quite a duel for attention between halves, as they flaunted their respective emblems, led by George Boyd, of East Liverpool, and "Rolly" Russell, of Wellsville.

Spectators who had crowded around the wire outside the playing field "stayed put" between halves. There was no walking around or warming up. They had gained vantage places and feared to lose them.

Nine Members of Local Team Play Their Last Game

Nine of the East Liverpool eleven that started yesterday's game will be lost to the team through graduation next spring.

The contest was the last scholastic game for Captain Dick Larkins, center; McConville and Lincoln, ends and halfbacks; Todd, tackle; Carney and Irwin, guards, and Pusey, Bromby and McKee, backs.

MOUNT DOWNS WOOSTER, 9-0

Armstrong Smashes Line for Score in First Period.

Mount Union gridders won in a muddy Thanksgiving Day battle over the Wooster eleven by the score 9-0. It is Mount's first win since 1914. The game was played before a crowd estimated at 5,000, the largest at Hartshorn field this year.

Mount made three first downs by line plunges and one by a penalty. Wooster penetrated the Mount line only once for a first down, though they gained two by the air route and one on a penalty.

Wooster resorted to the forward pass in a vain attempt to score in the fourth period. They completed five out of thirteen tries, while Mount failed to complete one out of four attempts.

Mount's first score came early in the first period and was the result of a punt blocked and recovered by Burkie on Wooster's five yard line. Captain "Army" Armstrong crossed the goal line on the third plunge through right tackle. Meredith place-kicked for the extra point.

A try by Meredith to place-kick from the twenty-five yard line in the third quarter went low.

Mount scored a safety in the third quarter when Burkle blocked a punt and McGranahan recovered outside the end zone.

The ball in Wooster's territory for the greater part of the game, partly due to the punting of Armstrong and to the fact that the Wooster line was outcharged in the first and third periods. Armstrong and Burkle, seniors on the Mount team, played the stellar game of their career. Jameson, all-Ohio end, was easily the outstanding Wooster player.

GREYS-BLUES BATTLE AGAIN

The East Liverpool Greys will tackle the East End Blues tomorrow afternoon at Patterson Field. The game is slated to start at 3:30.

All Greys are ordered to report tonight at the Liberty at 8 o'clock, along with Gibas, Woolley, Johnson, Staats, Finley, Buck Gerace, "Goose" Mundy and Dick Stockdale.

A fast contest is certain when these rivals clash.

RODEBAUGH WINS TOURNEY MATCH

Rodebaugh triumphed over Trout, 100 to 62, in last night's match at the American billiard parlors.

Johannes and Smith will close the week's schedule tonight.

SERVICE TEAMS SET FOR CLASH

Take Part Today in Stadium-Dedication Program.

CHICAGO, Nov. 26.—Eighty seven generals and admirals of the United States army and navy were in Chicago today prepared for what might prove to be the toughest battle of their careers. It all depends on what success the league of nations or some other allied agency for preserving peace may have in preventing war.

This much is certain—no future war will be fought with more determination than the Army-Navy football game scheduled for Soldiers Memorial stadium here tomorrow afternoon.

The eighty-seven warriors mentioned above are members of the rival grid teams. Forty-one of them hail from the military academy at West Point, and forty-six come from the naval academy at Annapolis.

The gridders, arrayed in their impressive uniforms, arrived here yesterday. "Navy Bill" Ingram, coach of the Middies, was in charge of the sea going contingent, and Biff Jones, famous mentor of the Cadets, headed the West Point squad.

Squads Limber Up.

After lunch and a brief rest the squads took the field for limbering up exercises. Coach Jones ran his troops through a brief signal drill.

Today 1,115 Cadets and 1,940 Midshipmen, accompanied by a distinguished group of diplomats, cabinet members and high rankigg officers of the army and navy will arrive to cheer for one or the other side. This afternoon Chicago will see this notable gathering parade down it's principal boulevard to Soldiers' field where the new $8,000,000 stadium will be dedicated to the men who lost their lives in the world war.

Vice-President Dawes, Mayor Dever, the president of the South park board and the superintendents of the two service academies will be the outstanding figures in these ceremonies. Each will make a brief address.

Colder weather and possibly snow was the official forecast for the big game tomorrow. The field, however, has been protected for weeks with a heavy tarpaulin, and unless the snow is unusually heavy it is not expected to interfere with the playing of the game.

Details of Blue's Thanksgiving Day 13-6 Victory, Play By Play

Captain Hepp, of Wellsville, kicked off to Mackall who returned the kick five yards to the 28 line. Pusey made two at left end and Mackall four at left guard. Larkins punted to Eschbacher on the 10, Calhoun rounded right end of 20 yards nad a first down and Eschbacher picked up eight more at right end as the half ended.

Third Quarter.

Provost kicked off to Pusey. The gall rolled to the two yard line. Pusey picked it up and ran it back to the 10. Pusey made one at right tackle and Bromby three at left guard. Bromby hit right guard for one more and Larkins punted to the 40. Calhoun pulled it out of the air and ran it back to the 18 where he was brought down by Pusey, the players rolling out of bounds. Irons made five at right tackle. Calhoun fumbled in a line play but the Orange recovered. Provost was stopped at left tackle. Irons tried the other side and broke through right tackle for a touchdown. Calhoun's try for point, a dropkick, was blocked by Bromby and the score stood: East Liverpool 7, Wellsville 6.

Provost kicked off to Mackall, who, after a five-yard return was stopped on the 35. Bromby lost one at right end and Pusey lost four at left end when he tripped over a player who had been thrown back on the ground. Provost intercepted a pass on East Liverpool's 49. Eschbacher made five at left end. Calhoun was thrown by McConville for a 10-yard loss. Calhoun then punted to Pusey on East Liverpool's 28. McKee made one at right end. Bromby added two at right end, being forced out of bounds.

McKee punted. The Wellsville receiver fumbled and Cordwin recovered on Wellsville's 23. Bromby hit center for a yard, McKee's pass was grounded. Bromby added two at right tackle and Calhoun then intercepted a pass on the 18 as the quarter ended.

Fourth Quarter.

Provost was forced out of bounds at left end, losing a yard. Calhoun lost two more on an attempted end run from kick formation. Wellsville was penalized for use of hands on offense and the ball was placed in play on the Orange's three-yard line. Back of his own goal line, Calhoun punted out to McKee on the 15 and McKee ran the ball back to the eight yard line. Pusey made two at left tackle and Bromby three at center. McKee went over on the next line punch for a touchdown. Larkins' pass to Pusey for the extra point failed, Pusey being stopped before he reached the goal line.

McKee kicked off, the ball going out of bounds and on his next try the ball went to Irons on the 15 who returned it to the 40. Two passes were grounded. Provost lost a yard at right end and Calhoun punted to Pusey on East Liverpool's 48. Mackall hit right tackle for a yard. Bromby was stopped at the same place. A 30-yard pass was grounded. Irons intercepted a pass on the 32. Calhoun's pass to Provost was grounded. Eschbacher was stopped at left tackle. A pass was grounded and Calhoun punted to Pusey on East Liverpool's 45.

With only a few minutes of play remaining a number of East Liverpool substitutes were sent in. VanDyne lost a yard at right end. East Liverpool was penalized five yards for an offside play. Pusey's punt was blocked and Wellsville recovered the ball on the 15 yard line. A pass was grounded. Irons made two at right tackle. Calhoun made one at left tackle as the timer's gun barked, ending the game.

Draft Big 10 Sked.

CHICAGO, Nov. 26. — Big Ten coaches, athletic directors and faculty representatives will meet here today to draft the Western conference football schedue for 1927. Rumors concerning severance of athletic relations between various schools flew thick and fast as time for the scheduled meeting drew near. One report was that Michigan and Minnesota will not meet next fall and that Ohio State will renew relations with Wisconsin. Another rumor had it that Wisconsin will break with Iowa.

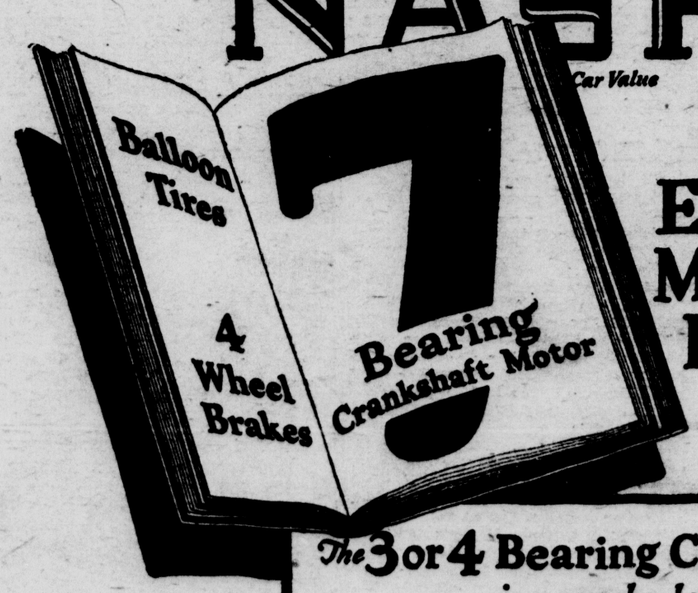
NASH



Great Events in Motor Car History

The 3 or 4 Bearing Crankshaft is now obsolete in Nash engineering practice

Here's something of real importance for every prospective buyer of a SIX to think about—

—if you buy a new car now that still has the old-type crankshaft with only 3 or 4 bearings, what is going to happen to its resale value?

Manufacturers who still cling to the 3 or 4 bearing crankshaft design know just as well as you do that the MODERN crankshaft has 7 bearings.

And certainly with Nash setting the pace they are not likely to hold to the old style of design any longer than they are compelled to under their manufacturing conditions.

The authority of Nash engineering submits to your own good judgment that the motor with a 3 or 4 bearing crankshaft cannot be called a truly modern type of motor.

Chester Gridders Land Hancock County Football Honors

Trim New Cumberland In Turkey Day Clash By Single Touchdown

Halfback Johnson "Goes Over Top" in Third Period for Purple's Score; Display Great Defense on Two Occasions When Home Eleven is Repulsed on Goal Tries.

Hancock county champions for 1926.

Coach Ray Wilde's Chester gridders today boast the title as a result of their 6-0 triumph over New Cumberland yesterday afternoon at the Hancock county seat and joy reigns supreme in athletic circles across the river.

Over a thousand football fans saw the New Cumberland aggregation go down to defeat before the superior playing of their opponents. They saw as clean a football battle as anyone could wish to see between high school teams.

The game was mostly a game of straight football both teams depending on end runs and plays through the line to make their gains. Very few forward passes were used, New Cumberland trying five, making two while Chester tried two and failed in both of them.

Chester made ten first downs to New Cumberland's five, Chester making four in the first half, while New Cumberland made three in the earlier periods.

The game during the first quarter wa a toss-up both teams putting up an even battle with Chester making one first down to New Cumberland's two.

Chester had the best of it in the second period, though the New Cumberland boy htreatened to score when they put the ball on Chester's twenty yard line. They lost all chances of scoring however, when Gibbs place kick from the twenty-five yard line was low. With the ball on the twenty yard line Chester high started a pretty march down the field, making forty yards in three downs, the half ending on New Cumberland's 31 yard line.

In the third period Chester scored the touchdown that won victory, end runs by Johnson, line bucks by Shaw and Kimble paving the way for it, Johnson carrying the ball over at the end of the march.

New Cumberland threatened to score again in the last period, a forward pass putting the ball on Chester's 20-yard line but the New Cumberland boys advanced no farther. They lost the ball on downs on Chester's twenty-three yard line. Chester, from the fifteen yard line, began another march down the field, making three first downs as the game ended on New Cumberland's thirty-five yard line.

Dick Johnson was the star. He circled the New Cumberland ends for gains of from five to twenty-five yards all through the contests. Shaw and Kimble followed Johnson in offensive playing, both hitting the New Cumberland forward wall for big gains. Chester's line playing was way above the average both on offense and defense, Hindes, Cundiff, and De Long starring in their positions.

Long, Gibbs, Edie and Wren were the best performers for New Cumberland.

Gibbs kicked off for New Cumberland, the ball going to the forty yard line. Bartley gains five around left end. Shat hit the line for two. Chester fumbled but recovered for a three yard loss. Chester failed to make its distance. Long circled right end for twenty-five yards. Gibbs rammed the line for a yard. Huff lost three yards on an end run. Long's forward pass was incomplete. Gibbs punted to Chester's three yard line. Shaw plunged the line for three. Johnson raced up the field for a gain of twenty-eight yards.

Hoskinson failed to gain. Johnson and Shaw gained five yards on the next two plays. Shaw punted to New Cumberland's five yard line. Gibbs punted to his own forty-five yard line. Johnson racing back to the thirty yard line.

New Cumberland held Chester for downs taking the ball on their own twenty yard line.

New Cumberland held Chester for downs, taking the ball on the twenty three yard line. Long went around right end for twenty yards putting the ball on New Cumberlands forty-three yard line, where the quarter ended.

Gibbs got a yard in the line. New Cumberland could not gain and Gibbs punted. Johnson failed to gain. Chester fumbled and New Cumberland recovered. Huff made nothing on an end run. Long once more showed his heels, making another twenty yard gain around right end to put the ball on Chester's twenty-five yard line. New Cumberland advanced the ball to the twenty yard line in three downs. Gibbs tried to place-kick from the twenty- five yard line but his kick went under the cross bar, the ball going to Chester on the twenty yard line. Kimble hit left tackle for seven yards. Shaw went through center for a first down. Johnson got five yards at right end. Shaw plunged through for another first down. Chester was penalized for being off side. Shaw got five yards at right tackle. Shaw hit left guard for three more yards. New Cumberland was penalized for being off side. Shaw went through right guard for another two yards. Kimble made it another first down for Chester. Johnson raced through right tackle for nine yards the half ending on New Cumberland's thirty-one yard line.

De Long started the second half by punting to the eleven yard line, Gibbs running back to New Cumberland's thirty yard line. Chester was penalized fifteen yards for roughness putting the ball on the forty-five yard line. New Cumberland failed to advance and Gibbs punted. Johnson and Kimble gained nine yards on two plays. Johnson once more made the Chester rooters glad when he went around New Cumberland's right end for another twenty-five yards. Kimble and Shaw, on four plays, made another first down for Chester, putting the ball on New Cumberland's twenty yard line. Johnston and Shaw made another first down for Chester, putting the ball on the ten yard line. Kimble was hurt and Bartley took his place. Bartley made five yards at right end. Shaw plunged through to a foot from the goal, Shaw was stopped.

On the next play Johnson went over for a touchdown through right tackle. DeLong's drop kick for point after touchdown was blocked.

De Long kicked off for Chester. New Cumberland failed to gain and Gibbs punted. Johnson got four yards at right tackle. Hoskinson got a yard in center. Chester was penalized fifteen yards for running with the ball after a forward pass had been grounded. Shaw punted to his own forty yard line. Long lost five yards on an end run. Gibbs threw a forward pass to Edie for a first down putting the ball on Chester's twenty yard line. Gibbs failed to gain. Gibbs lost ten yards on a play around left end. Gibbs' forward pass was incomplete. Gibbs threw another forward pass to Edie that was good but it failed to make a first down for New Cumberland and Chester took the ball on their own twenty-three yard line. Shaw and Johnston on two plays made a first down for Chester. Shaw went through right guard for another ten yards. Chester was penalized five yards for being off side. Bartley circled left end for another twenty yard gain. Johnson found right tackle good for three yards. Shaw's forward pass was incomplete. The game ended when Hoskinson carried the ball to New Cumberland's thirty-five yard line.

Grand Billiards Vs. Liberty Billiards

The Grand Billiards will play their final game with the Liberty Billiards at Patterson field, Saturday afternoon at 8 o'clock. These teams have played good football this season, and a hard-fought contest is expected.

ALABAMA WINS FROM GEORGIA

Game Uncovers Passing Genius in Winslett.

BIRMINGHAM, Ala., Nov. 26.—Let the exhorters prate of the Navy's all around excellence, the running game of Stanford and Lafayette, Brown's eleven, Joe McGinnity's and the put-and take varsity combinations of Rockne and Notre Dame but give me the Alabama team that beat Georgia, 33 to 6, yesterday and I'll ask nothing further of this life. There, ladies, gentlemen and female impersonators, was and is a football eleven.

If Stanford happens to be unaware of this fact, it will not remain in ignorance indefinitely. Possibly the coast champions have been apprised of the situation even at this early moment, for Mr. Glenn Warner was among those present yesterday and what he saw was enough to send him into the dark of incoming night, muttering strange sounds in his head. Mr. Warner has seen many good and bad football teams in his time. He saw an extremely good one yesterday.

It was a liberal education to anyone with the faintest pretense to technical knowledge of this game to watch it expounded by this product of the genuis that is Wallace Wade.

"If you can't block, you can play no football for me," is one of Wade's dictums and, whether he means it or not, it is fact, not fiction, that no Alabama man ever has gone to the extreme of testing the coach's good faith on this point. Alabama takes its men out in a manner that must have aroused a dubious and reluctant admiration in a man such as Warner who has committed himself to a life time, in which interference is given the alternative of taking the man or taking the air. An almost equal number of young men have voluntarily taken both, so insistent is Mr. Warner on this point.

Alabama's mastery of the technique means that one of two fundamental principles of all attack is accounted for. The other is the execution and conception of the pass. And here again the Wade outfit is just about foolproof, or, at least, it was yesterday. It has a passing genius in Winslett, the type of passer who bobs up from no where once in a decade. This man throws them faster, more accurately and, if necessary, further than any man who has played college football in recent years. I make this statement duly cognizant of the fact that Benny Friedman, of Michigan, still is very much with the situation.

Winslett is a better passer than Friedman. Moreover, he is of greater value to Alabama than any individual of the day and age is to his particular team. This hombre plays a defensive end that would prove a comfort to the declining years of such as Tack Hardwick, Bomeisler, Kilpatrick, and the other immortals. On attack, he goes into the backfield to pass as few men ever could, to run and to direct the team as its field general. I am pained to relate that he doesn't punt. Some one should speak to him kindly but severely on this point.

Cadiz Loses Game And $200 in Cash

COSHOCTON, O., Nov. 26.— The Cadiz high school football team today was mourning—and only part of the grief was occasioned by the loss of a game.

While the Coshocton high gridders, champions of the Central Ohio High School League, were defeating the Cadiz team, 87 to 0, in a Thanksgiving game, a thief ransacked the lockers of the visitors, and abstracted about $200 from their street clothes.

Police here today declared they had a good clue to the identity of the thief, and expected to make an arrest.

All-Ohio Conference Eleven Is Powerful In Offense Lineup

Armstrong, Mt. Union Fullback, Wins Berth on Mythical Team; Mauer, Wittenberg, Blickle, Wesleyan, and Blough, of Wooster, Complete Fast, Hard-driving Quartet of Backs.

By Stanley D. Koch.

CLEVELAND, Nov. 26.—It's open season on all sport writers now.

From the time that the first all-star teams appear in publication to the last dying disgruntled murmur those instrumental in the selection of the star elevens, are laying themselves open not only to criticism but to merciless heckling. So much for the plea of the defense.

In the presentation of the 1926 International News Service all-Ohio teams, the election of players is the concensus of the coaches of the Ohio conference. It is not humanly possible to see every player all the time and his impression in one game is not sufficiently indicative to be a fair test of his ability. Therefore, those coaches who work with the players each day as well as the opposing mentors, who see the players in action against their own eleven or against another team, are the best judges of the elite. This selection is the choice of the Ohio conference's coaches and must stand or fall on their collective football knowledge.

Powerful Offensive.

The 1926 all-Ohio conference team is powerful on offense. In Mauer and Blough, it has two speedsters, capable of every offensive play except mayhem. In Blickle and Armstrong are a pair of hard driving, gaingetting backs, who have seldom fallen down when yardage was needed.

The ends are spectacular pass receivers, as are the tackles on shift plays.

Defensively, there is a powerful forward wall, fast, shifty, deadly tacklers and alert. The secondary defense is efficient and able to diagnose the plays and avert big gains.

At left end, Wise of Ohio, big enough to be heavy, but not too heavy to be fast. He has shown a disposition to crash into and break the interference, a good pass receiver and fine in turning the tackle for the line plays. His partner, Doll, of Case, is perhaps the sensational pass snagger of the year.

West Named Again.

At the tackles are West, of Reserve, and Tilton, of Ohio Wesleyan, two All-Ohio players of last year. West, who is selected for the third time on a state all-star team, wasn't quite up to previous year's standard, but still outranked the other tackles except Tilton. He is big and shifty, a crashing type of player, stronger on offense than defense, while Tilton is an all-around star. The Wesleyan tackle follows the ball well and like West is down with the ends under punts.

Bowers, of Ohio Wesleyan, who was laid up and kept out of the last couple of games, was so near a perfect guard as the Ohio conference has had for some time. Very few gains got through his position and he showed the tendency to break through the opposition with a regularity that wore out his opponents. Snyder, of Wooster, his mate, was not far behind him, playing a powerful defensive game, and was one of the stabilizing factors in the Wooster line.

Critchfield at Center.

Hank Critchfield at center is selected as captain of this mythical eleven. He was one of the best snapper-backs in years, a ranging defensive player, a hard driving, sure passing center, down the field with the punts and an effective tackler, as well as a keen diagnostician of plays.

Another Wooster player, Pete Blough, is elected for the quarterback job. Pete ran the Wooster eleven like a master. His open field running was a constant menace, but no more so than his ability in the field goal line. His many successful drop kicks paved the way for many Wooster wins. Blough was a great safety man, a dead-fire tackler and a skillful blocker.

At the halves are placed Eddie Blickle of Ohio Wesleyan and Mauer of Wittenberg. Blickle is a veteran all-star man and despite his injuries, hew as one of the finest players Ohio has seen for a good long time, his shifty running and speed as well as the momentum of his driving power usually yielding gains.

Pick Mount Fullback.

With him, Young Mauer, Wittenberg's star sophomore halfback, perhaps the fastest man in the conference, proved a sparkling player, a delight to any coach. His speed, once given the ball and chance, usually tallied. Despite his weight he played consistently and beautifully.

Armstrong of Mt. Union is chosen for fullback. "Army" was the power of the Mount's game, the biggest factor in the Purple attack and a great part of the defense. He is the type of hard-driving back that is invaluable, a good defensive player and a successful blocker.

Thus the first team shows three members each from Wooster and Ohio Wesleyan, and one each from Ohio, Western Reserve, Case, Wittenberg and Mt. Union.

On the mythical second team are four Miami men, two each from Denison and Oberlin and one from Muskingum, Case and Wittenberg.

An athletic stadium seating 3,000 will be erected at Panama.

Chester Gridders Land Hancock County Football Honors

Trim New Cumberland In Turkey Day Clash By Single Touchdown

Halfback Johnson "Goes Over Top" in Third Period for Purple's Score; Display Great Defense on Two Occasions When Home Eleven is Repulsed on Goal Tries.

Hancock county champions for 1926.

Coach Ray Wilde's Chester gridders today boast the title as a result of their 6-0 triumph over New Cumberland yesterday afternoon at the Hancock county seat and joy reigns supreme in athletic circles across the river.

Over a thousand football fans saw the New Cumberland aggregation go down to defeat before the superior playing of their opponents. They saw as clean a football battle as anyone could wish to see between high school teams.

The game was mostly a game of straight football both teams depending on end runs and plays through the line to make their gains. Very few forward passes were used, New Cumberland trying five, making two while Chester tried two and failed in both of them.

Chester made ten first downs to New Cumberland's five, Chester making four in the first half, while New Cumberland made three in the earlier periods.

The game during the first quarter wa a toss-up both teams putting up an even battle with Chester making one first down to New Cumberland's two.

Chester had the best of it in the second period, though the New Cumberland boy htreatened to score when they put the ball on Chester's twenty yard line. They lost all chances of scoring however, when Gibbs place kick from the twenty-five yard line was low. With the ball on the twenty yard line Chester high started a pretty march down the field, making forty yards in three downs, the half ending on New Cumberland's 31 yard line.

In the third period Chester scored the touchdown that won victory, end runs by Johnson, line bucks by Shaw and Kimble paving the way for it, Johnson carrying the ball over at the end of the march.

New Cumberland threatened to score again in the last period, a forward pass putting the ball on Chester's 20-yard line but the New Cumberland boys advanced no farther. They lost the ball on downs on Chester's twenty-three yard line. Chester, from the fifteen yard line, began another march down the field, making three first downs as the game ended on New Cumberland's thirty-five yard line.

Dick Johnson was the star. He circled the New Cumberland ends for gains of from five to twenty-five yards all through the contests. Shaw and Kimble followed Johnson in offensive playing, both hitting the New Cumberland forward wall for big gains. Chester's line playing was way above the average both on offense and defense, Hindes, Cundiff, and De Long starring in their positions.

Long, Gibbs, Edie and Wren were the best performers for New Cumberland.

Gibbs kicked off for New Cumberland, the ball going to the forty yard line. Bartley gains five around left end. Shat hit the line for two. Chester fumbled but recovered for a three yard loss. Chester failed to make its distance. Long circled right end for twenty-five yards. Gibbs rammed the line for a yard. Huff lost three yards on an end run. Long's forward pass was incomplete. Gibbs punted to Chester's three yard line. Shaw plunged the line for three. Johnson raced up the field for a gain of twenty-eight yards.

Hoskinson failed to gain. Johnson and Shaw gained five yards on the next two plays. Shaw punted to New Cumberland's five yard line. Gibbs punted to his own forty-five yard line. Johnson racing back to the thirty yard line.

New Cumberland held Chester for downs taking the ball on their own twenty yard line.

New Cumberland held Chester for downs, taking the ball on the twenty three yard line. Long went around right end for twenty yards putting the ball on New Cumberlands forty-three yard line, where the quarter ended.

Gibbs got a yard in the line. New Cumberland could not gain and Gibbs punted. Johnson failed to gain. Chester fumbled and New Cumberland recovered. Huff made nothing on an end run. Long once more showed his heels, making another twenty yard gain around right end to put the ball on Chester's twenty-five yard line. New Cumberland advanced the ball to the twenty yard line in three downs. Gibbs tried to place-kick from the twenty- five yard line but his kick went under the cross bar, the ball going to Chester on the twenty yard line. Kimble hit left tackle for seven yards. Shaw went through center for a first down. Johnson got five yards at right end. Shaw plunged through for another first down. Chester was penalized for being off side. Shaw got five yards at right tackle. Shaw hit left guard for three more yards. New Cumberland was penalized for being off side. Shaw went through right guard for another two yards. Kimble made it another first down for Chester. Johnson raced through right tackle for nine yards the half ending on New Cumberland's thirty-one yard line.

De Long started the second half by punting to the eleven yard line, Gibbs running back to New Cumberland's thirty yard line. Chester was penalized fifteen yards for roughness putting the ball on the forty-five yard line. New Cumberland failed to advance and Gibbs punted. Johnson and Kimble gained nine yards on two plays. Johnson once more made the Chester rooters glad when he went around New Cumberland's right end for another twenty-five yards. Kimble and Shaw, on four plays, made another first down for Chester, putting the ball on New Cumberland's twenty yard line. Johnston and Shaw made another first down for Chester, putting the ball on the ten yard line. Kimble was hurt and Bartley took his place. Bartley made five yards at right end. Shaw plunged through to a foot from the goal, Shaw was stopped.

On the next play Johnson went over for a touchdown through right tackle. DeLong's drop kick for point after touchdown was blocked.

De Long kicked off for Chester. New Cumberland failed to gain and Gibbs punted. Johnson got four yards at right tackle. Hoskinson got a yard in center. Chester was penalized fifteen yards for running with the ball after a forward pass had been grounded. Shaw punted to his own forty yard line. Long lost five yards on an end run. Gibbs threw a forward pass to Edie for a first down putting the ball on Chester's twenty yard line. Gibbs failed to gain. Gibbs lost ten yards on a play around left end. Gibbs' forward pass was incomplete. Gibbs threw another forward pass to Edie that was good but it failed to make a first down for New Cumberland and Chester took the ball on their own twenty-three yard line. Shaw and Johnston on two plays made a first down for Chester. Shaw went through right guard for another ten yards. Chester was penalized five yards for being off side. Bartley circled left end for another twenty yard gain. Johnson found right tackle good for three yards. Shaw's forward pass was incomplete. The game ended when Hoskinson carried the ball to New Cumberland's thirty-five yard line.

Grand Billiards Vs. Liberty Billiards

The Grand Billiards will play their final game with the Liberty Billiards at Patterson field, Saturday afternoon at 8 o'clock. These teams have played good football this season, and a hard-fought contest is expected.

ALABAMA WINS FROM GEORGIA

Game Uncovers Passing Genius in Winslett.

BIRMINGHAM, Ala., Nov. 26.—Let the exhorters prate of the Navy's all around excellence, the running game of Stanford and Lafayette, Brown's eleven, Joe McGinnity's and the put-and take varsity combinations of Rockne and Notre Dame but give me the Alabama team that beat Georgia, 33 to 6, yesterday and I'll ask nothing further of this life. There, ladies, gentlemen and female impersonators, was and is a football eleven.

of this fact, it will not remain in If Stanford happens to be unaware ignorance indefinitely. Possibly the coast champions have been apprised of the situation even at this early moment, for Mr. Glenn Warner was among those present yesterday and what he saw was enough to send him into the dark of incoming night, muttering strange sounds in his head. Mr. Warner has seen many good and bad football teams in his time. He saw an extremely good one yesterday.

It was a liberal education to anyone with the faintest pretense to technical knowledge of this game to watch it expounded by this product of the genuis that is Wallace Wade.

"If you can't block, you can play no football for me," is one of Wade's dictums and, whether he means it or not, it is fact, not fiction, that no Alabama man ever has gone to the extreme of testing the coach's good faith on this point. Alabama takes its men out in a manner that must have aroused a dubious and reluctant admiration in a man such as Warner who has committed himself to a life time, in which interference is given the alternative of taking the man or taking the air. An almost equal number of young men have voluntarily taken both, so insistent is Mr. Warner on this point.

Alabama's mastery of the technique means that one of two fundamental principles of all attack is accounted for. The other is the execution and conception of the pass. And here again the Wade outfit is just about foolproof, or, at least, it was yesterday. It has a passing genius in Winslett, the type of passer who bobs up from no where once in a decade. This man throws them faster, more accurately and, if necessary, further than any man who has played college football in recent years. I make this statement duly cognizant of the fact that Benny Friedman, of Michigan, still is very much with the situation.

Winslett is a better passer than Friedman. Moreover, he is of greater value to Alabama than any individual of the day and age is to his particular team. This hombre plays a defensive end that would prove a comfort to the declining years of such as Tack Hardwick, Bomeisler, Kilpatrick, and the other immortals. On attack, he goes into the backfield to pass as few men ever could, to run and to direct the team as its field general. I am pained to relate that he doesn't punt. Some one should speak to him kindly but severely on this point.

Cadiz Loses Game And $200 in Cash

COSHOCTON, O., Nov. 26.— The Cadiz high school football team today was mourning—and only part of the grief was occasioned by the loss of a game.

While the Coshocton high gridders, champions of the Central Ohio High School League, were defeating the Cadiz team, 87 to 0, in a Thanksgiving game, a thief ransacked the lockers of the visitors, and abstracted about $200 from their street clothes.

Police here today declared they had a good clue to the identity of the thief, and expected to make an arrest.

All-Ohio Conference Eleven Is Powerful In Offense Lineup

Armstrong, Mt. Union Fullback, Wins Berth on Mythical Team; Mauer, Wittenberg, Blickle, Wesleyan, and Blough, of Wooster, Complete Fast, Hard-driving Quartet of Backs.

By Stanley D. Koch.

CLEVELAND, Nov. 26.—It's open season on all sport writers now.

From the time that the first all-star teams appear in publication to the last dying disgruntled murmur those instrumental in the selection of the star elevens, are laying themselves open not only to criticism but to merciless heckling. So much for the plea of the defense.

In the presentation of the 1926 International News Service all-Ohio teams, the election of players is the concensus of the coaches of the Ohio conference. It is not humanly possible to see every player all the time and his impression in one game is not sufficiently indicative to be a fair test of his ability. Therefore, those coaches who work with the players each day as well as the opposing mentors, who see the players in action against their own eleven or against another team, are the best judges of the elite. This selection is the choice of the Ohio conference's coaches and must stand or fall on their collective football knowledge.

Powerful Offensive.

The 1926 all-Ohio conference team is powerful on offense. In Mauer and Blough, it has two speedsters, capable of every offensive play except mayhem. In Blickle and Armstrong are a pair of hard driving, gain-getting backs, who have seldom fallen down when yardage was needed.

The ends are spectacular pass receivers, as are the tackles on shift plays.

Defensively, there is a powerful forward wall, fast, shifty, deadly tacklers and alert. The secondary defense is efficient and able to diagnose the plays and avert big gains.

At left end, Wise of Ohio, big enough to be heavy, but not too heavy to be fast. He has shown a disposition to crash into and break the interference, a good pass receiver and fine in turning the tackle for the line plays. His partner, Doll, of Case, is perhaps the sensational pass snagger of the year.

West Named Again.

At the tackles are West, of Reserve, and Tilton, of Ohio Wesleyan, two All-Ohio players of last year. West, who is selected for the third time on a state all-star team, wasn't quite up to previous year's standard, but still outranked the other tackles except Tilton. He is big and shifty, a crashing type of player, stronger on offense than defense, while Tilton is an all-around star. The Wesleyan tackle follows the ball well and like West is down with the ends under punts.

Bowers, of Ohio Wesleyan, who was laid up and kept out of the last couple of games, was so near a perfect guard as the Ohio conference has had for some time. Very few gains got through his position and he showed the tendency to break through the opposition with a regularity that wore out his opponents. Snyder, of Wooster, his mate, was not far behind him, playing a powerful defensive game, and was one of the stabilizing factors in the Wooster line.

Critchfield at Center.

Hank Critchfield at center is selected as captain of this mythical eleven. He was one of the best snapper-backs in years, a ranging defensive player, a hard driving, sure passing center, down the field with the punts and an effective tackler, as well as a keen diagnostician of plays.

Another Wooster player, Pete Blough, is elected for the quarterback job. Pete ran the Wooster eleven like a master. His open field running was a constant menace, but no more so than his ability in the field goal line. His many successful drop kicks paved the way for many Wooster wins. Blough was a great safety man, a dead-fire tackler and a skillful blocker.

At the halves are placed Eddie Blickle of Ohio Wesleyan and Mauer of Wittenberg. Blickle is a veteran all-star man and despite his injuries, hew as one of the finest players Ohio has seen for a good long time, his shifty running and speed as well as the momentum of his driving power usually yielding gains.

Pick Mount Fullback.

With him, Young Mauer, Wittenberg's star sophomore halfback, perhaps the fastest man in the conference, proved a sparkling player, a delight to any coach. His speed, once given the ball and chance, usually tallied. Despite his weight he played consistently and beautifully.

Armstrong of Mt. Union is chosen for fullback. "Army" was the power of the Mount's game, the biggest factor in the Purple attack and a great part of the defense. He is the type of hard-driving back that is invaluable, a good defensive player and a successful blocker.

Thus the first team shows three members each from Wooster and Ohio Wesleyan, and one each from Ohio, Western Reserve, Case, Wittenberg and Mt. Union.

On the mythical second team are four Miami men, two each from Denison and Oberlin and one from Muskingum, Case and Wittenberg.

An athletic stadium seating 3,000 will be erected at Panama.

And here again the Wade outfit is just about foolproof, or, at least, it was yesterday. It has a passing genius in Winslett, the type of passer who bobs up from no where once in a decade. This man throws them faster, more accurately and, if necessary, further than any man who has played college football in recent years. I make this statement duly cognizant of the fact that Benny Friedman, of Michigan, still is very much with the situation.

Winslett is a better passer than Friedman. Moreover, he is of greater value to Alabama than any individual of the day and age is to his particular team. This hombre plays a defensive end that would prove a comfort to the declining years of such as Tack Hardwick, Bomeisler, Kilpatrick, and the other immortals. On attack, he goes into the backfield to pass as few men ever could, to run and to direct the team as its field general. I am pained to relate that he doesn't punt. Some one should speak to him kindly but severely on this point.

Cadiz Loses Game And $200 in Cash

COSHOCTON, O., Nov. 26.— The Cadiz high school football team today was mourning—and only part of the grief was occasioned by the loss of a game.

While the Coshocton high gridders, champions of the Central Ohio High School League, were defeating the Cadiz team, 87 to 0, in a Thanksgiving game, a thief ransacked the lockers of the visitors, and abstracted about $200 from their street clothes.

Police here today declared they had a good clue to the identity of the thief, and expected to make an arrest.

All-Ohio Conference Eleven Is Powerful In Offense Lineup

Armstrong, Mt. Union Fullback, Wins Berth on Mythical Team; Mauer, Wittenberg, Blickle, Wesleyan, and Blough, of Wooster, Complete Fast, Hard-driving Quartet of Backs.

By Stanley D. Koch.

CLEVELAND, Nov. 26.—It's open season on all sport writers now.

From the time that the first all-star teams appear in publication to the last dying disgruntled murmur those instrumental in the selection of the star elevens, are laying themselves open not only to criticism but to merciless heckling. So much for the plea of the defense.

In the presentation of the 1926 International News Service all-Ohio teams, the election of players is the concensus of the coaches of the Ohio conference. It is not humanly possible to see every player all the time and his impression in one game is not sufficiently indicative to be a fair test of his ability. Therefore, those coaches who work with the players each day as well as the opposing mentors, who see the players in action against their own eleven or against another team, are the best judges of the elite. This selection is the choice of the Ohio conference's coaches and must stand or fall on their collective football knowledge.

Powerful Offensive.

The 1926 all-Ohio conference team is powerful on offense. In Mauer and Blough, it has two speedsters, capable of every offensive play except mayhem. In Blickle and Armstrong are a pair of hard driving, gain-getting backs, who have seldom fallen down when yardage was needed.

The ends are spectacular pass receivers, as are the tackles on shift plays.

Defensively, there is a powerful forward wall, fast, shifty, deadly tacklers and alert. The secondary defense is efficient and able to diagnose the plays and avert big gains.

At left end, Wise of Ohio, big enough to be heavy, but not too heavy to be fast. He has shown a disposition to crash into and break the interference, a good pass receiver and fine in turning the tackle for the line plays. His partner, Doll, of Case, is perhaps the sensational pass snagger of the year.

West Named Again.

At the tackles are West, of Reserve, and Tilton, of Ohio Wesleyan, two All-Ohio players of last year. West, who is selected for the third time on a state all-star team, wasn't quite up to previous year's standard, but still outranked the other tackles except Tilton. He is big and shifty, a crashing type of player, stronger on offense than defense, while Tilton is an all-around star. The Wesleyan tackle follows the ball well and like West is down with the ends under punts.

Bowers, of Ohio Wesleyan, who was laid up and kept out of the last couple of games, was so near a perfect guard as the Ohio conference has had for some time. Very few gains got through his position and he showed the tendency to break through the opposition with a regularity that wore out his opponents. Snyder, of Wooster, his mate, was not far behind him, playing a powerful defensive game, and was one of the stabilizing factors in the Wooster line.

Critchfield at Center.

Hank Critchfield at center is selected as captain of this mythical eleven. He was one of the best snapper-backs in years, a ranging defensive player, a hard driving, sure passing center, down the field with the punts and an effective tackler, as well as a keen diagnostician of plays.

Another Wooster player, Pete Blough, is elected for the quarterback job. Pete ran the Wooster eleven like a master. His open field running was a constant menace, but no more so than his ability in the field goal line. His many successful drop kicks paved the way for many Wooster wins. Blough was a great safety man, a dead-fire tackler and a skillful blocker.

At the halves are placed Eddie Blickle of Ohio Wesleyan and Mauer of Wittenberg. Blickle is a veteran all-star man and despite his injuries, hew as one of the finest players Ohio has seen for a good long time, his shifty running and speed as well as the momentum of his driving power usually yielding gains.

Pick Mount Fullback.

With him, Young Mauer, Wittenberg's star sophomore halfback, perhaps the fastest man in the conference, proved a sparkling player, a delight to any coach. His speed, once given the ball and chance, usually tallied. Despite his weight he played consistently and beautifully.

Armstrong of Mt. Union is chosen for fullback. "Army" was the power of the Mount's game, the biggest factor in the Purple attack and a great part of the defense. He is the type of hard-driving back that is invaluable, a good defensive player and a successful blocker.

Thus the first team shows three members each from Wooster and Ohio Wesleyan, and one each from Ohio, Western Reserve, Case, Wittenberg and Mt. Union.

On the mythical second team are four Miami men, two each from Denison and Oberlin and one from Muskingum, Case and Wittenberg.

An athletic stadium seating 3,000 will be erected at Panama.

800-TON BLAST FURNACE BLOWN

Weirton Steel Company Increases Output of Iron.

The first iron has been taken from the new 800-ton blast furnace of the Weirton Steel company ,at Weirton, The furnace was blown in Saturday.

Construction of the furnace was started last spring. While the rated capacity is 800 tons per 24 hours, it might be pushed to as much as 1,000 tons of pig iron per day. The other furnace of the company has a rated capacity of 600 tons per day, so that the Weirton company now possesses a minimum capacity of 1,400 tons of pig iron daily.

In order to provide coke for the new furnace, a battery of 49 by-product ovens has just been placed in operation. This gives an addition of 1,500 to 1,800 tons of coke per day. Production of by-products of coal, such as gas, tar, benzol and sulphate of ammonia, has also been increased.

The new river docks started to receive coal the first of November. Since that time regular tows have been received from the vicinity of Pittsubgh. The capacity of the new docks will be such as to handle a maximum of 400 or 500 tons of coal per hour and by next summer it is expected that further improvements will have been made which will permit a receipt of other raw materials.

It is also expected that facilities will be arranged to permit the shipment of outbound finished products.

Work on the new strip steel mill is progressing. Officials expect that this new $5,000,000 unit will be in operation early next spring.

Preliminary work on the proposed tube mill is now taking place. Construction will probably be started upon the completion of the strip steel mill.

No. 10 open hearth furnace has been practically completed and will be producing steel within the next 10 days. This is the third furnace of the new addition of four furnaces, each of which has a capacity of 250 tons.

With the operation of the entire open hearth department, which now consists of 10 furnaces, the Weirton Steel company will have a production of open hearth steel equivalent to 1,000,000 tons of ingots per year.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

Look at tongue! Then give fruity laxative for stomach, liver, bowels

"California Fig Syrup" can't harm children and they love it

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign the little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Fig Syrup" for children's ills; give a teaspoonful, and in a few hours all the four waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious, "fruity laxative," and it never fails to effect a good "inside cleansing." Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Fig Syrup," then see that it is made by "The California Fig Syrup Company."

800-TON BLAST FURNACE BLOWN

Weirton Steel Company Increases Output of Iron.

The first iron has been taken from the new 800-ton blast furnace of the Weirton Steel company ,at Weirton, The furnace was blown in Saturday.

Construction of the furnace was started last spring. While the rated capacity is 800 tons per 24 hours, it might be pushed to as much as 1,000 tons of pig iron per day. The other furnace of the company has a rated capacity of 600 tons per day, so that the Weirton company now possesses a minimum capacity of 1,400 tons of pig iron daily.

In order to provide coke for the new furnace, a battery of 49 by-product ovens has just been placed in operation. This gives an addition of 1,500 to 1,800 tons of coke per day. Production of by-products of coal, such as gas, tar, benzol and sulphate of ammonia, has also been increased.

The new river docks started to receive coal the first of November. Since that time regular tows have been received from the vicinity of Pittsubgh. The capacity of the new docks will be such as to handle a maximum of 400 or 500 tons of coal per hour and by next summer it is expected that further improvements will have been made which will permit a receipt of other raw materials.

It is also expected that facilities will be arranged to permit the shipment of outbound finished products.

Work on the new strip steel mill is progressing. Officials expect that this new $5,000,000 unit will be in operation early next spring.

Preliminary work on the proposed tube mill is now taking place. Construction will probably be started upon the completion of the strip steel mill.

No. 10 open hearth furnace has been practically completed and will be producing steel within the next 10 days. This is the third furnace of the new addition of four furnaces, each of which has a capacity of 250 tons.

With the operation of the entire open hearth department, which now consists of 10 furnaces, the Weirton Steel company will have a production of open hearth steel equivalent to 1,000,000 tons of ingots per year.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

Look at tongue! Then give fruity laxative for stomach, liver, bowels

"California Fig Syrup" can't harm children and they love it

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign the little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Fig Syrup" for children's ills; give a teaspoonful, and in a few hours all the four waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious, "fruity laxative," and it never fails to effect a good "inside cleansing." Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Fig Syrup," then see that it is made by "The California Fig Syrup Company."

SAVE YOUR CHILD!

Give that poor, weak little body the STRENGTH to live and win!

Undernourished, puny, rickety bodies need FATHER JOHN'S MEDICINE, the great tonic-food for strength to resist COLDS, COUGHS and other more serious troubles that come in childhood when vitality is low. No drugs nor alcohol. Get a bottle from the drug store today.

Over 70 Years of HEALTH VICTORIES

TEN MEN DIE WHEN ENGULFED IN TUNNEL BY SWOLLEN CREEK

One Escapes by Climbing Ladder of California Shaft.

OTHERS TRAPPED

Cloudburst Pours Water Into Huge Hole.

OAKLAND, Cal., Nov. 26.—Trapped in the Claremont tunnel, 15 miles from here, when a creek swollen by the water of a cloudburst engulfed them, the bodies of ten were still held fast far below the surface of the earth today.

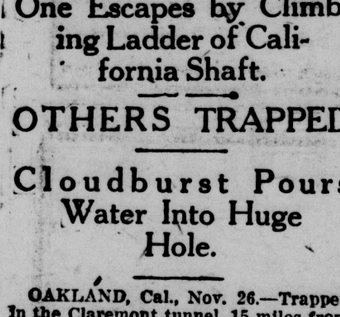
One man, Stanley Secla, hearing the approach of the raging water, grasped the ladder leading out of the shaft and pulled himself to safety. His ten companions never had a chance to save themselves. The swirling waters closed in over them before they could make a dash for the ladder and safety.

The dead are: K. D. Morrison, shift boss; James Balsick, Bert Larson, Steve Ziglich, P. Sanders, Frank Butcher, W. Pauley, J. Coleman, Charles Orso and Toney Segert.

Shortly after their Thanksgiving dinner yesterday the men lowered themselves into the 2,500-foot tunnel,

a unit which was being constructed to carry water from the Mokelumne river into Oakland, and prepared to continue work.

Near the mouth of the tunnel is located the San Pablo Creek. When the men entered the creek was at its normal height. A short time later a cloudburst filled its banks and made the creek a raging torrent. The force of the water ripped away the sand bags and bulkheads, andmillions of gallons of water poured into the mouth of the tunnel.



Even the healthiest men sometimes have aches

TORMENTED BY ACUTE NEURITIS

Crippling aches quickly relieved by simple home remedy

Freed from the crippling pain of neuritis after having tried various treatments without getting relief, a well-known business man of Cincinnati, Ohio, writes:

"Following influenza I was seized with a violent attack of neuritis in the right arm and shoulder. I got no relief until I tried Sloan's Liniment. The affected arm and shoulder were shortly restored to a healthy condition and all pain and symptoms disappeared."

Sloan's gives real relief because it doesn't just deaden the pain. It gets at the cause.

Just pat it on gently. At once you feel the increased flow of healing, germ-destroying blood right in the spot that hurts. Quickly and surely, it reduces swelling and inflammation, drives out stiffness, kills pain. Get a bottle. All druggists—35 cents.

WHEN YOUR POOR OLD STOMACH GROANS WITH GAS

When Sourness, Pain and Bloating Follow Every Meal

MAKE THIS SIMPLE TEST

No matter about diets, special food programs or the dozen or more medicines you have tried without success. If you really want stomach comfort—quick, certain and lasting relief from the usual after-eating distress—just make this simple NEVER FAILING test today!

For only a few cents get from any good druggist a little pure Bisurated Magnesia—then, immediately after your next heavy meal, take two teaspoonfuls of the powder or four of the tablets and drink a glass of warm or not iced water.

This is a simple, pleasant and inexpensive test that may be absolutely depended upon to prove its value in less than five minutes and, in most instances, relief comes almost instantly.

Bisurated Magnesia is a pleasant, harmless, non-laxative form of old-fashioned Magnesia that, when taken after meals, cleanses, sweetens and neutralizes the dangerous stomach acids that cause 95% of stomach ailments. Be sure and get BISURATED Magnesia at your druggist's today!

Any reader can get the answer to any question by writing The Review-Tribune Information Bureau, Frederic J. Haskin, Director, Washington, D. C. This offer applies strictly to information. The bureau can not give advice on legal, medical, and financial matters. It does not attempt to settle domestic troubles, nor undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. The reply is sent direct to the inquirer. Address The East Liverpool Review-Tribune Information Bureau, Frederic J. Haskin, Director, Washington, D. C.

Q. Do persons look three times their normal size to animals? H. E. S.

A. The Biological Survey says that the crystalline lens varies somewhat in the eyes of different mammals. Magnification of the object may sometimes result, but it is impossible to tell the comparative impression on the retina and the optic nerve. Should man appear three times his normal size to animals, all other objects would also be magnified three times.

Q. Will gasoline freeze? E. R. B.

A. The Bureau of Standards says that gasoline has no definite freezing point. It stiffens up slowly like melted wax at temperatures far below those ordinarily encountered even in the Arctic.

Q. How many loaves of bread will a barrel of flour make? R. J.

A. A barrel of flour makes approximately 285 loaves of bread. This figure will vary according to the formula used by individual bakers, but it is the estimated average.

Q. How far away can thunder be heard? H. G.

A. Thunder is rarely heard at a greater distance than 12 miles from its origin.

Q. Are the Premier Diamond Mines still producing? K. McW.

A. George F. Kunz, an authority on precious stones, says that the Premier Diamond Mines do not only produce but in the year 1925 the diamonds sold totaled 1,271,063 carats as compared with 1,027,110 of the preceding year. The number of loads washed and the number of carats found showed a corresponding increase.

Q. Why is the opal considered unlucky? S. B. H.

A. The opal has not always been regarded as an unlucky stone. The superstition regarding its bad luck began in the 14th century at the time of the Black Death, particularly in Venice. At that time the opal was a favorite of the Italian jewelers, but it was said that opals worn by those stricken with the disease became suddenly brilliant and that their lustre departed upon the death of the owner, thus the opal became associated with death and an object of dread.

Q. Are the Bad Lands of Dakota absolute desert? H. K. K.

A. The Bad Lands of South Dakota can not strictly speaking be classed as a desert region. The term is somewhat misleading, as the land is fertile except where it is so steep that vegetation is washed off. In level portions buffalo grass grows and supports great herds of cattle. Good water is usually found in shallow wells and considerable farming is carried on.

Q. Is it a fact that President Wilson drew the first number in the draft for World War soldiers? B. H. L.

A. There were three drawings made for the draft during the World war. One was made for each registration. The first and second drawings were made by the secretary of war, Newton D. Baker. The number drawn in the first drawing was 258 on July 20, 1917. The number in the second drawing was 246 on June 27, 1918. In the third drawing President Wilson drew the number which was 322. This was September 30, 1918. The first man to be selected for draft in the United States was Harry C. Gilbert of the District of Columbia.

Q. Where does the United States get its supply of sulphur? B. T.

A. Nearly all of the country's sulphur supplies now come from the south. Thirty years ago practically all was imported from Sicily.

Artists Occupy Monastery.

Llanthony Abbey, the old monastery in South Wales associated with the name of Father Ignatius, has become an artists' colony. Among those who with their families have taken quarters there are Eric Gill and David Jones, whose paintings are winning favor in Europe.

Notice is hereby givent that the Board of County Commissioners of Columbiana County, Ohio in the total amount of $35,000.00. Sealed bids will be received at the office of the Board of County Commissioners of Columbiana County, Ohio, at Lisbon, Ohio, until 10 o'clock A. M., Central Standard Time, on December 20th, 1926, for the purchase of Thirty-five thousand dollars' worth of bonds of said county; 30 of said bonds being in the denomination of $1,000.00 each, and 10 bonds shall be in the denomination of $500.00 each.

Said bonds are issued in accordance with and by virtue of the provisions of Sections 1222 and 1223 of the General Code of Ohio, and were authorized by vote of the electors of Columbiana County at the election held in said County on November 3, 1925, under authority of Section 5649-9A to 5649-9d of the General Code, and are issued for the purpose of providing funds to pay Columbiana County's share of the costs, damages and expenses of grading, surfacing and otherwise improving Sections G-3 and E, East Liverpool-Youngstown Public Road, I. C. H. 502, in Madison, Elkrun and Middleton Townships, Columbiana County, Ohio, application for State Aid having been made to the Highway Department of the State of Ohio by a resolution of the Board of County Commissioners of Columbiana County, Ohio, duly passed at a regular meeting of said Board on the 8th day of September, 1925.

Said bonds are to be dated January 1, 1927, and numbered from one to forty inclusive. Bonds Numbers 1, 2 and 3 for $1000 each and Bond Number 4 for $500 shall mature October 1, 1928 and three bonds for $1000 and one bond for $500 shall mature each year thereafter until bonds 37, 38, 39 and 40 shall mature October 1, 1937. The levy for interest and maturities will be placed outside all limitations.

Said bonds shall bear interest at the rate of five per cent per annum, payable semi-annually on the first day of April and October of each year, but the first interest date shall be April 1, 1927, and at the maturity of said monds, and at the maturity of the interest on said bonds, the same shall be paid upon presentation and surrender of the proper coupon or bond to the Treasurer of Columbiana County at Lisbon, Ohio.

Said bonds shall be signed by the County Commissioners and countersigned by the County Auditor and bear the seal of the County Auditor.

Bonds will be sold for not less than par and accrued interest to the highest bidder. Bidders will be required to state the gross amount they will pay for the bonds with accrued interest to the date of delivery.

After said bids are opened, said bonds will be offered to verbal bidders at the place where said sealed bids are opened, and if such verbal bidder or bidders are awarded said bonds at the time they are so awarded, such bidder or bidders shall deposit with the Clerk of the Board an unconditional certified check on some solvent bank in Columbiana County, Ohio, to the order of said Board, equal to five per cent of the face value of the bonds bid upon, as a guarantee of such bidder complying with the terms of sale. A like certified check for five per cent of the amount of bonds bid for must accompany each sealed proposal.

Said checks shall inure to the benefit of such county upon the failure of the bidder to comply with the provisions of his bid or to take the bonds at the amount bid.

Bidders must endorse on the envelope containing such bids the name and address of the bidder and mail or hand same to the undersigned clerk. All bids will be opened on December 20th, 1926, at Lisbon, Ohio, in said county, at 10 o'clock A. M. Central Standard Time, at a public meeting of said Board of Commissioners.

TEN MEN DIE WHEN ENGULFED IN TUNNEL BY SWOLLEN CREEK

One Escapes by Climbing Ladder of California Shaft.

OTHERS TRAPPED

Cloudburst Pours Water Into Huge Hole.

OAKLAND, Cal., Nov. 26.—Trapped in the Claremont tunnel, 15 miles from here, when a creek swollen by the water of a cloudburst engulfed them, the bodies of ten were still held fast far below the surface of the earth today.

One man, Stanley Secla, hearing the approach of the raging water, grasped the ladder leading out of the shaft and pulled himself to safety. His ten companions never had a chance to save themselves. The swirling waters closed in over them before they could make a dash for the ladder and safety.

The dead are: K. D. Morrison, shift boss; James Balsick, Bert Larson, Steve Ziglich, P. Sanders, Frank Butcher, W. Pauley, J. Coleman, Charles Orso and Toney Segert.

Shortly after their Thanksgiving dinner yesterday the men lowered themselves into the 2,500-foot tunnel, a unit which was being constructed to carry water from the Mokelumne river into Oakland, and prepared to continue work.

Near the mouth of the tunnel is located the San Pablo Creek. When the men entered the creek was at its normal height. A short time later a cloudburst filled its banks and made the creek a raging torrent. The force of the water ripped away the sand bags and bulkheads, andmillions of gallons of water poured into the mouth of the tunnel.

Even the healthiest men sometimes have aches

TORMENTED BY ACUTE NEURITIS

Crippling aches quickly relieved by simple home remedy

Freed from the crippling pain of neuritis after having tried various treatments without getting relief, a well-known business man of Cincinnati, Ohio, writes:

"Following influenza I was seized with a violent attack of neuritis in the right arm and shoulder. I got no relief until I tried Sloan's Liniment. The affected arm and shoulder were shortly restored to a healthy condition and all pain and symptoms disappeared."

Sloan's gives real relief because it doesn't just deaden the pain. It gets at the cause.

Just pat it on gently. At once you feel the increased flow of healing, germ-destroying blood right in the spot that hurts. Quickly and surely, it reduces swelling and inflammation, drives out stiffness, kills pain. Get a bottle. All druggists—35 cents.

WHEN YOUR POOR OLD STOMACH GROANS WITH GAS

When Sourness, Pain and Bloating Follow Every Meal

MAKE THIS SIMPLE TEST

No matter about diets, special food programs or the dozen or more medicines you have tried without success. If you really want stomach comfort—quick, certain and lasting relief from the usual after-eating distress—just make this simple NEVER FAILING test today!

For only a few cents get from any good druggist a little pure Bisurated Magnesia—then, immediately after your next heavy meal, take two teaspoonfuls of the powder or four of the tablets and drink a glass of warm or not iced water.

This is a simple, pleasant and inexpensive test that may be absolutely depended upon to prove its value in less than five minutes and, in most instances, relief comes almost instantly.

Bisurated Magnesia is a pleasant, harmless, non-laxative form of old-fashioned Magnesia that, when taken after meals, cleanses, sweetens and neutralizes the dangerous stomach acids that cause 95% of stomach ailments. Be sure and get BISURATED Magnesia at your druggist's today!

Q. Do persons look three times their normal size to animals? H. E. S.

A. The Biological Survey says that the crystalline lens varies somewhat in the eyes of different mammals. Magnification of the object may sometimes result, but it is impossible to tell the comparative impression on the retina and the optic nerve. Should man appear three times his normal size to animals, all other objects would also be magnified three times.

Q. Will gasoline freeze? E. R. B.

A. The Bureau of Standards says that gasoline has no definite freezing point. It stiffens up slowly like melted wax at temperatures far below those ordinarily encountered even in the Arctic.

Q. How many loaves of bread will a barrel of flour make? R. J.

A. A barrel of flour makes approximately 285 loaves of bread. This figure will vary according to the formula used by individual bakers, but it is the estimated average.

Q. How far away can thunder be heard? H. G.

A. Thunder is rarely heard at a greater distance than 12 miles from its origin.

Q. Are the Premier Diamond Mines still producing? K. McW.

A. George F. Kunz, an authority on precious stones, says that the Premier Diamond Mines do not only produce but in the year 1925 the diamonds sold totaled 1,271,063 carats as compared with 1,027,110 of the preceding year. The number of loads washed and the number of carats found showed a corresponding increase.

Q. Why is the opal considered unlucky? S. B. H.

A. The opal has not always been regarded as an unlucky stone. The superstition regarding its bad luck began in the 14th century at the time of the Black Death, particularly in Venice. At that time the opal was a favorite of the Italian jewelers, but it was said that opals worn by those stricken with the disease became suddenly brilliant and that their lustre departed upon the death of the owner, thus the opal became associated with death and an object of dread.

Q. Are the Bad Lands of Dakota absolute desert? H. K. K.

A. The Bad Lands of South Dakota can not strictly speaking be classed as a desert region. The term is somewhat misleading, as the land is fertile except where it is so steep that vegetation is washed off. In level portions buffalo grass grows and supports great herds of cattle. Good water is usually found in shallow wells and considerable farming is carried on.

Q. Is it a fact that President Wilson drew the first number in the draft for World War soldiers? B. H. L.

A. There were three drawings made for the draft during the World war. One was made for each registration. The first and second drawings were made by the secretary of war, Newton D. Baker. The number drawn in the first drawing was 258 on July 20, 1917. The number in the second drawing was 246 on June 27, 1918. In the third drawing President Wilson drew the number which was 322. This was September 30, 1918. The first man to be selected for draft in the United States was Harry C. Gilbert of the District of Columbia.

Q. Where does the United States get its supply of sulphur? B. T.

A. Nearly all of the country's sulphur supplies now come from the south. Thirty years ago practically all was imported from Sicily.

LEGAL NOTICE
BOND SALE

Notice is hereby givent that the Board of County Commissioners of Columbiana County, Ohio, will sell the bonds of Columbiana County, Ohio, in the total amount of $35,000.00. Sealed bids will be received at the office of the Board of County Commissioners of Columbiana County, Ohio, at Lisbon, Ohio, until 10 o'clock A. M., Central Standard Time, on December 20th, 1926, for the purchase of Thirty-five thousand dollars' worth of bonds of said county; 30 of said bonds being in the denomination of $1,000.00 each, and 10 bonds shall be in the denomination of $500.00 each.

Said bonds are issued in accordance with and by virtue of the provisions of Sections 1222 and 1223 of the General Code of Ohio, and were authorized by vote of the electors of Columbiana County at the election held in said County on November 3, 1925, under authority of Section 5649-9A to 5649-9d of the General Code, and are issued for the purpose of providing funds to pay Columbiana County's share of the costs, damages and expenses of grading, surfacing and otherwise improving Sections G-3 and E, East Liverpool-Youngstown Public Road, I. C. H. 502, in Madison, Elkrun and Middleton Townships, Columbiana County, Ohio, application for State Aid having been made to the Highway Department of the State of Ohio by a resolution of the Board of County Commissioners of Columbiana County, Ohio, duly passed at a regular meeting of said Board on the 8th day of September, 1925.

Said bonds are to be dated January 1, 1927, and numbered from one to forty inclusive. Bonds Numbers 1, 2 and 3 for $1000 each and Bond Number 4 for $500 shall mature October 1, 1928 and three bonds for $1000 and one bond for $500 shall mature each year thereafter until bonds 37, 38, 39 and 40 shall mature October 1, 1937. The levy for interest and maturities will be placed outside all limitations.

Said bonds shall bear interest at the rate of five per cent per annum, payable semi-annually on the first day of April and October of each year, but the first interest date shall be April 1, 1927, and at the maturity of said monds, and at the maturity of the interest on said bonds, the same shall be paid upon presentation and surrender of the proper coupon or bond to the Treasurer of Columbiana County at Lisbon, Ohio.

Said bonds shall be signed by the County Commissioners and countersigned by the County Auditor and bear the seal of the County Auditor.

Bonds will be sold for not less than par and accrued interest to the highest bidder. Bidders will be required to state the gross amount they will pay for the bonds with accrued interest to the date of delivery.

After said bids are opened, said bonds will be offered to verbal bidders at the place where said sealed bids are opened, and if such verbal bidder or bidders are awarded said bonds at the time they are so awarded, such bidder or bidders shall deposit with the Clerk of the Board an unconditional certified check on some solvent bank in Columbiana County, Ohio, to the order of said Board, equal to five per cent of the amount of bonds bid for must accompany each sealed proposal.

Said check shall inure to the benefit of such County upon the failure of the bidder to comply with the provisions of his bid or to take the bonds at the amount bid. Bidders must indorse on the envelope containing such bids, the name and address of the bidder and send or hand same to the undersigned clerk.

All bids will be opened on December 20th, 1926, at Lisbon, Ohio, in said County, at 10 o'clock A. M. Central Standard Time at a public meeting of said Board of Commissioners.

The right is reserved to reject any or all bids.

By direction of the Board of County Commissioners of Columbiana County, Ohio.

TEN MEN DIE WHEN ENGULFED IN TUNNEL BY SWOLLEN CREEK

One Escapes by Climbing Ladder of California Shaft.

OTHERS TRAPPED

Cloudburst Pours Water Into Huge Hole.

OAKLAND, Cal., Nov. 26.—Trapped in the Claremont tunnel, 15 miles from here, when a creek swollen by the water of a cloudburst engulfed them, the bodies of ten were still held fast far below the surface of the earth today.

One man, Stanley Secla, hearing the approach of the raging water, grasped the ladder leading out of the shaft and pulled himself to safety. His ten companions never had a chance to save themselves. The swirling waters closed in over them before they could make a dash for the ladder and safety.

The dead are: K. D. Morrison, shift boss; James Balsick, Bert Larson, Steve Ziglich, P. Sanders, Frank Butcher, W. Pauley, J. Coleman, Charles Orso and Toney Segert.

Shortly after their Thanksgiving dinner yesterday the men lowered themselves into the 2,500-foot tunnel, a unit which was being constructed to carry water from the Mokelumne river into Oakland, and prepared to continue work.

Near the mouth of the tunnel is located the San Pablo Creek. When the men entered the creek was at its normal height. A short time later a cloudburst filled its banks and made the creek a raging torrent. The force of the water ripped away the sand bags and bulkheads, andmillions of gallons of water poured into the mouth of the tunnel.

Even the healthiest men sometimes have aches

TORMENTED BY ACUTE NEURITIS

Crippling aches quickly relieved by simple home remedy

Freed from the crippling pain of neuritis after having tried various treatments without getting relief, a well-known business man of Cincinnati, Ohio, writes:

"Following influenza I was seized with a violent attack of neuritis in the right arm and shoulder. I got no relief until I tried Sloan's Liniment. The affected arm and shoulder were shortly restored to a healthy condition and all pain and symptoms disappeared."

Sloan's gives real relief because it doesn't just deaden the pain. It gets at the cause.

Just pat it on gently. At once you feel the increased flow of healing, germ-destroying blood right in the spot that hurts. Quickly and surely, it reduces swelling and inflammation, drives out stiffness, kills pain. Get a bottle. All druggists—35 cents.

WHEN YOUR POOR OLD STOMACH GROANS WITH GAS

When Sourness, Pain and Bloating Follow Every Meal

MAKE THIS SIMPLE TEST

No matter about diets, special food programs or the dozen or more medicines you have tried without success. If you really want stomach comfort—quick, certain and lasting relief from the usual after-eating distress—just make this simple NEVER FAILING test today!

For only a few cents get from any good druggist a little pure Bisurated Magnesia—then, immediately after your next heavy meal, take two teaspoonfuls of the powder or four of the tablets and drink a glass of warm or not iced water.

This is a simple, pleasant and inexpensive test that may be absolutely depended upon to prove its value in less than five minutes and, in most instances, relief comes almost instantly.

Bisurated Magnesia is a pleasant, harmless, non-laxative form of old-fashioned Magnesia that, when taken after meals, cleanses, sweetens and neutralizes the dangerous stomach acids that cause 95% of stomach ailments. Be sure and get BISURATED Magnesia at your druggist's today!

Any Girl Can Be Pretty

A new kind of face powder is here. Made by a new French Process—stays on until you take it off. Pores and lines do not show. Not affected by perspiration. Gives life and beauty to your complexion almost unbelievable. It is called MELLO-GLO. You will love it. Carnahan's Drug Stores.

Answers to Questions

By FREDERIC J. HASKIN

Any reader can get the answer to any question by writing The Review-Tribune Information Bureau, Frederic J. Haskin, Director, Washington, D. C. This offer applies strictly to information. The bureau can not give advice on legal, medical, and financial matters. It does not attempt to settle domestic troubles, nor undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. The reply is sent direct to the inquirer. Address The East Liverpool Review-Tribune Information Bureau, Frederic J. Haskin, Director, Washington, D. C.

Q. Do persons look three times their normal size to animals? H. E. S.

A. The Biological Survey says that the crystalline lens varies somewhat in the eyes of different mammals. Magnification of the object may sometimes result, but it is impossible to tell the comparative impression on the retina and the optic nerve. Should man appear three times his normal size to animals, all other objects would also be magnified three times.

Q. Will gasoline freeze? E. R. B.

A. The Bureau of Standards says that gasoline has no definite freezing point. It stiffens up slowly like melted wax at temperatures far below those ordinarily encountered even in the Arctic.

Q. How many loaves of bread will a barrel of flour make? R. J.

A. A barrel of flour makes approximately 285 loaves of bread. This figure will vary according to the formula used by individual bakers, but it is the estimated average.

Q. How far away can thunder be heard? H. G.

A. Thunder is rarely heard at a greater distance than 12 miles from its origin.

Q. Are the Premier Diamond Mines still producing? K. McW.

A. George F. Kunz, an authority on precious stones, says that the Premier Diamond Mines do not only produce but in the year 1925 the diamonds sold totaled 1,271,063 carats as compared with 1,027,110 of the preceding year. The number of loads washed and the number of carats found showed a corresponding increase.

Q. Why is the opal considered unlucky? S. B. H.

A. The opal has not always been regarded as an unlucky stone. The superstition regarding its bad luck began in the 14th century at the time of the Black Death, particularly in Venice. At that time the opal was a favorite of the Italian jewelers, but it was said that opals worn by those stricken with the disease became suddenly brilliant and that their lustre departed upon the death of the owner, thus the opal became associated with death and an object of dread.

Q. Are the Bad Lands of Dakota absolute desert? H. K. K.

A. The Bad Lands of South Dakota can not strictly speaking be classed as a desert region. The term is somewhat misleading, as the land is fertile except where it is so steep that vegetation is washed off. In level portions buffalo grass grows and supports great herds of cattle. Good water is usually found in shallow wells and considerable farming is carried on.

Q. Is it a fact that President Wilson drew the first number in the draft for World War soldiers? B. H. L.

A. There were three drawings made for the draft during the World war. One was made for each registration. The first and second drawings were made by the secretary of war, Newton D. Baker. The number drawn in the first drawing was 258 on July 20, 1917. The number in the second drawing was 246 on June 27, 1918. In the third drawing President Wilson drew the number which was 322. This was September 30, 1918. The first man to be selected for draft in the United States was Harry C. Gilbert of the District of Columbia.

Q. Where does the United States get its supply of sulphur? B. T.

A. Nearly all of the country's sulphur supplies now come from the south. Thirty years ago practically all was imported from Sicily.

Artists Occupy Monastery.

Llanthony Abbey, the old monastery in South Wales associated with the name of Father Ignatius, has become an artists' colony. Among those who with their families have taken quarters there are Eric Gill and David Jones, whose paintings are winning favor in Europe.

LEGAL NOTICE
BOND SALE

Notice is hereby given that the Board of County Commissioners of Columbiana County, Ohio, will sell the bonds of Columbiana County, Ohio, in the total amount of $35,000.00. Sealed bids will be received at the office of the Board of County Commissioners of Columbiana County, Ohio, at Lisbon, Ohio, until 10 o'clock A. M. Central Standard Time, on December 20th, 1926, for the purchase of Thirty-five thousand dollars' worth of bonds of said county; 30 of said bonds being in the denomination of $1,000.00 each, and 10 bonds shall be in the denomination of $500.00 each.

Said bonds are issued in accordance with and by virtue of the provisions of Sections 1222 and 1223 of the General Code of Ohio, and were authorized by vote of the electors of Columbiana County at the election held in said County on November 3, 1925, under authority of Section 5649-9A to 5649-9d of the General Code, and are issued for the purpose of providing funds to pay Columbiana County's share of the costs, damages and expenses of grading, surfacing and otherwise improving Sections G-3 and E, East Liverpool-Youngstown Public Road, I. C. H. 502, in Madison, Elkrun and Middleton Townships, Columbiana County, Ohio, application for State Aid having been made to the Highway Department of the State of Ohio by a resolution of the Board of County Commissioners of Columbiana County, Ohio, duly passed at a regular meeting of said Board on the 8th day of September, 1925.

Said bonds are to be dated January 1, 1927, and numbered from one to forty inclusive. Bonds Numbers 1, 2 and 3 for $1000 each and Bond Number 4 for $500 shall mature October 1, 1928 and three bonds for $1000 and one bond for $500 shall mature each year thereafter until bonds 37, 38, 39 and 40 shall mature October 1, 1937. The levy for interest and maturities will be placed outside all limitations.

Said bonds shall bear interest at the rate of five per cent per annum, payable semi-annually on the first day of April and October of each year, but the first interest date shall be April 1, 1927, and at the maturity of said monds, and at the maturity of the interest on said bonds, the same shall be paid upon presentation and surrender of the proper coupon or bond to the Treasurer of Columbiana County at Lisbon, Ohio.

Said bonds shall be signed by the County Commissioners and countersigned by the County Auditor and bear the seal of the County Auditor.

Bonds will be sold for not less than par and accrued interest to the highest bidder. Bidders will be required to state the gross amount they will pay for the bonds with accrued interest to the date of delivery.

After said bids are opened, said bonds will be offered to verbal bidders at the place where said sealed bids are opened, and if such verbal bidder or bidders are awarded said bonds at the time they are so awarded, such bidder or bidders shall deposit with the Clerk of the Board an unconditional certified check on some solvent bank in Columbiana County, Ohio, to the order of said Board, equal to five per cent of the face value of the bonds bid upon, as a guarantee of such bidder complying with the terms of sale. A like certified check for five per cent of the amount of bonds bid for must accompany each sealed proposal.

Said checks shall inure to the benefit of such county upon the failure of the bidder to comply with the provisions of his bid or to take the bonds at the amount bid.

Bidders must endorse on the envelope containing such bids the name and address of the bidder and mail or hand same to the undersigned clerk. All bids will be opened on December 20th, 1926, at Lisbon, Ohio, in said county, at 10 o'clock A. M. Central Standard Time, at a public meeting of said Board of Commissioners.

The right is reserved to reject any or all bids.

ROCK SPRINGS OWNER PLANS CHICAGO TRIP

C. C. Macdonald Will Attend Amusement Men's Meeting.

BUSINESS VISIT

Plans to Purchase Decorations for Dance Pavilion.

C. C. Macdonald, president and secretary-treasurer of Rock Springs Park, Inc., and wife will leave Sunday evening for Chicago where they will attend the annual convention of the National Association of Amusement Parks, which will be held at the Sherman Hotel, December 1, 2 and 3.

While in Chicago, Macdonald will select new decorations and lighting effects for the remodeled dance pavilion, which will open for the winter season about December 15.

Work on the giant roller coaster which will take the place of the scenic railway at the park, is progressing. Three of the eight carloads of lumber, to be used in the new 2,500 feet ride, are already on the ground. All lumber to be used is Virginia spruce. Heretofore lumber for work of this kind came from Georgia but tests of the two kinds of wood showed the Virginia spruce to be superior. Some of the beams are six by eight inches and 36 feet in length. Portable electric saws have been set up on the grounds upon which the cutting and fitting of all pieces will be done. Each piece of lumber is examined and tested before being put into position.

This ride will be the most up-to-date in any amusement park in this section of the country and is one of the many new attractions which will be in operation when the Chester playground opens for the excursion season next spring.

Loses Hundreds of Dollars

"I am sorry I did not hear of MAYR'S a few years ago, as it would have saved me several hundred dollars. Five years I suffered from indigestion and severe bloating. I grew worse all the time. My doctor said an operation would be all that could save me. I took a course of Mayr's Wonderful Remedy instead and for the past year have been entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Jesse D. Holloway and Druggists Everywhere.

Children's Pennies Will Build Memorial To Walter Raleigh

RALEIGH, N. C.—After 25 years' accumulation of school children's pennies, North Carolina's Capital may yet erect a stone memorial to Sir Walter Raleigh here.

Back in 1901 school kiddies began donating to a fund to erect a monument to the founder of "The Lost Colony." Now it has been suggested by Joseph C. Brown, treasuror of the func, that Raleigh civic clubs aid in raising the required amount for the undertaking.

The $1,000 in pennies donated by school children has dragged along at 4 per cent interest until now the city has a $2,249 nest egg as a starter.

Nutrition Class for School.

To turn out children perfect in physique as well as in education is the plan of officials of the public schools of Northcote, N. Z. To this end nutrition classes are to be started. At first from 20 to 30 pupils will be selected, and these will be given special treatment in the building of physique. Wholesome food will be provided, pupils will be urged not to be hasty in eating and rest periods and regular times of exercise will be scheduled.

Says Earth Like Golf Ball.

That the earth is built on the principle of the old-fashioned metal-cored gold ball is the contention of Dr. E. D. Williamson, the scientist who has just concluded a series of investigations into the subject. The metal core of the earth, he says, is pure iron or an alloy of iron and nickle, having a thickness of not less than 4,200 miles. Outside of this is a layer of iron and rock on top of which is strata of rock which in turn is covered by the earth's surface consisting almost entirely of granite.

Royalty Enjoys the Movies.

The Prince of Wales and Princess Mary have recently formed the habit of "slipping" into the neighborhood movie theatre near Buckingham Palace and enjoying the pictures without being recognized by the audience. Whenever royalty visits the theatre the event usually is quickly told to the world, but the prince and princess, it just has been learned, have been attending the little movie house once a week without it being known.

Tank ships from nine countries went through the Suez Canal in the past year.

Spain will erect a large radio station at Fernando, Poo.

BUSINESS VISIT

Plans to Purchase Decorations for Dance Pavilion.

C. C. Macdonald, president and secretary-treasurer of Rock Springs Park, Inc., and wife will leave Sunday evening for Chicago where they will attend the annual convention of the National Association of Amusement Parks, which will be held at the Sherman Hotel, December 1, 2 and 3.

While in Chicago, Macdonald will select new decorations and lighting effects for the remodeled dance pavilion, which will open for the winter season about December 15.

Work on the giant roller coaster which will take the place of the scenic railway at the park, is progressing. Three of the eight carloads of lumber, to be used in the new 2,500 feet ride, are already on the ground. All lumber to be used is Virginia spruce. Heretofore lumber for work of this kind came from Georgia but tests of the two kinds of wood showed the Virginia spruce to be superior. Some of the beams are six by eight inches and 36 feet in length. Portable electric saws have been set up on the grounds upon which the cutting and fitting of all pieces will be done. Each piece of lumber is examined and tested before being put into position.

This ride will be the most up-to-date in any amusement park in this section of the country and is one of the many new attractions which will be in operation when the Chester playground opens for the excursion season next spring.

Loses Hundreds of Dollars

"I am sorry I did not hear of MAYR'S a few years ago, as it would have saved me several hundred dollars. Five years I suffered from indigestion and severe bloating. I grew worse all the time. My doctor said an operation would be all that could save me. I took a course of Mayr's Wonderful Remedy instead and for the past year have been entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Jesse D. Holloway and Druggists Everywhere.

Children's Pennies Will Build Memorial To Walter Raleigh

RALEIGH, N. C.—After 25 years' accumulation of school children's pennies, North Carolina's Capital may yet erect a stone memorial to Sir Walter Raleigh here.

Back in 1901 school kiddies began donating to a fund to erect a monument to the founder of "The Lost Colony." Now it has been suggested by Joseph C. Brown, treasuror of the func, that Raleigh civic clubs aid in raising the required amount for the undertaking.

The $1,000 in pennies donated by school children has dragged along at 4 per cent interest until now the city has a $2,249 nest egg as a starter.

Nutrition Class for School.

To turn out children perfect in physique as well as in education is the plan of officials of the public schools of Northcote, N. Z. To this end nutrition classes are to be started. At first from 20 to 30 pupils will be selected, and these will be given special treatment in the building of physique. Wholesome food will be provided, pupils will be urged not to be hasty in eating and rest periods and regular times of exercise will be scheduled.

Says Earth Like Golf Ball.

That the earth is built on the principle of the old-fashioned metal-cored gold ball is the contention of Dr. E. D. Williamson, the scientist who has just concluded a series of investigations into the subject. The metal core of the earth, he says, is pure iron or an alloy of iron and nickle, having a thickness of not less than 4,200 miles. Outside of this is a layer of iron and rock on top of which is strata of rock which in turn is covered by the earth's surface consisting almost entirely of granite.

Royalty Enjoys the Movies.

The Prince of Wales and Princess Mary have recently formed the habit of "slipping" into the neighborhood movie theatre near Buckingham Palace and enjoying the pictures without being recognized by the audience. Whenever royalty visits the theatre the event usually is quickly told to the world, but the prince and princess, it just has been learned, have been attending the little movie house once a week without it being known.

Aviators End Duck Plague.

Machine guns mounted on airplanes rounted swarms of ducks that were becoming a plague in parts of England recently. The birds had multiplied so rapidly that they threatened to do great damage. Beaters were sent through the feeding grounds, and as the ducks rose the aviators followed and shot them with the machine guns.

KEN MAYNARD IS DAREDEVIL

Latest Star of Screen Scores at American.

The "cowboy daredevil" is the name that Ken Maynard's admires have given him. They acclaim him the daringest man that ever rode horseback before a movie camera.

Every time that Maynard, who overnight has sprung into nation-wide fame, shoots a scene for a picture, he risks his neck. He is firmly opposed to the practice of using substitutes, or "doubles" to do his dangerous stunts, and insists upon doing all his tricks himself, however hazardous they may be.

This determination to expose himself to danger cost him several minor injuries during the screening of "Senor Daredevil," the screen offering at the Ceramic.

You would know from looking at the picture that Maynard had three falls while making this picture: two from a horse, and one from the tree to which you see him leap from the back of a horse running at full speed, and that the last of the falls from his horse laid him up for a week after the picture was finished. The most dangerous stunts, of course, are always saved for the last day of the picture, for obvious reasons.

The accidents were caused, not by any failure of strength or agility on the part of Maynard, who was in the "pink" of condition, but from sheer over-enthusiasm on his part, and a desire to do for his new movie audiences even "bigger and better" stunts than those which have made him famous in circus and theatre.

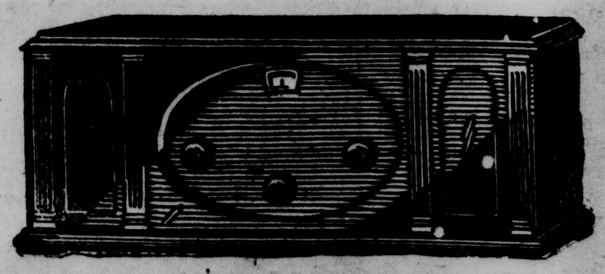
A cone-type radio speaker built upon an entirely new principle. Reproduces the former "lost frequencies" with amazing fidelity and volume. In small mahogany cabinet of Gothic design; an object of rare beauty. A true "mirror of sound"—You will never realize what perfect reproduction is until you **hear** the Peerless.

You will never be able to imagine the beauty of these King Receivers till you see them with your own eyes. No picture does justice to the beauty of line, the velvety two-tone finish or the fine craftsmanship that every piece of King cabinet-work reveals.

Under the name of King, you know you will get good radio. Your ear will prove that to you in a five-minute demonstration of any set you choose to listen to.

And as you listen to its tone and volume and quality — your eyes will joy in the beauty of King furniture and you will say as others have said: "At last! A radio set that is really a thing of beauty, with the dials and knobs simplified and subdued as we always hoped they would be!"



IF YOU HAVEN'T A GOOD RADIO — HALF THE WORLD IS PASSING YOU BY.

"BREED OF SEA" IS SCREEN HIT

Real Drama in Picture at Ceramic Theatre.

If you want to see a real copra schooner, lurching through the rollers of the Java Sea; if you want to see real drama, with a young divinity student who has reverted to type as a pirate captain, and an island girl of unleased, volcanic emotions; if you want to get the thrill of some great fights and be enthralled by a gloriously romantic, buccaneering story from the pend of no less a genius than Peter B. Kyne,—then don't miss "Breed of The Sea," which opened at the Ceramic theater yesterday for a three day engagement.

One of the many interesting features of the production is that Ralph Ince, who directed it, must have been about the busiest man in the world during the making. In addition to his directorial work, he takes a dual role which keeps him on the screen almost continually. In this he repeats his performance in "Bigger Than Barnum's;" but "Breed of The Sea" is a much larger order for actor or director to fill—and Mr. Ince fills both brilliantly. Here is power, punch, pathos and a delightfully rich if brief vein of comedy. Altogether it can only be judged a remarkable production.

After sketching effectively the two divergent natures of Tom and Todhunter Beasley, twin brothers and both students for clerical orders, the story shifts to the wildness of the Java Sea, where a "Captain Blaze Divine" has been terrifying the shipping men by his daring piracies. Into this corsair-infested region, too, comes Tom Beasley, now a missionary to the island heathen, bringing his wife. And into the picture leaps little Marietta, untutored and ungoverned daughter of an island bully. How these four are connected in a thrilling drama makes splendid entertainment.

Margaret Livingston adds to her fame with a splendid interpretation of Marietta. Dorothy Dunbar has not been so fortunate in having an acting opportunity, but she makes the most of the part of Ruth Featherstone and she is decorative beauty itself. Pat Harmon, Shannon Day and Alphonze Ethier are also fine. The fight between Ince and Ethier in the palm-thatched island bar room is a corker!

Many a miss with no ear for music knows how to play a million-aire.—Fostoria Times.

SYNOPSIS.

Julian Reed is wandering southern California in his little roadster. He is aimless and amiable. At luncheon in a small restaurant he meets, by chance, a charming, rather wistful young woman. She has missed connections with a troupe of vagabonding actors and he offers, in spite of his natural bashfulness, to drive her to the troupe's next stopping place, La Jolla. She accepts his offer. He tries to "explain" himself. He has money, but is suffering from a bad case of "dual personality." He is obviously greatly bothered about something, some conflict within himself. She, like Julian, is from the East. They overtake and pass the trucks bearing the rest of the troupe. As they stop for dinner, the others come in. Julian meets Watt, the chief of the "Wayside Theatre;" Sadie, an ex-chorus girl-trouper, and the rest of the cast. Julian comes to the rescue of the troupe financially. Sadie attaches herself to him, frankly captivated by his oddness, and quaint charm. Sadie tells him of Hester, how she risked everything to try for the leading role in a movie of a play written by one "Robert Johns," failed and joined the troupe as a last resort. That night, after the performance, Julian and Hester, in the car, confide in one another and Julian kisses Hester. Next morning she learns that he has financed the troupe and is angry, refusing to have anything to do with him. He tells Sadie he is going to Hollywood but will return. Watt offers Julian a half interest in the enterprise for $4,000 and Julian accepts. Julian reaches Hollywood and spends a lonely Sunday. He meets a young man in the hotel who is doing continuity for one of the pictures companies.

CHAPTER TEN.

Julian spoke, a bit bashfully, "I've got to see the Interstellar people tomorrow."

"Continuity?"

"No. Just business. A sort of business."

"Oh, you know anybody over there?"

"Why, no. I don't know them."

"Then I hope you've got a letter. You can't break into the Interstellar offices without something of the sort."

"I hadn't thought of that."

"Look here, I know a fellow in the publicity department there. Al Wilson. Clever fellow. He could get you to the studio manager, I think."

"I . . . I thought I'd better see Mr. . . . what's his name? . . . it is always on the pictures when they show them."

"You don't mean Lipke?"

"Yes. Mr. Lipke."

"My dear fellow, you couldn't get within three hallways of him without at least a letter from J. P. Morgan. Why, even the production manager. . . ."

"Oh." Further than this Julian didn't express himself. But his brows were drawn together in perplexity.

A beautiful girl appeared in the doorway at this point and the two of them drove away in a creamcolored runabout.

Julian dropped into one of the rockers and tried to think. That word "capital" was revolving in the back of his mind. Someone else had lately used it. Oh, of course! Mr. J. Murray Watt. With a pang Julian realized that he had forgotten. And he'd given his word. He asked the Philippine boy where he could find a telegraph office, and then walked out on the boulevard.

"I want to telegraph to New York for some money," he said.

The harassed-looking man with the eyeshade gave him a quick, keen look that distinctly included his wrinkled suit, shoved a blank across the counter. Julian winced; but filled in the blank.

"Five thousand dollars?" said the man, with another quick look.

"Well . . . wait a moment! . . ." Julian was thinking of that cream-colored runabout and of Hester. His eyes grew dreamy.

"Well?"

"I think we'd better say ten thousand." Julian was catching himself now and trying to be businesslike. This man was unpleasant. He didn't like him.

"Oh, ten thousand!"

"Yes."

"Julian Reed, Hotel Hollywood. To the Ninth National Bank of New York, N. Y. . . . . All right!"

On Monday he failed to call at the Interstellar lot. Time passed, of course. Very likely Sadie had been right in urging him not to leave the troupe. Sadie had a way of knowing about things. About human beings. Hester might turn abruptly to another man. She might. She might be caught, as the old phrase runs, on the rebound. She was in a pretty emotional state, discouraged, her personal morale shot to pieces. He went weak at the thought. He began to feel intensely now that he should hurry back. But he needed a little time to

SOVIET PUTS RESTRICTIONS ON RUM SALE

Increase of Drunkenness Forces Russian Action.

EFFICIENCY HIT

Move Made After Abandonment of Ban on Vodka.

MOSCOW.—Faced with an increase of drunkenness, a lowering of labor efficiency, and a perceptible decrease in the resistance of the people to disease as a result of a year's experiance with legalized strong vodka, the Soviet government is now resorting to restrictions on the sale of liquor in place of the absolute prohibition which they abandoned.

The Council of Peoples Commissars has ratified a bill of the Soviet Central Executive committee limiting the sale of liquor. The bill, which probably will become a law, prohibits the sale of more than one bottle of 40 per cent vodka, brandy, or liquor to one individual in one day.

It also prohibits absolutely the sale of any spirituous beverages to persons below eighteen years old, and forbids restaurants, hotels, railroad buffets and dining cars, and ship stewards to sell liquor by the bottle. A punishment of 50 roubles fine or two weeks imprisonment is provided for violation of the law.

At the same time, the authorities are attempting to encourage the drinking of beer in place of high tension vodka. Moscow already consumes 50,000 bottles of beer daily, and after the present project for improving the quality of this beverage is accomplished, it is hoped that the consumption will double.

According to the Commissariat of Health, the introduction of legalized vodka has completely failed to check the consumption of "samogan," or Russian moonshine. Dr. L. Prosonov, chief of the psychiatrical department of the Commissariat, reports that already this year there have been consumed in the Soviet Union more than 100,000,000 gallons of moonshine.

Economic Effects.

His experiments with this local product show that it is responsoble for a considerable share of deaths from diseases which would not have proved fatal for an abstainer. Statistics of the Commissariat show that out of 100 abstainers sick with cholera, 19 died and 81 recovered, while out of 100 persons accustomed to drinking moonshine, sick with cholera, 90 died and only 10 recovered.

The economic effects of the sale of vodka have been equally striking. In one textile factory of Likinsk, Orechovo province, near Moscow, the workers spent 400,000 roubles, representing 20 per cent of their wages, on vodka within six months.

PENNSYLVANIA'S TOBACCO INDUSTRY MAKES BIG STRIDE IN 50 YEARS

HARRISBURG, Pa.—Figures on file in the State Department of Agriculture today show that the tobacco industry has experienced more change than any other Pennsylvania farm enterprise in the last half century. Acreage of the crop has been increased five times and the yield per acre has doubled due to improved methods of growing and fertilization.

Figures show that the state this year produced 45,302,000 pounds of tobacco on 33,000 acres.

In 1866, the earliest date for which figures are available, the state produced 4,900,000 pounds of tobacco on 6,200 acres.

While tobacco was grown in twelve countries of the state this year, more than 91 per cent of the total crop was produced in Lancaster county.

LOWDEN SPEECH TO VOICE VIEWS ON FARM NEEDS

Agriculturists Will Meet at Chicago on December 5.

STUDY PROBLEMS

Discontent May be Aired Regarding Business.

CHICAGO.—American farmers will assemble here December 5 for the opening of what is expected to be the outstanding agricultural demonstration of a decade—the Eighth annual meeting of the American Farm Bureau Federation.

The grievances from which a large block of farmers from all sections of the country assert they are suffering as a result of tariff and other governmental acts, will be thoroughly aired with a view to drafting a definite legislative program behind which a majority can unite.

The meeting will run for three days, winding up Wednesday when former governor of Illinois Frank B. Lowden will deliver an address.

Lowden to Voice Views.

That Lowden's talk will echo the discontent of the farmers with present conditions was believed to be a foregone conclusion today.

Lowden is the outstanding "farm" candidate for president, whether he will or not formally announce himself and with a representative group of farmers waiting such word, it is believed possible he may come out strongly for some definite form of relief.

Gathered together in the Councils of the Federation will be Federation officials from every state, county and community of importance, supplemented by county agents, vocational agricultural teachers, home demonstration agents and community workers.

In sending out his call for full representation, President Thompson declared that "everyone is needed so that with balanced judgment, a policy will be adopted which will assure an equality of opportunity that agriculture sorely needs."

New Feature.

A new feature of the meeting will be the First National Exposition, featuring exhibits from outstanding cooperative marketing associations, the Farm Bureau, county, state and national and products of commercial firms presenting new ideas applicable to agriculture.

The U. S. Department of Agriculture is installing five distinct educational exhibits, including one showing the work of the newly created marketing department.

Pittsburgh's New Air Field Named in Honor Of Lieut. Cyrus Bettis

PITTSBURGH.—This city's newest airport will be known in the future as "Bettis Field," in honor of the late Lieut. Cyrus K. Bettis, noted army aviator who lost his life in a crash in the Allegheny mountains.

Bettis Field, located at Drayosburg, a Pittsburgh suburb, is to be the terminus of the Pittsburgh-Cleveland air mail route.

Jazz is becoming popular in Japan. The wave of American music that has been rising in the Oriental country for many years is turning toward syncopation, and many instruments from this country are being mastered in place of the koto, shakubachi and samisen.

LOWDEN SPEECH TO VOICE VIEWS ON FARM NEEDS

Agriculturists Will Meet at Chicago on December 5.

STUDY PROBLEMS

Discontent May be Aired Regarding Business.

CHICAGO.—American farmers will assemble here December 5 for the opening of what is expected to be the outstanding agricultural demonstration of a decade—the Eighth annual meeting of the American Farm Bureau Federation.

The grievances from which a large block of farmers from all sections of the country assert they are suffering as a result of tariff and other governmental acts, will be thoroughly aired with a view to drafting a definite legislative program behind which a majority can unite.

The meeting will run for three days, winding up Wednesday when former governor of Illiois Frank B. Lowden will deliver an address.

Lowden to Voice Views.

That Lowden's talk will echo the discontent of the farmers with present conditions was believed to be a foregone conclusion today.

Lowden is the outstanding "farm" candidate for president, whether he will or not formally announce himself and with a representative group of farmers waiting such word, it is believed possible he may come out strongly for some definite form of relief.

Gathered together in the Councils of the Federation will be Federation officials from every state, county and community of importance, supplemented by county agents, vocational agricultural teachers, home demonstration agents and community workers.

In sending out his call for full representation, President Thompson declared that "everyone is needed so that with balanced judgment, a policy will be adopted which will assure an equality of opportunity that agriculture sorely needs."

New Feature.

A new feature of the meeting will be the First National Exposition, featuring exhibits from outstanding cooperative marketing associations, the Farm Bureau, county, state and national and products of commercial firms presenting new ideas applicable to agriculture.

The U. S. Department of Agriculture is installing five distinct educational exhibits, including one showing the work of the newly created marketing department.

Pittsburgh's New Air Field Named in Honor Of Lieut. Cyrus Bettis

PITTSBURGH.—This city's newest airport will be known in the futere as "Bettis Field," in honor of the late Lieut. Cyrus K. Bettis, noted army aviator who lost his life in a crash in the Allegheny mountains.

Bettis Field, located at Drayosburg, a Pittsburgh suburb, is to be the terminus of the Pittsburgh-Cleveland air mail route.

Jazz is becoming popular in Japan. The wave of American music that has been rising in the Oriental country for many years is turning toward syncopation, and many instruments from this country are being mastered in place of the koto, shakubachi and samisen.

(Continued from Page Four)

$63,000, the known sales of American merchandise during the year which came about as a direct result of the activities of that office totaled more than $10,000,000.

In Spain, the Madrid office, costing $26,950, developed new business aggregating $300,000, a fifth of which, by the way, was in cigarets.

During the year the Canadian branch of the Bureau was instrumental in obtaining 81 agencies for American goods resulting in sales amounting to some $600,000 on a budget of $29,515, according to the report. With the assistance of the Bureau's representatives in Bombay and Calcutta, American firms obtained 37 new agents and distributors who have given orders totaling about $2,000,000. The Copenhagen, Denmark, office is credited with orders for goods amounting to $1,000,000 for the year.

With the help of the American commercial attache at Prague, Czechoslovakia, arrangements were concluded which resulted in the sale of 759 American automobiles. In South Africa the Johannesburg office, costing $24,775, produces business for American firms amounting to $2,500,00 annually.

Outlook Is Encouraging.

This sort of work will go on, with every assurance that it will continue to be profitable. The retrospect and prospect for increased sales of American goods in the markets of the world are altogether encouraging, says Dr. Klein. Until it has been impossible to judge whether the increased volume of our export trade was merely accidental and temporary or whether it reflected a general trend which might be expected to continue. It is now clear, he says, that the growth of our export trade from the low point of post-war depression in 1921-22 has been of a normal character and due to causes which bid fair to prevail. In no sense does it rest upon "stolen" markets taken from a war-harassed Surope. Developments of recent year, especially those of 1925-26, indicate emphatically that our gains were almost entirely bona fide new openings of a sort never exploited before by Europeans or by American traders.

A conspicuous feature of the bureau's work, says its chief, has been its greatly increased activity in the field of domestic commerce which enables it now to serve the small local retailer as well as the great export organization. This phase of the work has launched a series of regional analyses of distribution in different parts of the country in order to discover possibilities or elliminating wasteful marketing methods. Surveys have already been completed in Philadelphia, and in the five southeastern States, and others are being made in New England and in California.

This work is being carried on with the cooperation of trade organizations and research agencies throughout the territories involved, and it is said that its result has aroused widespread commendation because of the possibilities for economic and more efficient sales efforts which have been revealed. These are perhaps the first exhaustive analyses on a country-wide basis of the marketing practices of specific trade areas. American business has long been familiar with the exports and imports of its leading foreign competitors, but it now requires increasingly accurate and impartial data on the commercial movements and possibilities of the major trade areas of its greatest market, the United States.

The domestic commerce activities of the Bureau have also included comprehensive surveys made at the request of various specific trades relative to the possibilities of improved distribution methods. A typical example of what is being done in this line is the forthcoming atlas of the grocery trade, which will for the first time analyze in detail the distributive machinery of that fundamental traffic for the benefit, not only of its members, but of the thousands of manufacturers and dealers doing business with it.

SURE WAY TO STOP NIGHT COUGHING

Relief in 15 Minutes—or No Cost

Persistent night coughing is usually due to causes which ordinary cough mixtures do not touch. A remarkable new prescription known as Thoxine, working on an entirely different principle, goes direct to the cause, stops the stubbornest cough within 15 minutes. One swallow is all that's needed. If it fails, get your money back. Equally good for sore throat for which purpose it is far superior to gargles. No chloroform or other harmful drugs. Excellent for children's sore throat and coughs. 35c., 60c. and $1.00. At all good druggists.

Haskin's Letter

(Continued from Page Four)

$63,000, the known sales of American merchandise during the year which came about as a direct result of the activities of that office totaled more than $10,000,000.

In Spain, the Madrid office, costing $26,950, developed new business aggregating $300,000, a fifth of which, by the way, was in cigarets.

During the year the Canadian branch of the Bureau was instrumental in obtaining 81 agencies for American goods resulting in sales amounting to some $600,000 on a budget of $29,515, according to the report. With the assistance of the Bureau's representatives in Bombay and Calcutta, American firms obtained 37 new agents and distributors who have given orders totaling about $2,000,000. The Copenhagen, Denmark, office is credited with orders for goods amounting to $1,000,000 for the year.

With the help of the American commercial attache at Prague, Czechoslovakia, arrangements were concluded which resulted in the sale of 759 American automobiles. In South Africa the Johannesburg office, costing $24,775, produces business for American firms amounting to $2,500,00 annually.

Outlook Is Encouraging

This sort of work will go on, with every assurance that it will continue to be profitable. The retrospect and prospect for increased sales of American goods in the markets of the world are altogether encouraging, says Dr. Klein. Until it has been impossible to judge whether the increased volume of our export trade was merely accidental and temporary or whether it reflected a general trend which might be expected to continue. It is now clear, he says, that the growth of our export trade from the low point of post-war depression in 1921-22 has been of a normal character and due to causes which bid fair to prevail. In no sense does it rest upon "stolen" markets taken from a war-harassed Surope. Developments of recent year, especially those of 1925-26, indicate emphatically that our gains were almost entirely bona fide new openings of a sort never exploited before by Europeans or by American traders.

A conspicuous feature of the bureau's work, says its chief, has been its greatly increased activity in the field of domestic commerce which enables it now to serve the small local retailer as well as the great export organization. This phase of the work has launched a series of regional analyses of distribution in different parts of the country in order to discover possibilities or eliminating wasteful marketing methods. Surveys have already been completed in Philadelphia, and in the five southeastern States, and others are being made in New England and in California.

This work is being carried on with the cooperation of trade organizations and research agencies throughout the territories involved, and it is said that its result has aroused widespread commendation because of the possibilities for economic and more efficient sales efforts which have been revealed. These are perhaps the first exhaustive analyses on a country-wide basis of the marketing practices of specific trade areas. American business has long been familiar with the exports and imports of its leading foreign competitors, but it now requires increasingly accurate and impartial data on the commercial movements and possibilities of the major trade areas of its greatest market, the United States.

The domestic commerce activities of the Bureau have also included comprehensive surveys made at the request of various specific trades relative to the possibilities of improved distribution methods. A typical example of what is being done in this line is the forthcoming atlas of the grocery trade, which will for the first time analyze in detail the distributive machinery of that fundamental traffic for the benefit, not only of its members, but of the thousands of manufacturers and dealers doing business with it.

CORN BORER BAN PLACED IN COUNTY

Hancock, Brooke and a part of Ohio county, all probably will be included in the federal government's quarantine against the shipment of West Virginia corn into other states because of the presence of the corn borer. John W. Smith, commissioner of agriculture said today.

Mr. Smith was notified yesterday that the conference at Washington, which began a week ago, had decided that the southern section of West Virginia should be placed under quarantine.

Very little corn is shipped out of West Virginia and hence little injury will be suffered by the quarantine, Mr. Smith said. He is taking steps to have the pest eradicated.

EPIDEMIC OF HOG CHOLERA FEARED

An epidemic of hog cholera is reported prevalent in many counties of the state, and orders have been issued to give treatment to all hogs at state institutions. Also the department of agriculture has taken steps to eradicate the disease which it is said, already has caused considerable loss to farmers.

The cholera first started in Jefferson county, several weeks ago and spread rapidly over the state. The germs are said to have been brought into the state in a shipment of hogs from one of the southern states.

SCHOOL VACATION DATES ANNOUNCED

Regular meeting of the Grant district board of education was held Tuesday night. Number of matters were considered during the session.

The board decided that the annual Christmas vacation would begin on Thursday, December 23. Schools will re-open on January 3.

District schools will resume Monday morning following the Thanksgiving vacation period.

Fans Attend Game.

Number of local football fans attended the game yesterday afternoon between East Liverpool and Wellsville high school elevens staged on Patterson field.

Dennis Funeral.

Funeral services for Audrey Pearle, 4-year-old daughter of Mr. and Mrs. W. E. Dennis, were held yesterday afternoon in the home, back of Newell. Burial was made in Locust Hill cemetery.

Four Western States Prepared to Replace Eastern Coal Mines

PITTSBURGH.—When the coal supply of the Eastern fields is exhausted, the United States will have two great undeveloped coal fields in the West to draw upon, M. R. Campbell, of the U. S. Geological Survey, told the International Conference on Bituminous Coal here.

Wyoming, Montana, the Dakotas and Colorado can produce millions of tons of semi-bituminous coal, according to Campbell. The Western coal is of an inferior quality because it comes from a younger field, but it will supply this country for many years after Eastern coal is exhausted, he said.

Waltz Written on Cuff.

Johann Strauss, the "waltz king," wrote his famous "Blue Danube" on a pair of detachable cuffs and then threw them into the wash. They were rescued by his mother and his music publishers made a fortune from the composition. Strauss wrote so many compositions that he could not recognize all of them.

An epidemic of hog cholera is reported prevalent in many counties of the state, and orders have been issued to give treatment to all hogs at state institutions. Also the department of agriculture has taken steps to eradicate the disease which it is said, already has caused considerable loss to farmers.

The cholera first started in Jefferson county, several weeks ago and spread rapidly over the state. The germs are said to have been brought into the state in a shipment of hogs from one of the southern states.

Work Progressing.

Work is progressing steadily on the erection of the new Wells school building on the site of the old Kenilworth golf grounds. Concrete work on the basement was completed several days ago.

SCHOOL VACATION DATES ANNOUNCED

Regular meeting of the Grant district board of education was held Tuesday night. Number of matters were considered during the session.

The board decided that the annual Christmas vacation would begin on Thursday, December 23. Schools will re-open on January 3.

District schools will resume Monday morning following the Thanksgiving vacation period.

Fans Attend Game.

Number of local football fans attended the game yesterday afternoon between East Liverpool and Wellsville high school elevens staged on Patterson field.

Dennis Funeral.

Funeral services for Audrey Pearle, 4-year-old daughter of Mr. and Mrs. W. E. Dennis, were held yesterday afternoon in the home, back of Newell. Burial was made in Locust Hill cemetery.

There are nearly 100 motorcycles in Palestine today.

Four Western States Prepared to Replace Eastern Coal Mines

PITTSBURGH.—When the coal supply of the Eastern fields is exhausted, the United States will have two great undeveloped coal fields in the West to draw upon, M. R. Campbell, of the U. S. Geological Survey, told the International Conference on Bituminous Coal here.

Wyoming, Montana, the Dakotas and Colorado can produce millions of tons of semi-bituminous coal, according to Campbell. The Western coal is of an inferior quality because it comes from a younger field, but it will supply this country for many years after Eastern coal is exhausted, he said.

Waltz Written on Cuff.

Johann Strauss, the "waltz king," wrote his famous "Blue Danube" on a pair of detachable cuffs and then threw them into the wash. They were rescued by his mother and his music publishers made a fortune from the composition. Strauss wrote so many compositions that he could not recognize all of them.

ATLANTA IS WAGING MERRY WAR ON PEDDLERS WHO RING BELLS

ATLANTA.—Merchants of this city are warring on "bell-ringers"—peddlers who sell everything from socks and neckties to washing machines and household supplies.

A series of page advertisements warn the people of the "dangers" to other local establishments if they continue to patronize "bell-ringers" the majority of whom represent out of town firms.

"These 'bell-ringers' are sending out of the city hundreds of thousands of dollars in business which has been taken away from local stores, under the flimsy pretext of giving you more for your money," the advertisements declare.

"If you are employed in a local retail establishment of any kind, whatever, you are undermining your job, you are imperiling the house you work for, you are striking at your own prosperity and at the prosperity of this community every time you patronize an out of town peddler.

"Some morning you may wake up and find your job has evaporated over night.'

Germany Never Dry, Declares Son of Former Chancellor

LOS ANGELES.—Prohibition hasn't a chance in Germany, Felix Bethman-Hollweg, son of the former German chancellor, declared today.

"The German people will never adopt it," the visitor continued, "because they don't need prohibition. They don't abuse their liquor."

"Republican form of government will always continue in Germany," Bethman-Hollweg asserted, "although the people are a little slow in accustoming themselves to it. The government of a kaiser will never return."

Bethman-Hollweg, who is in the United States to study economic conditions, revealed that German factories are now on a solid footing and "slowly regaining lost ground in the economic field. Only when Germany regains its foreign business, especially in Mexico, the United States and South America will it be able to fund its debts."

UNION SERVICES CONDUCTED HERE

Large number attended union Thanksgiving services yesterday morning in the Second Presbyterian church. The sermon was delivered by Rev. C. Melvin McKay, pastor of the Pennsylvania Avenue Church of Christ.

Pastors of the other churches in this section took part in the program. Special music was featured.

Scout Members to Meet.

Members of the Boy Scout troop will meet tonight in the Pennsylvania avenue Methodist Episcopal church. Session will be in charge of the scoutmaster.

COMMISSIONERS TO SELL BRIDGE

Beaver county commissioners will sell the old abandoned bridge over the Little Beaver river near Smith's Ferry. Sealed bids will be received at the court house until Tuesday, December 7, at 11 o'clock. This bridge was built in 1884 and for many years was on the main avenue of travel between the lower valley and East Liverpool. It is 235 feet long and the cartway is 16 feet wide.

This high truss steel structure was abandoned about two years ago when the new bridge was completed. At the time Route 243, known as the River road, was improved and the alignment of the road was changed where it crosses the Little Beaver river and a new bridge was erected.

LODGE MEMBERS HOLD MEETING

Members of Pennova lodge No. 880, I. O. O. F. met last night in the Hill building, Mulberry street. Class of candidates from East Liverpool lodge No. 379 received the second degree.

Social hour followed the initiation ceremonies.

Beaver Court in Session.

Number of cases have been disposed of this week in the common pleas court at Beaver. Several persons convicted of violating the liquor laws, were fined and given jail terms in the Allegheny county workhouse.

To Stop Doorstep Tipsters.

House-to-house bookmakers who solicit bets on horse racing from housewives are the object of a campaign of extinction in England. Their method is to call at each house once a week and offer tips and odds that are too inviting to the women who know nothing about the track. Those conducting the campaign against them say the tipsters, in spite of repeated failures of their tips, are making profits averaging $100 a week.

Log Carriages Are Speedy.

"Carriages" for the logs as they are fed into the saws of the more modern mills travel at a great rate of speed. It has been figured that these "carriages" attain a speed of forty-five miles an hour in a space of forty feet. Two men ride the "carriages," one to "dog" the logs, and the other to adjust the gauge for the thickness of the board required.

Even a very light pat on the back can make the chest stick out.—Akron Bacon Journal.

Power from Sweet Potato.

Motor fuel is to be made from sweet potatoes and molasses in a plant now under construction in Queensland, Australia, in the first large-scale attempt in the world to produce power alcohol. The plant will have a capacity of 2,000,000 gallons a year.

Mrs. Dumas Says Gas Took Her Breath

"I had gas on the stomach so bad that I could hardly breathe. Everything I ate went against me. After I began taking Adlerika, the gas left me and I eat everything."—Mrs. E. J. Dumas.

Adlerika differs from most medicines because it acts upon BOTH upper and lower bowel. It gives the system a REAL cleansing, and clears out old poisons which usually cause sour, gassy stomach, nervousness, sleeplessness, headache. Just ONE spoonful stops GAS, and relieves that full, bloated feeling so that you can eat better and sleep better. Even if bowels move daily, Adlerika brings out much additional poison which you never guessed was in your system and which may have long caused trouble. No matter what you have tried for stomach and bowels, Adlerika will surprise you. At leading druggists. In East Liverpool at the Economy Drug Store and other druggists.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

Power from Sweet Potato.

Motor fuel is to be made from sweet potatoes and molasses in a plant now under construction in Queensland, Australia, in the first large-scale attempt in the world to produce power alcohol. The plant will have a capacity of 2,000,000 gallons a year.

Mrs. Dumas Says Gas Took Her Breath

"I had gas on the stomach so bad that I could hardly breathe. Everything I ate went against me. After I began taking Adlerika, the gas left me and I eat everything."—Mrs. E. J. Dumas.

Adlerika differs from most medicines because it acts upon BOTH upper and lower bowel. It gives the system a REAL cleansing, and clears out old poisons which usually cause sour, gassy stomach, nervousness, sleeplessness, headache. Just ONE spoonful stops GAS, and relieves that full, bloated feeling so that you can eat better and sleep better. Even if bowels move daily, Adlerika brings out much additional poison which you never guessed was in your system and which may have long caused trouble. No matter what you have tried for stomach and bowels, Adlerika will surprise you. At leading druggists. In East Liverpool at the Economy Drug Store and other druggists.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

THE ENTERTAINING ANGEL

SAMUEL MERWIN

By Samuel Merwin Released through Central Press Assn

(Continued from Page Twenty.)

adjust himself to Hollywood and build a plan. He couldn't become a go-getter all in a minute. And so, blowing hot and cold, chafing and delaying, he let the day slip by.

In the afternoon he stood before an automobile in a show window. It was a runabout, not cream color but attractive enough in olive green with red lines. It was small, neat, with windshield extensions in bright nickle and plate glass, a motometer with a spread silver eagle on it, balloon tires, and narrow steps in place of a running board. A placard announced four-wheel brakes. It would be nice to have a snappy little car like that. He smiled at himself. Only a few days he had been thrilled over the decrepit roadster in which his life with Hester had begun. But come to think of it, there was another and better argument. He must make a decent impression on those tremendous personages at the Interstellar lot. He simply must.

Chyly he went into the sales-room and mustered his courage to ask the price.

"Thirteen and a half," said the man, not smiling, and glancing up and down the wrinkled suit. At that moment Julian decided on a new suit before night. He had one other which hadn't been out of his suitcase in ten days. That would be worse. No, a new one was the thing. He heard his own hesitant voice:

"You mean thirteen hundred and fifty?"

"Thirteen hundred and a half. Yes, sir."

Not so bad. He produced his letter of credit. "How much is left there?"

The man looked the document over. "Sixteen hundred."

"All right. I'll take the car. Can I have it right away?"

"Certainly."

It was absorbing to watch them maneuver it out of the show window and into the alley. He had often wondered how they ever got cars into these places. There were papers to sign. Then they went to a bank, farther along the boulevard. The man let him drive. His nerves were all a-tingle. He felt like laughing and singing. The motor hummed softly, and merely hissed a little when he pressed down the accelerator. He had never had such power under his hand. They were very pleasant at the bank. He decided, in view of the larger sum that was on the way, to draw out his letter in full. With that new suit to buy and his hotel and garage bills, he'd need it.

"Well," said the salesman, "she's yours. We'll just run over to the Auto Club and arrange for a license and . . . ."

"Oh!"

"I beg your pardon."

Julian was looking through his pockets. "I . . . I've got a license. Here it is. And here's my registration. You see, I've had another little car. I was just wondering if . . . well, they give some allowance on the old cars, don't they?"

"Under certain circumstances." The salesman was suddenly in a judicial mood.

"Then perhaps you'd . . . ."

"Oh, not in this case. The papers are signed. It was a straight sale."

"Oh," murmured Julian, in some confusion. "I see."

But even if he couldn't arrange an allowance, the man was kind and put the thing through swiftly at the Automobile Club. After all, the old car didn't matter particularly. He had lost interest in it. They'd store it for the present at the garage. Nothing mattered now except this stunning little red and olive roadster that was so easily and miraculously his own. The power that was in the smoothly running motor seemed to transfer something of itself to his own personality.

He drove along the boulevard until he found a clothing store, and there picked out a very god-looking ready-made suit. They said they could make the necessary alterations within twenty-four hours.

He bought a knickerbocker suit, too, in a grey herringbone weave, very natty. Scotch goods. This led to other purchases . . . an imported sweater in greens and red-browns, an English cap, golf stockings, rubber-soled shoes, then ties and some pretty shirts with soft collars.

Why not? After all, was it fair to ask an exquisite girl like Hester to admire the creature he had been? Finally he stepped into a neighboring barber shop and had his hair cut. He was a doer now. He entered the great dining room that evening with head high and a spring in his step. He was walking on the room of the world.

HEALTH COMES TO HER AFTER SUFFERING FOR MANY YEARS

Mrs. Saltsman Credits Tepee Herb Tonic for the Splendid Way She Feels.

"For the last six years I have been in poor health and I just kept right on getting worse and worse," says Mrs. Nettie Saltsman, 23 Fassett Ave., Ashtabula, Ohio.

"I was constipated. My stomach was all out of order and I would have severe attacks of acute indigestion. I couldn't eat a bite of meat without having gas on my stomach. Many vegetables effected me in the same way. My food seemed to lie in a great lump in my stomach and it would be several hours before it would pass away.

"My stomach was extremely sore and almost daily I had severe attacks of headaches. I was restless and when night came I couldn't sleep soundly. I tried a great many medicines but I didn't get any better.

"One day I was reading the newspaper and I saw where a friend of mine recommended Tepee Tonic. I decided to try it and see if it would help me.

"The next day I got a bottle of Tepee Herb Tonic and I have now used all of it. Even that one bottle has made a big change in me. I notice a great difference in the way I feel.

"I do not have any more gas or bloating. I can eat a hearty meal and it does not lie heavily on my stomach. It has been so long since I had a headache that I have almost forgotten about them.

Mrs. Nettie Saltsman.

"When night comes I go to sleep and I sleep soundly until it is time to get up in the morning. I have a good appetite and I am not constipated as I was before."

Tepee Herb Tonic may be had in East Liverpool at Carnahan's Drug Stores.

HEALTH COMES TO HER AFTER SUFFERING FOR MANY YEARS

Mrs. Saltsman Credits Tepee Herb Tonic for the Splendid Way She Feels.

"For the last six years I have been in poor health and I just kept right on getting worse and worse," says Mrs. Nettie Saltsman, 23 Fassett Ave., Ashtabula, Ohio.

"I was constipated. My stomach was all out of order and I would have severe attacks of acute indigestion. I couldn't eat a bite of meat without having gas on my stomach. Many vegetables effected me in the same way. My food seemed to lie in a great lump in my stomach and it would be several hours before it would pass away.

"My stomach was extremely sore and almost daily I had severe attacks of headaches. I was restless and when night came I couldn't sleep soundly. I tried a great many medicines but I didn't get any better.

"One day I was reading the newspaper and I saw where a friend of mine recommended Tepee Tonic. I decided to try it and see if it would help me.

"The next day I got a bottle of Tepee Herb Tonic and I have now used all of it. Even that one bottle has made a big change in me. I notice a great difference in the way I feel.

"I do not have any more gas or bloating. I can eat a hearty meal and it does not lie heavily on my stomach. It has been so long since I had a head ache that I have almost forgotte about them.

Mrs. Nettie Saltsman.

"When night comes I go to sleep and I sleep soundly until it is time to get up in the morning. I have a good appetite and I am not constipated as I was before."

Tepee Herb Tonic may be had in East Liverpool at Carnahan's Drug Stores.

COURT BARS CARPENDER'S HALL-MILLS STORY

Another Bryan Wanted.
Buy Your Enemies.
Science No Menace.
$170,000, and Too Cheap.

By ARTHUR BRISBANE

(The opinions expressed in this column are strictly those of Mr. Brisbane and not necessarily in consonance with the policies of The Review-Tribune.)

Copyright, 1926, by the Star Co.

THE Iowa state chairman says the Democratic party ought to find a man like W. J. Bryan—something hard to do. Bryan had one great quality, and you would say, as it is said of another, "that man believes every word he says. Such men are dangerous."

There is a tremendous power in sincerity, and right or wrong, on gold, silver or prohibition, Bryan had that power.

PRIME MINISTER STRESEMANN admits that a newspaper opposing the government of the German republic was purchased with government money. And then the paper went right on attacking the government, but naturally without any teeth in the attack.

Wise is the statesman whon can keep his friends and buy his enemies. Bismarck did it.

DR. LORENZ, "bloodless surgeon, of Vienna,"—says science is injuring humanity by keeping the unfit alive. Nature tries to wipe out those not fit to perpetuate the species. Science prolongs their lives and adds unfit [illegible] to the population.

[illegible]NS used to kill babies that did not seem vigorous, and killed all children born deformed. That didn't make a great conquering race of the Indians. Some of the most useful men, Voltaire for instance, would have died in infancy but for extraordinary scientific care.

POPE, who wrote the "Essay on Man," and other things worth while, would have been killed had he lived among the Indians.

He had to be sewed up in a canvas jacket each day that he might sit up and write.

And consider the good moral effect that helping the unfit has upon the abler types. What we call charity is largely a philanthropic gymnasium for the prosperous.

A STOCK EXCHANGE SEAT sells for $170,000, the highest price on record, but a great deal too low. In these booming times, and with the prosperity that is ahead, every able broker ought to be able to earn the price of a seat in a year.

BY THE WAY, the authorities investigate the union labor regulations, and especially the important question, "Do unions limit the number of union men."

They do, of course. If they did not, unions wouldn't last long.

WOULD the government also be interested to know whether the stock exchange union limits the number of gentlemen that may buy and sell shares? If it does, there are 1,100 of them ,and if you suggested increasing

Body Weight Barometer of Your Health

If a grown person whose weight is correct eats the proper kind and amount of food there will be little or no variation in weight. Abnormal weight therefore is the sign of improper eating or living.

When overweight or underweight warns you of danger there is a guide to correct your weight and improve your general health.

Our Washington Information Bureau offers a new booklet of menus for reducing or increasing weight, exercises for reducing, and other valuable information on the subject of weight control.

A copy will be sent to you on receipt of six cents in stamps to cover cost and return postage.

DEFENDANT'S DENIAL OF MRS. JANE GIBSON'S STATEMENT EXCLUDED

Judge Parker Rules on Question as to Along What Lines Witness Should Testify in Murder Trial.

DENIES HE MET ACCUSED TRIO

In Taking Stand Wednesday He Swore He Was Not at Scene of Double Killing in New Jersey.

SOMERVILLE, N. J., Nov. 26.—Felix Di Martini, stormy petrel in the Hall-Mills case and the private detective Mrs. Frances Stevens Hall hired four years ago to help her, was called to the ness stand at 1 o'clock this afternoon. Di Martini will be arrested as an accessory after the fact to the murder, it was said.

By JAMES L. KILGALLEN.

COURTHOUSE, SOMERVILLE, N. J., Nov. 26.—Henry De La Bruyere Carpender's testimony given Wednesday is not admissable Judge Charles W. Parker ruled at the resumption of the Hall-Mills murder trial today. The testimony of Carpender, a Wall street broker, had been halted late Wednesday upon objections by the state to the line of questions put to him by the defense.

Fingerprint Experts Quizzed.

The state then began cross-examination of the defense fingerprint experts.

James Herbert Taylor, fingerprint expert of the United States navy was recalled.

Simpson asked Taylor if the enlargement of "S-17"—the calling card found at the foot of Dr. Hall's body—contained every characteristic on the card—was the card without "any distortion whatever?"

"I have found none," said Taylor.

Simpson drew from Taylor that he once secured a conviction from a fingerprint on a box developed two months after the crime.

He was excused.

Frederic Sandberg, of the Washington, D. C., police department, was called.

Simpson asked Sandberg if it was shown to be a fact that D-28 (the enlargeemnt) lacked characteristics of S-17 (the card) wouldn't that affect his opinion.

The witness was uncertain, had the question repeated and finally said if the copy was not correct it would affect his opinion.

Prompting Simpson in his question was Joseph A. Faurot, former deputy police commissioner of New York and

SLAYERS HACK BODIES OF TWO MEN AT TOLEDO

Pair of Legs and Decapitated Head are Found.

CORONER ON JOB

Seek to Establish Identity Through Fingerprints.

TOLEDO, O., Nov. 26.—Police here, already bewildered by the ravages of "the clubber," today were puzzled by the announcement of Coroner Charles Henzler, that two men had been murdered and their bodies hacked to pieces in an effort to hide the crime.

A pair of human legs was found last Sunday on the Trabbic farm. Wednesday pedestrians discovered a decopitated head near the Matzine road. Yesterday other parts of human limbs were discovered on the Reynolds road.

The coroner announced today that evidence shows these members could not hvae belonged to the same body. The head, he explained, is that of an unusually small man, while the legs were those of a huge male.

Several squads of police have been sent search the scenes of the discoveries in the hope of locating the hands. They hope to establish the identity of the victims through finger-prints.

150,000 Peasants Fighting Red Troops in Pskov Province

Geneva Dispatch to Paris Newspaper Reports Sanguinary Battles Under Way Between Rebels and Moscow.

PARIS, Nov. 26.—Thirty towns in the province of Pskov, Soviet Russia, have risen in revolt and 150,000 peasants are fighting sanguinary battles against the Soviet troops, according to a Geneva dispatch to L'Intransigeant.

Peasants are killing Soviet officials and Communists are burning official buildings and records, the dispatch states.

Russian officers, who have been exiled in Esthonia, are reported as leading the rebels and manifestos, allegedly signed by the Grand Duke Nicholas, are being distributed pledging liberation from the Bolsheviks.

Verjinski, head of the Soviet political police, has been sent to Uskov to attempt to suppress the revolt, the dispatch states.

TORNADOES HIT THREE STATES; PROPERTY LOSS IN MILLIONS

Arkansas, Missouri, Oklahoma and Louisiana Swept.

FREAK TWISTERS

Fifteen are Reported Killed in Heber Springs, Ark.

The death toll in the tornadoes which ripped through the southwest last night in the wake of heavy rains and hail storms was placed at 54 today, as more definite reports were received here. More than 100 were injured.

The revised list of dead was placed at 36 in Arkansas, five in Missouri, 12 in Louisiana, and one in Oklahoma, divided as follows:

In Arkansas, at Heber Springs, 16; Oppello, 5; Moscow, 8; Sheridan, 6; Wooster, 2; in Missouri, at Brandville, 4; Competition, 1; in Louisiana at Oil Camp Town, 5, and in Oklahoma, at Frederick, 1.

Coast Artillery on Job.

Property damage probably will run into the millions. No estimate can be made until wire communication is re-established in the storm areas.

Telephone and telegraph wires were blown down and poles were uprooted in Arkansas and Missouri, where the twisters struck with fury last night.

Relief for the stricken areas was planned today in conference between Governor Thomas J. Terral and Adjutant General J. R. Wayne. Battery E, 206th coast artillery, stationed at Heber Springs, was ordered to assume charge of the situation there.

Major Sam Herron, second battalion 206th coast artillery, was sent to Heber Springs last night and additional troops, including planes of the 54th observation squadron, Akransas national guard will be sent if necessary.

SPRINGFIELD, Mo., Nov. 16.—That the death toll in yesterday's freakish storms in Oklahoma, Arkansas and southern Missouri may reach 40 was indicated here today as meagre reports from southern Missouri and northeastern Arkansas came in from stricken areas.

Four deaths at Brandville, Mo., near West Plains, and two at Competition, near Lebanon, in addition to 33 in Arkansas and Oklahoma have been reported. Others seriously injured are expected to die. Many were injured at Heber Springs, Ark., at which 15 were killed.

29 Dead in Arkansas.

LITTLE Rock, Ark., Nov. 26—Twenty-nine are known dead in Arkansas alone and approximately 100 injured as attempts were made today to re-

CLEVELAND YOUTH PAYS PENALTY FOR MURDER OF CONFECTIONER

Emmanuel Ross, 18, Negro, Dies in Electric Chair at Columbus After Momentous Legal Battle.

COLUMBUS, Nov. 26.—Emmanuel Ross, 18, negro of Cleveland, paid the death penalty in the electric chair at state penitentiary here early today for the murder of Isador Steeck, Cleveland confeectioner. Ross was robbing Steeck's store a year ago when he shot the owner.

The negro went to the chair calmly at 1:06 a. m. and was dead one minute after the current was turned on. The execution ended a momentous legal battle in which stays of execution were granted in efforts to save the youth's life.

Ross was convicted in the Cuyahoga county common pleas court with King Young, also colored, of shooting to death Steeck in his store on the night of November 5, 1925. The jury which tried Young recommended mercy and he is now serving a life sentence in the penitentiary here.

Ross was given five stays of execution. He was first sentenced to die in the electric chair on April 23 of this year. The Cuyahoga county appellate court granted the first stay on April 15, and on July 10, fixed the date of execution as August 27.

Ross was given a last-minute stay by Governor Donahey until September 10, and a few days later extended the stay of September 18. The supreme court granted a stay to October 22 at the last minute again, and then

DETECTIVES GUARD 150 GYPSIES ON WAY TO PENNSYLVANIA LINE

Band, Traveling in Motor Cars, Apeals apt Cleveland for Protection From Gang of Chicago Gunmen.

CLEVELAND, Nov. 26—Guarded by half a dozen private detectives, a band of 150 gypsies in fast motor cars, today was speeding along the Pennsylvania-Ohio frontier, enroute to their national headquarters in Washington, after appealing to Cleveland police for protection from a gang of Chicago gunmen.

The gypsies, desperate with fear, fled into a Cleveland police station, after they had been accosted by two motor cars filled with the alleged gunmen on the road between here and Detroit.

Leaving their motor cars standing in the middle of the street, blocking traffic, the gaily attired band of wanderers rushed into the station house, shouting incoherently.

When the desk sergent finally quitted them and restored a semblance of order, the leaders explained that a member of their band had quit the caravan in Chicago and joined a gang of gunmen. He had made demands for money, but when the leader finally refused the last demand, in Detroit, the gangsters raided the gypsy camp, shooting and wounding the leader, who is now in a Detroit hospital, the gypsies said.

The remainder of the band fled towards Washington, but near Cleveland, they said, the gangsters overtook and attempted to halt them.

The police suggested they hire private guards to protect them to the Pennsylvania state line, and the gypsies quickly adopted that plan.

Moscow Housing Worse As Population Grows; City Now 2,000,000

MOSCOW.—Moscow continues to grow like an adolescent. During the months of September, 98,297 persons arrived in Moscow and 56,087 left, while births exceeded deaths by 3-142, thus giving a net addition of 45,-352 to the city's population.

The population is now estimated at more than 2,000,000, although the exact figures will not be known until the proposed All-Union census, to be carried out in December.

The pre-war population was 1,617,-000. Far from being a cause of pride, the rapid increase in the number of the city's inhabitants is its worst curse. Housing conditions, believed to have already become unbearable, are becoming worse. The amount of housing space per person is now less than fifty square feet.

First "Liberty" Loan.

In 215 B. C. the first government loan that can be correctly compared with the Liberty Loans during the world war was that asked by Rome of its citizens to help carry on the war against Hannibal. So far as is known it was the first time the State of Rome borrowed money from individuals to finance a war.

ECONOMIC SERVICE

"Service" has become a sort of handy by-word. It may mean much or next to nothing.

At this store the word is taken seriously. It is neither an indefinite generality nor a cant expression. Service here is real and tangible. And of all forms of service we regard Economic Service as the first function of a store and its primary justification for existence.

In plain words, Economic Service means the duty of providing you with worthy merchandise at the lowest prices consistent with quality. All other features of store service — convenient and essential as they are— are only secondary to this great fundamental.

Tuberculosis Sunday

Sunday is Tuberculosis Day in Ohio churches.

In East Liverpool and other cities, pastors will co-operate with the Ohio Public Health association in the campaign against the white plague by appealing for support of the Christmas Seal movement.

In some churches health programs or special sermons will occupy the service, and in others some attention will be given the day by announcements in the Sunday school and from the pulpit. The purpose of the dobule-barred seal will be emphasized by all denominations.

The City Federation of Women's Clubs will carry the message of good cheer and good health to the people of the East Liverpool district. The sale of Christmas seals began in most cities of the Buckeye state today, but launching of the campaign here has been deferred for a few days.

Funds for the national, state and local crusades against tuberculosis are provided through the sale of seals. Part of the money is retained for local use, while the remainder is forwarded to the state and national organizations for the establishment of sanatoria and the waging of an educational campaign.

Buy Christmas seals.

Public Expenses

Perhaps too much has been made of the fact that while government expenses were being reduced 80 per cent from 1919 to 1925, state expenses in the country generally were increased 150 per cent and local expenses 125 per cent.

It is to easy to misconstrue these figures. The national and local situations are not parallel. The government's expenses at the beginning of this six-year period were war expenses, and it has made a good showing mainly because it has been emerging from its war obligations. The state and local expenses have not been war expenses at any time, except in so far as they reflected war prices.

Besides, since the end of the war, the smaller political units have been providing better public facilities than they used to, especially in the matter of roads, but also in such matters as schools, health, water supply and sewers. All these are important, and the money for them is voted and paid because of their importance. Citizens pay more taxes and get more for them.

Doubtless there is some extravagance running through such expenditure in most communities. And it is possible that the states, counties, cities and other political units which handle public money are less efficient in their expenditure than the federal government. But this is not necessarily true. In most cases it calls for proof. It is probably a fair presumption that the average city onwadays handles its affairs as efficiently and economically as the national government does.

Another "Duke"

"One of America's most beautiful heiresses," with $30,000 a year from an aunt and $10,000,0000 made by her fathe rin Cincinaati real estate, has just been married to a gentleman known as "Grand Duke Dmitri," a nephew of the late czar of Russia.

It was a notable ceremony, held at Biarritz and attended by "the most prominent members of international society" from Paris and other capitals.

Apparently the fact that there are no more grand dukes in Russia, since the revolution abolished royalty and nobility, makes no difference to "international society." The grand old farce continues everywhere abroad as it has long continued in France, where titles have no legal existence and amount to nothing but family tradition.

Apparently, too, the sad wreck of the marriage of Consuelo Vanderbilt to the Duke of Marlborough, added to scores of similar tragedies, matters little to the bride. American girls continue as usual to trade good American money for worthless titles, and, as a rule, equally worthless husbands, oblivious of the fact that such unions nearly always end wretchedly.

Fat? What Of It?

Dr. Adolph Lorenz, famous Austrian surgeon, arriving in America, holds out little hope for stout women. Fatness or leanness, he suggests, is a matter of heredity or fate.

"If you are so constituted," he tells American women, "you must be resigned to obesity. If you are inclined to be thin, you may eat to the point of indigestion and still remain thin."

He adds his voice to those of American physicians who pronounce severe dieting harmful. Pills and bathing salts, he says, are futile. Women inclined to stoutness should accept their manifest destiny.

If they did that, most of them would be healthier. Also happier. Fatness is traditionally supposed to promote happiness, although style often seems to serve the purpose in this generation, even when it is stylish to starve.

"What does the American woman want?" asks a moral philosopher. Well, a large part of the time, it seems to be alimony.

Another use that might be made of that treasury surplus: Lend it to Roumania.

Mickey (Himself) McGuire — By Fontaine Fox

NEW YORK DAYBYDAY
By O. O. McINTYRE

NEW YORK, Nov. 26. — Thoughts while strolling: The luncheon hour rush—and quickfire of voices. Dove gray suits. Canes with lizard skin handles. The single white roses on ladies' shoulders. Whatever became of painted lace fans?

Men with tell-tale eye puffs and drifting larks with broken wings. All showy and full of bluff. A Castilian matador—here to learn salesmanship. From sticking to throwing the bull, as it were. Superficial idlers who babble of "careers."

A broken fire plug and a limousine top. A story in two pictures. Edgar Selwyn. Blondes. No more predatory than our brunette sisters. The stir around hotel canopies. A Russian princess and her contented looking gray haired American husband.

Men's coat sleeves with a single button. Wonder if any one notices buttons on sleeves anyway! The movie actor who turned tailor. Windows filled with pajamas seem to attract ladies. And men don't run from the lingerie exhibits either.

Why do luggage shops put so many trunks outside? A store selling street numbers for homes. Vincent Lopez, who never seems to smile. Jazz would probably do that. His expression reminds me of the glum Englishman who was asked how he liked "The Covered Wagon." "All right," he said, "if you like covered wagons." Miller and Farrell, patter songsters.

Nobody so self conscious as a man all dressed up with squeaky shoes. Marcelle Carroll, Earl's wife. The house detective in front of the Ritz. The hunting togs in Madison avenue windows. And pale clerks who stand before them dreaming their dreams.

It happens outside fiction. Two actresses—a star and a featured player—speak only on the stage where their roles portray them as staunch chums. Off stage they are as aloof as pedigreed Pekes. Nobody knows why. Temperament no doubt for with success comes temperament. There was a professional dancing team who floated out before audiences like puff balls a few years ago, smirking and gazing lovingly at each other as they pirouetted. And for two years they talked only through a third party. Between dances one night the lady rushed to the stage manager and cried: "Tell that fathead his collar scratches me when he twirls me around his neck."

But the most disconcerting stage experience must have been that of the comedienne who noticed two exhusbands sitting together in the front row on an opening night gravely wearing handcuffs.

The stage, incidentally, continues to picture the small town youth as one who might be standing dumbly at the plow on a dreary Dakota farm dreaming of becoming a city chiropractor. As a matter of fact most of the whoop and hurrah of Broadway is due to small town youngsters in town on the lcose. They have money to spend, clothes to wear and know the telephone numbers of more chorus girls than the average New York youths.

A Seventh avenue speak easy features a whispering tenor. There's a wheeze there some place.

Broadway has a slang phrase "Write your own ticket!"—which has many interpretations. Generally speaking it means "Go as far as you like!" It was recently the parting injunction of a man to the girl after an illicit and shattered romance. When they fished her out of the Hudson a note in a rubber tobacco pouch tucked in her dress read: "Tell Jim this is my ticket."

My Favorite Stories

HOW FEW CAN SAY THE SAME THESE TIMES?

A man I know swears on his word of honor that he overheard this one. I think he is telling the truth because to my mind the story has all the aspects of being the genuine Afro-American goods—it couldn't be synthetic.

The scene, so my informant claims, was the Boardwalk at Atlantic City. Two colored roll-chair pushers met in a quiet place.

"How is business wid you, Henry?" asked one.

"Even."

"Huh?"

"Jest even."

"Wich?"

"Even, I tells you."

"I don't know ez I gits yore drift?"

"Lissen, you comes along an' you asts me how is business wid me? So I says to you business wid me is even. Ain't that plain enough?"

"Yas, an' no. Whut does you mean by 'even'?"

"Even better this week than 'twuz last week!"

HASKIN'S LETTER
By FREDERIC J. HASKIN

Government Workers Who Work.

WASHINGTON, D. C., Nov. 26.—There has long been a widely prevalent idea that working for Uncle Sam is rather more than less of a soft snap. Government jobs have been looked upon as easy berths, with short hours, long vacations, sick leave, good pay, lax discipline, and little work to do, and cynics have been known to assert that the American taxpayer gets not more than 50 per cent value for the salaries paid the Federal personnel.

Consider, then, a large group of government employes who worked during the last fiscal year not merely their regular hours but overtime that exceeded an equivalent of 27 working days for each employe, and a second group who worked after hours and on Sundays and holidays until their total overtime averaged more than 17 working days each. And not a dollar of extra compensation was paid for all this overtime work.

These government workers who work—and they are not cited as exceptions, but as illustrations of what Uncle Sam's hired men and women do to justify their connection with the Federal payroll—are in the Bureau of Foreign and Domestic Commerce. The first group is the foreign staff of the Bureau, while the second is made up of employes in the branch offices or service stations of the Bureau in the United States.

And these workers not only worked, but they paid the American taxpayer a big return on his investment in them, according to the annual report of Dr. Julius Klein, director of the Bureau. Foreign trade promotion activities of the Department of Commerce last year cost the taxpayer approximately $3,000,000. New foreign business secured for various American exporters as a direct result amounted to more than $189,000,000.

This is a return of more than sixty-fold upon the investment. To the suggestion that only a few fortunate firms and individuals shared this big dividend, and that it meant nothing to taxpayers in general, the reply may be made that it is impossible to bring $189,000,000 of new business and money into the United States without all taxpayers sharing in the benefit.

Everybody Gets A Bit of It.

In fact, everybody gets a bite out of this gigantic pie. American labor, first of all, was well paid for producing this additional amount of exportable goods. American bankers got theirs for the financing, American transportation agencies, American fuel producers, American jobbers, American "white-collar" workers, and even American retailers and landlords shared. Drop $189,000,000 into the industrial and business pool of the United States and it not only makes a big splash but creates ripples that lave every side of the pool.

Uncle Sam got his through additional income taxes paid by everybody whose income was increased by a share in the extra money from abroad. Thereby Mr. Average Taxpayer was at least slightly benefited because his burden was proportionately lightened.

It is interesting to know the specific instances of the helpfulness to American interests of the work of the commercial attaches and trade commissioners of the organization headed by Dr. Klein. In Germany, for example, where the Bureau's office in Berlin cost the American taxpayer

Uncle Sam's Soldiers Have Savings Accounts; Figures Announced

WASHINGTON.—Uncle Sam's soldiers are saving money.

Deposits of savings by 24,964 men in the service with the finance section of the army at the end of the last fiscal year totalled $1,463,447.10. This was an average of $190.86 per depositor.

Salary allotments made by 7,012 officers aggregated $941,724.84, and by 4,308 enlisted men, $727,006.59

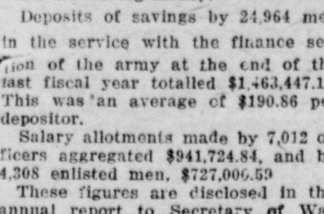
These figures are disclosed in the annual report to Secretary of War Davis by Major General McKenzie W. Walker, chief of finance, made public today. The report contains other interesting financial statistics.

The army is paying its bills promptly. In so doing it saved $227,182.25 in commercial discounts. Only 271 bills more than 30 days old were unpaid June 30. These were held up because of questions as to receipt or quality of supplies.

Russian Policemen Have Trouble With Gangsters in Moscow

MOSCOW.—New York policemen may suffer from attacks by gunmen, but Russian policemen have it worse. Patrolman Tedechov, pacing his beat at the Saratov station was set upon by a group of gangsters, beaten, robbed of his watch, baton, pistol and of every stitch of his clothing.

Not badly injured, Tedechov ran stark naked four blocks to his police station, and, without waiting even for a pair of pants, led a squad of patrolmen in pursuit of the bandits. They captured one, but in his possession was only Terechov's short jacket. Clad only in this abreviated garment Terechov led his prisoner to the police station.



Some Frank Words on Catarrh

Because catarrh is unpleasant, few like to discuss it. Yet all know its prevalence. Many think "It will go away of itself," and ignore it until finally a chronic catarrhal condition exists.

To endure the constant raising of mucus, the clogged nasal passages, the offensive breath of catarrh is today inexcusable. Thousands have proved that Hall's Catarrh Medicine drives away catarrh because it tones and strengthens the mucous membranes.

When the inflammation of these delicate linings of nose, throat and head is reduced, catarrh vanishes. You owe it to yourself to get Hall's Catarrh Medicine today. Ask your druggist. Price 85c. F. J. Cheney & Co., Toledo, Ohio.

LAWYERS BATTLE OVER STORY OF "LOAN" TO FALL

JURY EXCUSED AS ATTORNEYS ARGUE ON LAW

Government Seeks to Submit Doheny's Statement.

CITE PRECEDENTS

Defense Counsel Says Admission is Contrary to Statutes.

By George E. Durno.

WASHINGTON, Nov. 26. — Citing obscure legal cases of the past and delving deep into the statutes governing court procedure, opposing counsel help up the c onspiracy trial of Albert B. Fall, former secretary of the interior, and E. L. Doheny, millionaire oil operator, for nearly the entire morning today as they battled over the admissibility of Doheny's own story of the $100,000 "loan" to Fall, as recited three years ago to a senate investigating committee.

Owen J. Roberts, government counsel, is banking heavily on getting the stenographic report of Doheny's statement before the jury, and Frank J. Hogan, for the defense, is equally insistent that its admission is contrary to law.

Roberts addressed the court for more than an hour, arguing his right to produce the testimony on the strength of numerous precedents.

Hogan followed with an equally imposing array of precedents. Meanwhile the jury was excused from the court room.

one of the most widely known finger-print experts in the country.

Awaits Trial on Murder Count.

Carpender had denied the statement of Mrs. Jane Gibson, the state's star witness, that he was at the scene of the murder on the night of Sept. 14, 1922. He is a fourth defendant on the murder charge, but is not now on trial. He is to be tried later.

"Mr. Carpender's testimony is excluded," said Judge Parker, "because no direct testimony was given at this trial that placed him at the scene of the crime.

"Anything he testified to along this line is therefore irrevalent."

It was not a question of whether Carpender is a competent witness, the judge explained, but a question as to along what lines he should be permitted to testify.

Resumes Witness Stand.

The sleek, well groomed Carpender, rather bald with closely clipped moustache, then resumed the witness stand.

Clarence Case, of defense counsel, questioned Carpender.

"Did you at any time on Sept. 14, 1922, or Sept. 15, communicate with either Mrs. Hall or Henry or Willie Stevens?" he asked.

"No."

"Where were you Sept. 16?"

"In New York attending my business as usual."

"Were you at the residence of Mrs. Hall that morning at 10:45?"

"I was not there at any time that morning."

"Did you remove any boxes containing papers from the house to an automobile?"

"Never."

(Witnesses for the state had testified he did.)

Witness Cross-examined.

Prosecutor Alexander Simpson took Carpender over for cross-examination.

"Did you in December, January, February or March meet a trooper by the name of Dickman in prosecutor Beekman's office and have conversation about a check?"

(Former State Trooper William L. Dickman had testified he was "paid" $2,500 by the late Azariah Beekman, former prosecutor, to "skip" the state after he (Dickman) had conducted a long investigation of the murders).

"I never met Dickman and never was in Beekman's office in my life," said Carpender.

"That's all," said Simpson.

High School Grid Team and Others At Turkey Dinner

Members of the high school football team and school officials were guests of the High School Athletic association at a turkey dinner in the Larkins' annex, Market street, at 6 o'clock last night. Places were arranged for 50 guests.

Superintendent of Schools C. S. McVay was toastmaster. Talks were made by Coach George Kidder, Richard Larkins, captain of the team, and School Board Member George Wilhelm, D. F. White, R. B. Stevenson and F. T. Weaver.

Colin Kinsey, Jr., 6, Fractures Leg In Football Game

Colin, Jr., 6, son of Dr. and Mrs. Colin Kinsey, Bradshaw avenue, fractured his right leg between the ankle and knee, when tackled by another boy while playing football during a visit with his grandmother, Mrs. W. C. Kinsey, Lincoln highway, at noon yesterday.

He was removed to the City hospital where the fracture was reduced by Dr. M. D. McCutchcon. Later he was taken to his home.

The lad is a first grade pupil at the McKinley school.

MOTORIST FACES COURT MONDAY

J. B. McKay, nightwatchman at a River Road pottery, was arrested by Patrolman Norman McFarland on St. George street at 6:30 o'clock last night, charged with driving an automobile while intoxicated.

McKay was taken into custody shortly after he is alleged to have crashed into two parked automobiles while traveling east on St. George street. He will face Municipal Judge Hanley Monday morning.

54 Dead in Storm

(Continued on Page Eight.)

construct telephone and telegraph wires through the storm-torn area disrupted by the freakish twister which swept the state Thursday and last night.

Apparently two twisters struck, one starting near Heber Springs and traveling southeastward to Sheridan, and the other striking first near Belleville in Yell county and sweeping almost east to Sheridan and thence to Moscow.

The death toll by towns was listed as follows:

Heber Springs, 15.
Moscow 8.
Oppello 5.
Sheridan 1.

The storm struck without warning. A few minutes later 14 blocks of the residential district in Heber Springs had been laid in ruins. Several fires started but the heavy rain following the storm extinguished them.

Oklahoma Reports Victims.

Reports received here from southern Missouri and Oklahoma added 10 more to the list of dead, making 39 in all that met death in the storm.

The dead at Heber Springs:

Roy Morris, wife and baby; Ivan Parker, wife and two brothers, Lee and Billy; Mrs. O. C. Woodson, Mrs. M. L. Rambo; John Jones and wife; Ralph Wiggs and wife; Mrs. R. M. Sayes, wife of Rev. Sayes and baby of H. C. Riggle.

The dead at Oppello in Conway county:

Mr. and Mrs. Jacob Stafford and daughter, Nettie; Mrs. J. W. Jones and son, James.

The dead at Sheridan:

Topsy Lybrand, 10, a twin.

The names of the dead at Moscow have not been learned as communication with that town had not been established.

Million Dollar Property Damage.

Property damage, estimated all told at near the million dollar mark, was extensive over a wide area. From Frederick, Okla., in the southwest portion of the state, to Rolla, Mo., the storm skipped along and struck here and there, wiping out whole villages and destroying lives and property.

ROLLA, Mo., Nov. 26—Sweeping a path two miles wide, a tornado struck about five miles southeast of here last night, demolishing the Fairview school house, killing livestock and ripping away barns and homes, according to word received today.

The storm then took a northeasterly direction to Kob View, where the Frisco railroad station was blown down and other property damage reported.

GANGSTER GUNS KILL ONE AND WOUND FOUR

Five Chicagoans are Shot Down on Street.

FIRE FROM AUTO

Home of Another Riddled in Beer Runners' War.

CHICAGO, Nov. 26.—Gangster machine guns spat again today, killing Joseph Di Salvo and probably fatally wounding James Debrisco.

Both were walking home when a heavy limousine slowed down sweeping the street around them with a deadly hail.

When Di Salvo fell, mortally wounded, the car gathered speed and suddenly disappeared.

Di Salvo and Dabrisco arrived from Italy only a few months ago. Debrisco could give no motive for the attack.

No witnesses could be found.

The home of Joseph Parrillo was riddled.

Another Man is Dying.

As a result of another gang flare-up, Thomas and Charles O'Donnell are lying wounded in a hospital.

The two wounded men are brothers of Edward "Spike" O'Donnell, leader of a powerful South Side beer running syndicate, and themselves members and co-leaders of their brother's gang.

The brothers were fired upon from a closed automobile as they stood in front of a poolroom on South Ashland avnue. One other man, Clarence Barrett, an alleged beer runner, was also wounded. He probably will die, physicians declared. The O'Donnell brothers are expected to recover.

Although the wounded men are believed to have recognized their assailants, they observed the traditional ethics of gangland and refused to give any information to police. The latter were inclined to blame the Saltis-McErlane combine, rivals of the O'Donnell gang, for the shooting.

WOMAN IS RUN DOWN BY AUTO

Mrs. Maria Petty, 66, 337 Riverside avenue, Wellsville, suffered a fracture of her right leg when struck by an automobile driven by James Monroe, barber, at the intersection of East Sixth street and St. Clair avenue at 7:30 o'clock last night.

The woman was removed to the City hospital where she was attended by Drs. W. A. Hobbs, of East Liverpool, and J. M. King, of Wellsville. Patrolman Norman McFarland, who investigated the accident, ordered Monroe to appear before Municipal Judge Hanley, today. However, no charges have been filed.

Mekka Sanctorum Members to Visit Youngstown Lodge

Members of Mekka Sanctorum, No. 231, Ancient Mystic Order of Samaritans, will go to Youngstown Saturday evening to attend a special meeting called by Murad Sanctorum, No. 198.

The delegation will leave East Liverpool at 6 o'clock, the trip being made in automobiles. Reservations should be made not later than tonight.

Several Lives Lost In Gasoline Blast On Danube River

LONDON, Nov. 26.—A number of lives were lost and the surrounding countryside was rocked by the explosion today of 200 carloads of gasoline standing at a station on the quay at Romandan, (Roumania) on the Danube river.

The extent of property damage resulting had not been ascertained, but it was known to be large.

The cause of the explosion had not been determined.

the number you would hear a roar like the voice of many waters.

THE VALUE of exchange seats shows that it is better to buy and sell things than to make them. You know how cotton growers feel just now. In some places cotton isn't worth picking.

Yesterday in New York a seat on the Cotton exchange sold for $2,000 more than the last previous sale. Whether cotton stocks sell high or low, the intelligent broker makes his profit.

QUEEN MARIE is a valiant sightseer. The last thing she did, after having traveled all around America, and just before her sailing for home, was to sail all around New York city on a Standard Oil tug, fixed up as a royal yacht.

Mr. Teagle, president of Standard Oil, acted as showman, pointing out the sights.

He might have said, but probably didn't, "Queen, the tug you are traveling on belongs to an American oil octopus that was chopped up some years ago because people thought it was worth a billion dollars and had grown too big. Now each of three of the little pieces is worth a billion all by itself."

REPORTS FROM STOCK MARKETS

NEW YORK, Nov. 26.—The motor stocks and the local tractions were the leaders in a moderate advance in speculative stock prices at the beginning of trading today.

Mack Trucks and Hudson were the leaders, Mack advancing to above par for the first time since its decline to 89½. Hudson reached 47⅝.

Speculative interest was also continued in the local traction stocks, with Interboro and Brooklyn Manhattan Transit leading the way to higher prices. General Asphalt's brisk rally to 84¼ was without effect on the oil stocks, which, however, were inactive rather than weak. Standard Oil of New Jersey was reactionary, declining to 37¾, against Saturday's close of 41, in which must be considered about 2½ points for rights and dividends, making the net loss 1½ points. Shell Union failed to respond to its special dividend. Nickel Plate rails were slightly reactionary with Chesapeake & Ohio down 2. Call money 4½ per cent.

Pays Murder Penalty

(Continued From Page One.)

finally set November 26 for the execution. In November 16 the supreme court rejected Ross' application for a further review of the case.

Ross' counsel contended the youth was under 18 when he was tried the first time, and that the case should have been heard in the juvenile court. Ross, according to his testimony at his trial, went to the Steeck confectionery with Young, charging Young planned the attempted holdup and gave the gun to Ross. When Steeck failed to comply with the command, "Hands up," he was shot and instantly killed.

BANK TELLER IMPLICATED IN $14,000 RAID

Robbery of Cleveland Institution Cleared, Police Say.

FOUR MEN HELD

"Al" White and Three Companions are Under Arrest.

CLEVELAND, O., Nov. 26.—The robbery of the Grafton Bank and Savings company, April 4, 1925, was cleared up here today, police declared, as they held "Al" White and three companions. Charges of robbing the institution were to be filed later today, police said.

Three men, alleged by Inspector of Detectives Cornelius Cody to have aided in the robbery of the Grafton Bank and Savings company, were charged with robbery here today.

They are: Norman Cannon, 29, teller of a Cleveland bank; Edward J. Atkins, 27, mechanic, and Haridan Frost, 23.

White will not be charged until Cody learns details from him concerning two other robberies, which the suspect is believed to have planned.

The bank teller is alleged to have furnished White with the gun which the latter used in staging the hold-up. Later he exchanged new bills for the proceeds of the robbery, in order to destroy clues, the police declare.

White, in an alleged confession which officials say was made to them today, has also implicated Joseph Sojack and Russell Sands, now serving sentences in the Mansfield reformatory for automobile thefts, as having participated in the Grafton and North Olmsted bank robberies.

White escaped from the Mansfield institution August 22 where he also was serving a term for stealing an automobile, the officers said.

FIREMEN BUSY ON THANKSGIVING

Four alarms were answered by the fire department over Thanksgiving day.

Damage, estimated at $200 was done to the home of A. Collins, Cadmus street, at 6:35 o'clock last night. The blaze started, firemen said, from a rubber hose connection on a cook stove. The interior of the kitchen and dining room was damaged.

Home of Edward Grafton, Dresden avenue, was slightly damaged by fire Wednesday evening.

A call was received from the home of Charles Surles, Seventh street, Thursday afternoon, when a lead connection on a stove melted and broke. There was no damage.

The other call was due to a grass fire on upper Bank street last evening.

Woman is Snatched From Death Jaws as Train Wrecks Auto

Mrs. John H. Swin, Washingtonville, was virtually snatched from the jaws of death at 9:30 o'clock this morning just before a westbound Fort Wayne division passenger train crashed into her stalled automobile at the Chestnut street crossing in Leetonia.

Mrs. Swin, who recently removed to Columbiana county from Detroit, was driving an Essex coach when the machine stopped on the crossing. She was paralyzed with fear when she noticed the oncoming train.

James Barrett, crossing watchman, and Thomas Holland and Patrick Hannan, bystanders, realizing the woman's plight pulled her from the car a few seconds before the automobile was reduced to wreckage by the speeding locomotive.

Women Thank

Science for this new hygienic pad that discards easily as tissue — no laundry

THERE is now an exquisite successor to the old-time "sanitary pad." A new way that offers far greater protection. A way that ends the old problem of disposal.

Eight in 10 better-class women now use "KOTEX."

✓ Discards as easily as a piece of tissue. No laundry. No embarrassment.

Five times as absorbent as ordinary cotton pads.

Cleveland Prowler Is Shot to Death During Gun Battle

CLEVELAND, O., Nov. 26.—Herbert Cuff, 30, negro, convicted several times as a highway robber, was shot and killed here early this morning by Marvin Grays during a gun battle.

Mrs. Grays, returning from a holiday party, was accosted by the negro as she entered her home. She screamed and her husband ran to her aid. The negro fired at Grays and fled. The former secured a shotgun and pursued the prowler.

When overtaken Cuff fired at Grays who returned the shot, killing the negro. On the latter's person was found watches and other valuables taken earlier in the night from several victims who have identified Cuff as having held them up.

TWO MEN HELD FOR FIGHTING

Joseph Fyan, Wellsville, and "Harp" Conkle, of East Liverpool, were arrested in a Broadway dance hall by Captain of Police Conley last night, charged with disorderly conduct by fighting. Conkle was fined $10 and costs by Municipal Judge Hanley, while Ryan posted $25 bond for his appearance for trial Monday morning.

Preston Smith will also face Judge Hanley Monday morning upon a charge of fast and reckless driving. Police obtained the automobile number on Smith's car, for an alleged violation which is said to have occurred last Monday.

BROOKES FILES EXCEPTIONS TO WELLSVILLE CASE RULE

BRIBERY TRIAL OPINION TEXT IS ANNOUNCED

Prosecutor Acts in Carbicella and Fusco Charges.

DEFENSE SCORES

Judge W. H. Spence Orders Second Hearing.

Exceptions have been filed by Prosecuting Attorney R. M. Brookes to the ruling handed down by Judge W. H. Spence in common pleas court granting the defense motion for a new trial in the case of Rocco Carbicella and Frank Fusco, of Wellsville, convicted by a jury recently of attempting to bribe Sheriff George Wright. Whether the fight will be carried to the appellate court has not been determined.

The complete text of Judge Spence's opinion follows:

"There has been a motion filed for a new trial in the case of Rocco Carbicella and Frank Fusco. The defendants in this case were indicted on the sixteenth day of September, 1926. The indictment is somewhat anomalous in its form, and which reads as follows:

"The jurors of the grand jury of said county, on their oaths, in the name by the authority of the State of Ohio, do find and present that George Wright late of said county, on the sixteenth day of September, in the year of our Lord, one thousand nine hundred and twenty-six, at the county of Columbiana aforesaid, was then and there the sheriff of said county duly elected, qualified and serving as such and sworn to discharge and perform the duties of said office; that on the said sixteenth day of September, Rocco Carbicella and Frank Fusco, late of said county, at Lisbon, in said county, unlawfully, fraudulently and corruptly did directly give to the said George Wright, sheriff as aforesaid, certain money, to-wit the sum of three hundred and ninety dollars, $390), with intent then and there to procure and influence the said George Wright as sheriff aforesaid, in favor of Nick Scaccuto and Joe Fusco, then and there confined in the jail of said county and charged with a capital offense, to-wit, with the crime of murder in the first degree; said matter being then and there awaiting action by the grand jury of said Columbiana county, Ohio."

"This indictment was returned under Section 12823 of the General Code of Ohio, which reads:

"Whoever corruptly gives, promises or offer to a member or officer of the general assembly, or of either house thereof, or to a state, judicial or other officer, public trustee, or an agent or employe of the state of such officer or trustee, either before or after his election, qualification, appointment, or employment, any valuable thing, or corruptly offers or promises to do any act beneficial to such person to influence him with respect to his official duty, or to influence his action, vote, opinion or judgment, in a matter pending, or that might legally come before him, and whoever, being a member of the general assembly, or a state or other officer, public trustee, agent or employe, of the state or of such officer or trustee, either before or after his election, qualification appointment or employment."

This is the last part of it—is the part of it with reference to soliciting a bribe. The first part of the section which I have just read provided for the giving of a bribe.

"Now, it is true that there are a number of decisions in Ohio, I believe practically all by the lower courts, in regard to the indictment of members of the legislature of Ohio.

"I say these cases all contain copies of indictments which have been returned against members of the legislature of Ohio. That is, most of these cases that are referred to here. There are some indictments which were certainly loosely drawn, and which were affirmed by the court and allowed to stand. But in all of those cases which I have examined there was sufficient indictment to show the purpose for which the money was given. Now, the question in this case is—or one of the questions—whether or not there is anything in this indictment to show the purpose for which this money was given if it was given as a bribe. As I said, the indictment provided they are to procure and influence the said George Wright as sheriff aforesaid in favor of Nick Saccuto and Joe Fusco, then and there confined in the jail of said county and charged with a capital offense, towit, "and so forth.

"Now, in a more recent decision of the supreme court of Ohio, in the case of the State of Ohio against Davis, found in the nintieth Ohio State, at page 100, the syllabus of this case reads:

"'Where an indictment charges the solicitation of a bribe, it is necessary for the state to plead and prove the specific corrupt intent required by the statutem towit, 'to influence him with respect to this official duty action, vote,' etc."

"Now, the second syllabus reads:

"'In proving such corrupe intent other similar offenses tending to show the corrupt course of dealing of a public official may be shown as tending to prove the specific corrupt intent charged in the indictment."

"Now, it is true this case is an action for soliciting a bribe. The provision of the stature providing for the giving of a bribe. And I presume that practically the same rule would apply in regard to the formation of the indictment and the requirements of what shall be contained in that indictment.

"Judge Wanamake, on page 103 of this case, says:

"'The language of the indictment pertaining to the question here involved is as follows: 'That S. A. Davis, on or about the 3rd day of August, 1909, unlawfully and corruptly did solicit from one E. H. Townsend—$300.00 for the purpose and with the intent to influence him, the said S. A. Davis, county commissioner aforesaid, with respect to his official duty, action, vote and opinion in a certain matter, towit, the purchase of certain roadmaking machinery,' etc.

"The very nature and necessity of the case, the honor and integrity of public official and public service, demand that the state of Ohio shall have the advantage of the most liberal construction of the rules of evidence in making its proof of guilt. The competency of other similar offenses to show guilty knowledge, corrupt intent, criminal plan, design or system upon the part of the defendant, is very fully considered in a recent case decided by this court."

"At the trial of this case the court permitted the state to introduce evidence to an occurrence a short time before the time of the claimed giving of this bribe. That was in regard to certain money which was given by these defendants to the sheriff. So that that was in line with the decision of this case,—permitting some other offense, if that was an offense, to offer or give the money.

"It is a well settled rule that where the crime involves a specific intent, such as forgery, obtaining money or property under false pretense, and embezzlement, where a specific intent is made a part of the offense, that in such case other and similar offenses not too remote may be procem to show the intent charged."

"That was the purpose of the court in permitting the state in this case to introduce evidence in regard to a formal offer on the part of these defendants to give the money to the sheriff.

"Again Judge Wanamaker says on page 105:

"'Now in the case at bar the state of Ohio needed to prove, among other things:

1. That the defendant, Davis, solicited, asked or requested a bribe.

2. For the purpose and with the intent to influence him, the said Davis.

3. With respect to his official duty, action, vote and opinion in a certain matter.

"Here we have a specific purpose and intent that the state must prove. And also that the act was to influence the defendant as to his action and vote upon certain public contracts. If, now, after the contract has been entered into and consummated, the other party were to make Davis a present or gift of some valuable thing which had in nowise been in contemplation of Davis when he officially acted, in nowise referred to or suggested in the course of the negotiations, while such conduct would be morally reprehensible, clearly it would not of itself be sufficient evidence to convict of the charge of soliciting a bribe."

"Now, as to the duties of the sheriff, it is admitted in this case that—I might read further in this opinion.

"'So that it becomes highly important and essential for the state to prove the specific purpose and intent charged in the indictment.'

"Now, at the trial of this case the sheriff testified to the circumstances under which certain money was given to him. He testified that the money was handed to him by Rocco Carbicella, that at the time the money was handed to him, he inquired with whom he was dealing and asked Rocco Carbicella if he was furnishing a part of the money and asked the defendant, Frank Fusco, if he was furnishing a part of the money; and they each answered that they were furnishing a part of the money and that the sheriff was dealing with them. Now, the sheriff testified that after some conversation there was $390.00 turned over by these defendants to him; that at the time that this money was turned over, he asked them for what purpose he was receiving this money, and I believe it was Frank Fusco who first said, "You know that Joe is in jail." Rocco Carbicella said, "Nick Scaccuto is in jail, and we want you to lay off in this case."

"Whatever it was he said either to 'lay off in this case,' or "lay off in the murder,' was the purpose for which they were giving him this money.

"Now, Webster's dictionary says that 'lay off' means to cease work temporarily.

"Now, there is no evidence in this case that there was anything said at the time that this money was paid as to what these defendants meant by the words 'lay off.' So that we will have to assume that the words were used in the ordinary meaning of those words. And the ordinary meaning, as I have said, according to Webster's dictionary, is to cease work temporarily.

"Now, there was no evidence in this case that the sheriff had any knowledge in regard to the crimes that were charged against Joe Fusco and Nick Scaccuto.

"There was no evidence that he was to refrain from using any evidence which he had or knew against these parties.

"It is true that the sheriff has the duties of a general police officer. It is the duty of the sheriff, when a crime has been committed in this county, I apprehend, to investigate that crime and to bring the parties to justice. He has a general duty as a sheriff to look after and to protect the people of his county. But in this case at the time this bribery is alleged to have been given, these parties, who were the only parties mentioned in connection with the giving of this money, that is, Joe Fusco and Nick Scaccuto—there was no testimony offered at the trial that the sheriff knew or was investigating charges against any other person than the two mentioned at the time.

"After a man is arrested and placed in jail the sheriff has the duty of the custody of that prisoner. It is his duty to give him humane treatment, even though he is a prisoner. It is his duty to care for him while he is in the jail. It is his duty to safely keep that prisoner. Further than that—after a man is arrested and put in jail there is no statute in Ohio that I have found or that has been called to my attention providing that there is any other duty imposed upon the sheriff than to take care of his prisoner while in his custody. The Prosecuting Attorney has argued at considerable length the question of the general duties of the sheriff. There is no question but what a sheriff is a conservator of the peace and it is his duty to protect the people of his county so far as it is within his power to do that. But there is no statute in Ohio, so far as I know, that makes the sheriff a detective; that places upon the sheriff the duty of investigating after the criminal has been placed in jail."

This he called attention of the Prosecuting Attorney to the duties of the sheriff after a man has been placed in jail. My attention has not been called to any law or any statute in Ohio which provides that it is the duty of the sheriff to look up the evidence in a case."

"We have been going on now in our neighboring county of Stark quite a display of the enforcement of the law against certain parties in that county. We know that in Stark county the sheriff is not the investigating officer in the Mellett murder. We know that the prosecuting attorney of that county has employed detectives, which detectives are making the investigation in regard to the commission of that crime. Now, as stated by the prosecuting attorney in his argument, the statutes of Ohio provide a fund which shall be turned over to the prosecuting attorney, as I understand it, for the purpose of investigating the commission of crime."

"Now, this court will not go further into the exceptions which have been filed here other than to say that there are no other grounds set forth in the motion for a new trial on which the court would disturb this verdict but upon the two questions—the question in regard to the indictment in this case and upon the question in regard to the duty of a sheriff after a man has been arrested and put in jail, and this court is not satisfied that there is any duty imposed upon the sheriff to go out as a detective and investigate that crime, and for these reasons the verdict in this case will be set aside and a new trial granted."

L. J. Michaels Weds Mrs. Hazel Kelly; Will Reside Here

Announcement was made here today of the marriage of Mrs. Hazel D. Kelly, daughter of Mr. and Mrs. W. R. Donaldson, of 1900 Buckeye avenue, to L. J. Michaels, of this city, which was solemnized yesterday by the bride's brother, Rev. G. K. Donaldson, pastor of the Free Methodist church, Critersville, O., and Rev. R. W. Ustick, pastor of the First United Presbyterian church, this city.

The bride has been employed in the office of the Standard Pottery Co., East Liverpool. Mr. Michales is chief clerk at the twenty-first street yard office of the Pennsylvania railroad.

Following a wedding dinner Mr. and Mrs. Michaels left on a trip to Cleveland. On their return they will reside at 1902 Buckeye avenue.

400 Attend Union Thanksgiving Services at Methodist Church

Appropriate Sermon is Delivered by Rev. L. E. Lee, Pastor Christian Church; Music Club Sings.

Over 400 attended the union Thanksgiving services yesterday morning in the First Methodist Episcopal church.

The sermon was delivered by Rev. L. E. Lee, pastor of the First Christian church. Rev. Lee referred to the days of Jerusalem when the once powerful city was destroyed by God because of its lack of respect for the Almighty and pointed out that even though our own country now is the outstanding nation of the world its citizens should not forget to be thankful to the Supreme Power.

Prayer was offered by Rev. F. H. Magill, pastor of the First Presbyterian church, Rev. K. J. Stewart, pastor of the Yellow Creek Presbyterian church, pronounced the benediction.

The meeting was in charge of Rev. W. S. Rowe, pastor of the Methodist Episcopal church.

The following selections from the Wellsville Music club's recent cantata, "Praise and Thanksgiving," by Carrie Adams, were given:

"The Lord is My Shepherd,"—by the club; "O, Hear Us for Our Native Land,"—solo, Mrs. L. Alva and chorus; "America," by the congregation.

"Reconciliation" is Theme of Address by Evangelist H. A. Frye

Rev. H. A. Frye preached to a large audience at the Evangelical church revival services last night, discussing the subject, "Reconciliation." Tonight Rev. Frye will speak on, "The Greatest Old Testament Question."

The theme of the evangelist's talk last night was taken from Corinthians: "Therefore if any man be in Christ, he is a new creature; old things are passed away; behold, all things are become new, etc."

"He said: "Do you think that if Jesus Christ were standing here on this platform he would say it is right for people to indulge in worldy pleasures such as the public dance, such as picture shows? If not, then we have no right to say it.

"If we do not like the preaching of the pure gospel, then there is proof of carnality. The ministry of reconciliation was looked upon as a sacred thing by the Apostle Paul.

"Three things are implied by way of introduction. First, humanity is in a way separated from God. There has been a disruption, an estrangement in man's relation to God. Second, God loved the world even though steeped in sin. Third, God's love, if it is to accomplish what God intended, must be expressed, interposed by supernatural power.

"Man was once holy. God made him such. He could not make him any other way. All creation was pronounced good. God said, 'Let us make man in our own image.' This could not mean the physical image, for God is spirit. Tuerefore He made him spiritual in His own image. Holiness never communed with unholiness. Man and God communed together and walked together back in the Garden of Eden. There was real fellowship. Can we walk together except they be agreed?

"The holy communion back in Eden did not last long. Man must have fallen, for we find from holy writ that the imagination of man's hearts is to do evil continually. Your son may be a good boy but if he has not been saved he is lost. In the words of Billy Sunday, 'God have mercy for you fathers and mothers who let the kids rule the home.'

"It was a sad parting of Adam with God when he was driven from the garden. It meant spiritual death for God said he will surely die.

"The ministry of God demands the ministry of a bleeding heart."

JOSEPH YOUNG, 50, KILLED ON HUNTING TRIP

Jewett Man Brother of John Young of Wellsville.

SHOT IN CHEST

Gun Discharged as He Picked it Up From Ground.

Joseph Young, 50 years old of Jewett, Jefferson county, a brother of John Young, this city, was killed Wednesday when his shotgun was accidentally discharged while he was on a hunting trip.

Young, it is said, received the full charge of the gun in his chest and abdomen.

Young, with two companions, Joe Rowland and James Baker, was hunting coon on the farm of Abraham Bush. He had leaned his gun against a log or stump when the hunt was over and had started home without it. After going about a hundred yards he missed the gun and went back for it. His two companions heard the gun discharged and after a short wait went back to investigate. They found Young upon the ground, dead.

Funeral services will be held in Jewett on Saturday afternoon at two o'clock.

He is survived by his widow, and two brothers: John Young of Center street, Wellsville and Robert of Hammondsville.

250 ATTEND LODGE DINNER

Masons' Thanksgiving Entertainment Success.

With over 250 in attendance, the annual Thanksgiving dinner and program held by Wellsville lodge, No. 180, F. & A. M., on Wednesday night was one of the most successful events of its kind held by the organization in recent years.

The program, which was held in the Masonic Temple, was carried out in three parts.

Dinner was served at 6:30 o'clock by wives of the lodge members.

This was followed by a short entertainment, featuring male quartet selections, numerous talks and selections by little Doris Lodge, including a reading and a song and dance.

The Cornhuskers' orchestra, of Beaver Falls, provided music for the dancing which concluded the program.

BETTER MILK IS URGED HERE

Distributors Called Before Board of Health.

East Liverpool district distributors were called into conference with members of the board of health at the clinic rooms in the Meredith building, Wednesday evening, for the purpose of discussing ways and means of obtaining better milk.

The conference was an aftermath of an inspection of dairy barns by state and local board officials. Many producers, the distributors were told, have ratings below the state requirements. Orders had been issued to clean up.

Distributors were urged to co-operate with the health board in prevailing upon producers to decrease the bacteria in milk and cream marketed here.

Health board officials will furnish the distributors with names of producers whose barns were inspected. The distributors promised to call in producers whose ratings were below the state requirements and advise them that unless their milk supply is improved deliveries will be refused. The health board officials will collect samples at the milk plants at intervals to determine if the bacteria count is being reduced.

30,000 German Women Residing In Tyrol Protest Italian Rule

INNSBROUCK.—More than 30,000 German women living in Italian Tyrol, which was Austrian territory before the war, have signed a protest against the attempt of the government to Italianize the schools. The government has issued orders that Italian will be the language of the schools and no German will be allowed.

The protest demands that German be taught and spoken until the fourth grade and they demand German teachers for religious studies.

HIGHS WIN INTER-CITY TITLE IN THANKSGIVING DAY BATTLE

8,000 Grid Fans See Orange And Black Down to Defeat, 13-6

Football Rivals Take Part in Brilliant Spectacle as Athletic Relations are Resumed After Three-year Lapse; Attendance Records Broken; Both Elevens at Peak of Form.

Before a howling crowd of more than 8,000 football fans from East Liverpool and Wellsville, the greatest crowd, probably, that has ever thronged the west end lot for football or any other event, Coach George Kidder's Blue and White triumphed over Wellsville, 13 to 6, yesterday afternoon in one of the most brilliant gridiron spectacles that has been staged in the district.

The contest marked the resumption of athletic relations between the two schools after a lapse of three years and Wellsville's first appearance here since 1921.

Fully 2,000 or more followers of the Orange and Black stood four and five deep on the north side of the field and lent vocal encouragement to the Klinck eleven, directed by a staff of half-dozen orange clad cheer leaders, while the supporters of the Ceramic City combine packed the stands and field at other points.

The game saw a fighting Wellsville team, rising to the heights for this particular game, fall before the aggressiveness of a determined Blue and White squad, outweighed, but not outgamed.

Stars in Form.

The city's scholastic football followers who have attended the performances of the team all season saw a dazzling overhead attack in the first quarter that netted the home eleven the first touchdown of the game, with Quarterback Tom Pusey, who has already garnered honors in plentiful measure, taking on fresh laurels as he nabbed Dick McKee's pass for the initial marker; Captain Dick Larkins, bulwark of the East Liverpool line, playing the greatest game of his high school career, and his last game; a line—Irwin, Carney, Todd, Smith and others, giving away weight and playing their foes to the last ditch—Ends McConville and Lincoln at the peak of their form.

The Orange and Black exulted in the performance of Provost and Irons, the visitors' outstanding backfield performers of the afternoon, aided by Calhoun and Eschbacher, and the brilliant attempts of the team to come back to even the count by a final desperate stab in the last period.

East Liverpool, the figures show, outgained the Orange by sufficient distance to establish superiority, the locals registering a total of six first downs to the opposition's three, practically all of which was done in the first half when the Blue carried out its most powerful offensive.

Score in Third Period.

In the third period, Klinck's eleven threatened once or twice, carrying the play into East Liverpool territory and finally scoring as Fullback Irons reeled off a five-yard gain and then one for seven to plant the ball across the last chalk mark.

The East Liverpool line was outweighed but Captain Dick Larkins, like the keystone that keeps the great arch together, made up for anything that the Blue lacked.

East Liverpool's first touchdown, in the first quarter, was executed in a play identical with the one that defeated Chester and pulled off in practically the same territory.

Starting on the Wellsville 47 after Halfback Calhoun had been stopped for a 10-yard loss, Bromby and McKee hit the line for two successive first downs and then a pass, McKee to Bromby, but the ball on the 11-yard line. After Bromby and Pusey had each picked up a yard on the line, McKee passed and Pusey took the throw over in the corner of the end, crossing the goal line practically unmolested.

McKee Makes Point.

McKee's placement kick, which soared between the bars, kept the score from going to a tie as Wellsville hung up a touchdown in the third quarter.

The Orange scored as the period was about half completed. They gained greatly on Provost's kickoff. The ball went bounding down toward the East Liverpool goal line and Pusey, expecting it to roll over, let it go. But the heavy turf stopped its momentum and Pusey grabbed it up about two yards from the line, returning to the 19 where he was downed.

After ineffectual attempts to ram the line, the locals punted and Calhoun, grabbing the oval on the run, eluded several East Liverpool tacklers as he ran the ball back to the 12-yard line. Irons smashed the line for five yards. Calhoun hit but was stopped and fumbled. Irons again carried the ball and ducked through a hole at right tackle for a touchdown.

Calhoun's try for point, a dropkick, was blocked.

Second Touchdown.

East Liverpool's second touchdown came in the first few minutes of the final period. A fumble in the Wellsville secondary defense on McKee's punt put the ball in scoring position, Cordwin recovering on the 23 in the closing minutes of the third quarter. Wellsville recovered possession when Calhoun lost two yards on a run from punt formation and the visitors were penalized for use of hands on offense. The penalty put the ball on the three-yard line. Calhoun punted to McKee on the 15 and Dick ran it back to the eight. Pusey hit left tackle for two yards and Bromby made three at center. On the next play McKee went through for a touchdown. A forward pass failed to make the extra point.

The contest was keenly fought from start to finish and cleanly played by both sides and did not lack in thrills, even in the last few minutes. At this point the forwards charged through to block Pusey's punt and recovered the ball on the East Liverpool 15-yard line, most of Kidder's second string players being in at the time. Two line plunges netted three yards and the game ended.

The victory evens the standing of the two teams at nine apiece.

INSIDE GOLF

By CHESTER HORTON,
Maker of 51 Golf Champions.
"Golf's most successful teacher," says "Chick" Evans.

Always in the approach shot where there is a rise of ground or a hazard of some kind to be negotiated, the problem always presents itself as to whether the play should be directly to the pin or whether the ball better be hopped across the obstacle and permitted to run up. Usually the player hazily adopts the latter method and then plays, hoping for the best. There need be no bothering complication about the ball that is to run. The loft of the clubhead will lift the ball. To make it run, simply stretch out the arms in the back swing keeping the clubhead low to the ground as far back as possible. Then, when the blade swings forward, it will so take the ball that it imparts spin to it. Keep the arms rather stiff, not rigid, for a running ball—no wrists at all.

ACHING JOINTS, RHEUMATISM

"Heet" Relieves Instantly

With applicator attached to cork, just brush "Heet" over the pain area, whether in knees, feet, legs, hands, shoulders, back, neck or body. Instantly, you feel this harmless, glorious, penetrating heat draw the pain, soreness and stiffness, right out of any aching or swollen joint, muscle or neuritis-ridden nerve. Besides, "Heet" scatters the congestion and establishes a cure.

"Heet" contains two soothing, penetrating ingredients, two expensive to use in ordinary liniments or analgesics. "Heet" is a clean, pleasant liquid: doesn't stain, blister or irritate the skin and costs only 60 cents at any drug store.

GLIMPSES FROM THE SIDELINES

No athletic contest, or probably any other event, brought out the attendance that yesterday's game did. After all advantageous room on the field had been occupied, fans stood along West Eighth street, the railroad tracks and the hillside on the south.

Although school authorities had not figured up receipts today, it was estimated the proceeds would reach around the $1,500 mark. A fenced in park would have tripled or quadrupled that amount, at the least.

"Franner" McConville has been bumped and bruised more or less in his scholastic grid career but yesterday he experienced a new one. McConville tacked Calhoun back of the line in a pile of sawdust, part of which went down his throat. The game was stopped to permit him to "cough up."

Quarterback Provost, of Wellsville can qualify as one of the gamest scrappiest little backfield men in the county as a result of his performances, not only yesterday, but through the season.

Coach Earl Klinck was assisted on the coaching bench by Cletus Patterson, former Ohio University star, while Bill Cox, ex-Muskingum college center, assisted Coach Kidder of the Blue.

Majority of the local reserve players were used in the final few minutes of the game in order to permit them to qualify for their letters.

The immense crowd that thronged the sidelines, clear around, kept order from start to finish.

The visitors were unable to negotiate the passing game successfully while two of the Blue's heaves resulted in their first touchdown.

Rival cheer leaders indulged in quite a duel for attention between halves, as they flaunted their respective emblems, led by George Boyd, of East Liverpool, and "Rolly" Russell, of Wellsville.

Spectators who had crowded around the wire outside the playing field "stayed put" between halves. There was no walking around or warming up. They had gained vantage places and feared to lose them.

GREYS-BLUES BATTLE AGAIN

The East Liverpool Greys will tackle the East End Blues tomorrow afternoon at Patterson Field. The game is slated to start at 3:30.

All Greys are ordered to report tonight at the Liberty at 8 o'clock, along with Gibas, Woolley, Johnson, Staats, Finley, Buck Gerace, "Goose" Mundy and Dick Stockdale.

A fast contest is certain when these rivals clash.

Nine Members of Local Team Play Their Last Game

Nine of the East Liverpool eleven that started yesterday's game will be lost to the team through graduation next spring.

The contest was the last scholastic game for Captain Dick Larkins, center; McConville and Lincoln, ends and halfbacks; Todd, tackle; Carney and Irwin, guards, and Pusey, Bromby and McKee, backs.

MOUNT DOWNS WOOSTER, 9-0

Armstrong Smashes Line for Score in First Period.

Mount Union gridders won in a muddy Thanksgiving Day battle over the Wooster eleven by the score 9-0. It is Mount's first win since 1914. The game was played before a crowd estimated at 5,000, the largest at Hartshorn field this year.

Mount made three first downs by line plunges and one by a penalty. Wooster penetrated the Mount line only once for a first down, though they gained two by the air route and one on a penalty.

Wooster resorted to the forward pass in a vain attempt to score in the fourth period. They completed five out of thirteen tries, while Mount failed to complete one out of four attempts.

Mount's first score came early in the first period and was the result of a punt blocked and recovered by Burkie on Wooster's five yard line. Captain "Army" Armstrong crossed the goal line on the third plunge through right tackle. Meredith place-kicked for the extra point.

A try by Meredith to place-kick from the twenty-five yard line in the third quarter went low.

Mount scored a safety in the third quarter when Burkie blocked a punt and McGranahan recovered outside the end zone.

The ball was in Wooster's territory for the greater part of the game, partly due to the punting of Armstrong and to the fact that the Wooster line was outcharged in the first and third periods. Armstrong and Burkle, seniors on the Mount team, played the stellar game of their career. Jameson, all-Ohio end, was easily the outstanding Wooster player.

SERVICE TEAMS SET FOR CLASH

Take Part Today in Stadium-Dedication Program.

CHICAGO, Nov. 26.—Eighty seven generals and admirals of the United States army and navy were in Chicago today prepared for what might prove to be the toughest battle of their careers. It all depends on what success the league of nations or some other allied agency for preserving peace may have in preventing war.

This much is certain—no future war will be fought with more determination than the Army-Navy football game scheduled for Soldiers Memorial stadium here tomorrow afternoon.

The eighty-seven warriors mentioned above are members of the rival grid teams. Forty-one of them hail from the military academy at West Point, and forty-six come from the naval academy at Annapolis.

The gridders, arrayed in their impressive uniforms, arrived here yesterday. "Navy Bill" Ingram, coach of the Middies, was in charge of the sea going contingent, and Biff Jones, famous mentor of the Cadets, headed the West Point squad.

Squads Limber Up.

After lunch and a brief rest the squads took the field for limbering up exercises. Coach Jones ran his troops through a brief signal drill.

Today 1,115 Cadets and 1,940 Midshipmen, accompanied by a distinguished group of diplomats, cabinet members and high rankigg officers of the army and navy will arrive to cheer for one or the other side. This afternoon Chicago will se this notable gathering parade down it's principal boulevard to Soldiers' field where the new $8,000,000 stadium will be dedicated to the men who lost their lives in the world war.

Vice-President Dawes, Mayor Dever, the president of the South park board and the superintendents of the two service academies will be the outstanding figures in these ceremonies. Each will make a brief address.

Colder weather and possibly snow was the official forecast for the big game tomorrow. The field, however, has been protected for weeks with a heavy tarpaulin, and unless the snow is unusually heavy it is not expected to interfere with the playing of the game.

McKee punted. The Wellsville receiver fumbled and Cordwin recovered on Wellsville's 23. Bromby hit center for a yard, McKee's pass was grounded. Bromby added two at right tackle and Calhoun then intercepted a pass on the 18 as the quarter ended.

Fourth Quarter.

Provost was forced out of bounds at left end, losing a yard. Calhoun lost two more on an attempted end run from kick formation. Wellsville was penalized for use of hands on offense and the ball was placed in play on the Orange's three-yard line. Back of his own goal line, Calhoun punted out to McKee on the 15 and McKee ran the ball back to the eight yard line. Pusey made two at left tackle and Bromby three at center. McKee went over on the next line punch for a touchdown. Larkins' pass to Pusey for the extra point failed, Pusey being stopped before he reached the goal line.

McKee kicked off, the ball going out of bounds and on his next try the ball went to Irons on the 15 who returned it to the 40. Two passes were grounded. Provost lost a yard at right end and Calhoun punted to Pusey on East Liverpool's 48. Mackall hit right tackle for a yard. Bromby was stopped at the same place. A 30-yard pass was grounded. Irons intercepted a pass on the 32. Calhoun's pass to Provost was grounded. Eschbacher was stopped at left tackle. A pass was grounded and Calhoun punted to Pusey on East Liverpool's 45.

With only a few minutes of play remaining a number of East Liverpool substitutes were sent in. VanDyne lost a yard at right end. East Liverpool was penalized five yards for an offside play. Pusey's punt was blocked and Wellsville recovered the ball on the 15 yard line. A pass was grounded. Irons made two at right tackle. Calhoun made one at left tackle as the timer's gun barked, ending the game.

Draft Big 10 Sked.

CHICAGO, Nov. 26. — Big Ten coaches, athletic directors and faculty representatives will meet here today to draft the Western conference football schedue for 1927. Rumors concerning severance of athletic relations between various schools flew thick and fast as time for the scheduled meeting drew near. One report was that Michigan and Minnesota will not meet next fall and that Ohio State will renew relations with Wisconsin. Another rumor had it that Wisconsin will break with Iowa.

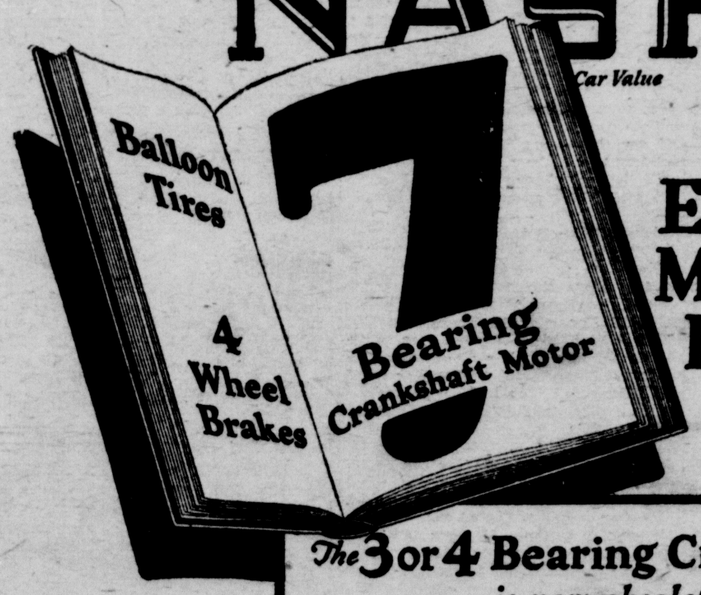
NASH



Car Value

Great Events in Motor Car History

The 3 or 4 Bearing Crankshaft *is now obsolete in Nash engineering practice*

Here's something of real importance for every prospective buyer of a SIX to think about—

—if you buy a new car now that still has the old-type crankshaft with only 3 or 4 bearings, what is going to happen to its resale value?

Manufacturers who still cling to the 3 or 4 bearing crankshaft design know just as well as you do that the MODERN crankshaft has 7 bearings.

And certainly with Nash setting the pace they are not likely to hold to the old style of design any longer than they are compelled to under their manufacturing conditions.

The authority of Nash engineering submits to your own good judgment that the motor with a 3 or 4 bearing crankshaft cannot be called a truly modern type of motor.

Chester Gridders Land Hancock County Football Honors

Trim New Cumberland In Turkey Day Clash By Single Touchdown

Halfback Johnson "Goes Over Top" in Third Period for Purple's Score; Display Great Defense on Two Occasions When Home Eleven is Repulsed on Goal Tries.

Hancock county champions for 1926.

Coach Ray Wilde's Chester gridders today boast the title as a result of their 6-0 triumph over New Cumberland yesterday afternoon at the Hancock county seat and joy reigns supreme in athletic circles across the river.

Over a thousand football fans saw the New Cumberland aggregation go down to defeat before the superior playing of their opponents. They saw as clean a football battle as anyone could wish to see between high school teams.

The game was mostly a game of straight football both teams depending on end runs and plays through the line to make their gains. Very few forward passes were used, New Cumberland trying five, making two while Chester tried two and failed in both of them.

Chester made ten first downs to New Cumberland's five, Chester making four in the first half, while New Cumberland made three in the earlier periods.

The game during the first quarter wa a toss-up both teams putting up an even battle with Chester making one first down to New Cumberland's two.

Chester had the best of it in the second period, though the New Cumberland boy htreatened to score when they put the ball on Chester's twenty yard line. They lost all chances of scoring however, when Gibbs place kick from the twenty-five yard line was low. With the ball on the twenty yard line Chester high started a pretty march down the field, making forty yards in three downs, the half ending on New Cumberland's 31 yard line.

In the third period Chester scored the touchdown that won victory, end runs by Johnson, line bucks by Shaw and Kimble paving the way for it, Johnson carrying the ball over at the end of the march.

New Cumberland threatened to score again in the last period, a forward pass putting the ball on Chester's 20-yard line but the New Cumberland boys advanced no farther. They lost the ball on downs on Chester's twenty-three yard line. Chester, from the fifteen yard line, began another march down the field, making three first downs as the game ended on New Cumberland's thirty-five yard line.

Dick Johnson was the star. He circled the New Cumberland ends for gains of from five to twenty-five yards all through the contests. Shaw and Kimble followed Johnson in offensive playing, both hitting the New Cumberland forward wall for big gains. Chester's line playing was way above the average both on offense and detense, Hindes, Cundiff, and De Long starring in their positions.

Long, Gibbs, Edie and Wren were the best performers for New Cumberland.

Gibbs kicked off for New Cumberland, the ball going to the forty yard line. Bartley gains five around left end. Shat hit the line for two. Chester fumbled but recovered for a three yard loss. Chester failed to make its distance. Long circled right end for twenty-five yards. Gibbs rammed the line for a yard. Huff lost three yards on an end run. Long's forward pass was incomplete. Gibbs punted to Chester's three yard line. Shaw plunged the line for three. Johnson raced up the field for a gain of twenty-eight yards.

Hoskinson failed to gain. Johnson and Shaw gained five yards on the next two plays. Shaw punted to New Cumberland's five yard line. Gibbs punted to his own forty-five yard line. Johnson racing back to the thirty yard line.

New Cumberland held Chester for downs taking the ball on their own twenty yard line.

New Cumberland held Chester for downs, taking the ball on the twenty three yard line. Long went around right end for twenty yards putting the ball on New Cumberlands forty-three yard line, where the quarter ended.

Gibbs got a yard in the line. New Cumberland could not gain and Gibbs punted. Johnson failed to gain, Chester fumbled and New Cumberland recovered. Huff made nothing on an end run. Long once more showed his heels, making another twenty yard gain around right end to put the ball on Chester's twenty-five yard line. New Cumberland advanced the ball to the twenty yard line in three downs. Gibbs tried to place-kick from the twenty- five yard line but his kick went under the cross bar, the ball going to Chester on the twenty yard line. Kimble hit left tackle for seven yards. Shaw went through center for a first down. Johnson got five yards at right end. Shaw plunged through for another first down. Chester was penalized for being off side. Shaw got five yards at right tackle. Shaw hit left guard for three more yards. New Cumberland was penalized for being off side. Shaw went through right guard for another two yards. Kimble made it another first down for Chester. Johnson raced through right tackle for nine yards the half ending on New Cumberland's thirty-one yard line.

De Long started the second half by punting to the eleven yard line, Gibbs running back to New Cumberland's thirty yard line. Chester was penalized fifteen yards for roughness putting the ball on the forty-five yard line. New Cumberland failed to advance and Gibbs punted. Johnson and Kimble gained nine yards on two plays. Johnson once more made the Chester rooters glad when he went around New Cumberland's right end for another twenty-five yards. Kimble and Shaw, on four plays, made another first down for Chester, putting the ball on New Cumberland's twenty yard line. Johnston and Shaw made another first down for Chester, putting the ball on the ten yard line. Kimble was hurt and Bartley took his place. Bartley made five yards at right end. Shaw plunged through to a foot from the goal, Shaw was stopped.

On the next play Johnson went over for a touchdown through right tackle. DeLong's drop kick for point after touchdown was blocked.

De Long kicked off for Chester. New Cumberland failed to gain and Gibbs punted. Johnson got four yards at right tackle. Hoskinson got a yard in center. Chester was penalized fifteen yards for running with the ball after a forward pass had been grounded. Shaw punted to his own forty yard line. Long lost five yards on an end run. Gibbs threw a forward pass to Edie for a first down putting the ball on Chester's twenty yard line. Gibbs failed to gain. Gibbs lost ten yards on a play around left end. Gibbs' forward pass was incomplete. Gibbs threw another forward pass to Edie that was good but it failed to make a first down for New Cumberland and Chester took the ball on their own twenty-three yard line. Shaw and Johnston on two plays made a first down for Chester. Shaw went through right guard for another ten yards. Chester was penalized five yards for being off side. Bartley circled left end for another twenty yard gain. Johnson found right tackle good for three yards. Shaw's forward pass was incomplete. The game ended when Hoskinson carried the ball to New Cumberland's thirty-five yard line.

ALABAMA WINS FROM GEORGIA

Game Uncovers Passing Genius in Winslett.

BIRMINGHAM, Ala., Nov. 26.—Let the exhorters prate of the Navy's all around excellence, the running game of Stanford and Lafayette, Brown's eleven, Joe McGinnity's and the put-and take varsity combinations of Rockne and Notre Dame but give me the Alabama team that beat Georgia, 33 to 6, yesterday and I'll ask nothing further of this life. There, ladies, gentlemen and female impersonators, was and is a football eleven.

of this fact, it will not remain in

If Stanford happens to be unaware ignorance indefinitely. Possibly the coast champions have been apprised of the situation even at this early moment, for Mr. Glenn Warner was among those present yesterday and what he saw was enough to send him into the dark of incoming night, muttering strange sounds in his head. Mr. Warner has seen many good and bad football teams in his time. He saw an extremely good one yesterday.

It was a liberal education to anyone with the faintest pretense to technical knowledge of this game to watch it expounded by this product of the genuis that is Wallace Wade.

"If you can't block, you can play no football for me," is one of Wade's dictums and, whether he means it or not, it is fact, not fiction, that no Alabama man ever has gone to the extreme of testing the coach's good faith on this point. Alabama takes its men out in a manner that must have aroused a dubious and reluctant admiration in a man such as Warner who has committed himself to a life time, in which interference is given the alternative of taking the man or taking the air. An almost equal number of young men have voluntarily taken both, so insistent is Mr. Warner on this point.

Alabama's mastery of the technique means that one of two fundamental principles of all attack is accounted for. The other is the execution and conception of the pass. And here again the Wade outfit is just about foolproof, or, at least, it was yesterday. It has a passing genius in Winslett, the type of passer who bobs up from no where once in a decade. This man throws them faster, more accurately and, if necessary, further than any man who has played college football in recent years. I make this statement duly cognizant of the fact that Benny Friedman, of Michigan, still is very much with the situation.

Winslett is a better passer than Friedman. Moreover, he is of greater value to Alabama than any individual of the day and age is to his particular team. This hombre plays a defensive end that would prove a comfort to the declining years of such as Tack Hardwick, Bomeisler, Kilpatrick, and the other immortals. On attack, he goes into the backfield to pass as few men ever could, to run and to direct the team as its field general. I am pained to relate that he doesn't punt. Some one should speak to him kindly but severely on this point.

Cadiz Loses Game And $200 in Cash

COSHOCTON, O., Nov. 26.— The Cadiz high school football team today was mourning—and only part of the grief was occasioned by the loss of a game.

While the Coshocton high gridders, champions of the Central Ohio High School League, were defeating the Cadiz team, 87 to 0, in a Thanksgiving game, a thief ransacked the lockers of the visitors, and abstracted about $200 from their street clothes.

Police here today declared they had a good clue to the identity of the thief, and expected to make an arrest.

All-Ohio Conference Eleven Is Powerful In Offense Lineup

Armstrong, Mt. Union Fullback, Wins Berth on Mythical Team; Mauer, Wittenberg, Blickle, Wesleyan, and Blough, of Wooster, Complete Fast, Hard-driving Quartet of Backs.

By Stanley D. Koch.

CLEVELAND, Nov. 26.—It's open season on all sport writers now.

From the time that the first all-star teams appear in publication to the last dying disgruntled murmur those instrumental in the selection of the star elevens, are laying themselves open not only to criticism but to merciless heckling. So much for the plea of the defense.

In the presentation of the 1926 International News Service all-Ohio teams, the election of players is the concensus of the coaches of the Ohio conference. It is not humanly possible to see every player all the time and his impression in one game is not sufficiently indicative to be a fair test of his ability. Therefore, those coaches who work with the players each day as well as the opposing mentors, who see the players in action against their own eleven or against another team, are the best judges of the elite. This selection is the choice of the Ohio conference's coaches and must stand or fall on their collective football knowledge.

Powerful Offensive.

The 1926 all-Ohio conference team is powerful on offense. In Mauer and Blough, it has two speedsters, capable of every offensive play except mayhem. In Blickle and Armstrong are a pair of hard driving, gaining backs, who have seldom fallen down when yardage was needed.

The ends are spectacular pass receivers, as are the tackles on shift plays.

Defensively, there is a powerful forward wall, fast, shifty, deadly tacklers and alert. The secondary defense is efficient and able to diagnose the plays and avert big gains.

At left end, Wise of Ohio, big enough to be heavy, but not too heavy to be fast. He has shown a disposition to crash into and break the interference, a good pass receiver and fine in turning the tackle for the line plays. His partner, Doll, of Case, is perhaps the sensational pass snagger of the year.

West Named Again.

At the tackles are West, of Reserve, and Tilton, of Ohio Wesleyan, two All-Ohio players of last year. West, who is selected for the third time on a state all-star team, wasn't quite up to previous year's standard, but still outranked the other tackles except Tilton. He is big and shifty, a crashing type of player, stronger on offense than defense, while Tilton is an all-around star. The Wesleyan tackle follows the ball well and like West is down with the ends under punts.

Bowers, of Ohio Wesleyan, who was laid up and kept out of the last couple of games, was so near a perfect guard as the Ohio conference has had for some time. Very few gains got through his position and he showed the tendency to break through the opposition with a regularity that wore out his opponents. Snyder, of Wooster, his mate, was not far behind him, playing a powerful defensive game, and was one of the stabilizing factors in the Wooster line.

Critchfield at Center.

Hank Critchfield at center is selected as captain of this mythical eleven. He was one of the best snapper-backs in years, a ranging defensive player, a hard driving, sure passing center, down the field with the punts and an effective tackler, as well as a keen diagnostician of plays.

Another Wooster player, Pete Blough, is elected for the quarterback job. Pete ran the Wooster eleven like a master. His open field running was a constant menace, but no more so than his ability in the field goal line. His many successful drop kicks paved the way for many Wooster wins. Blough was a great safety man, a dead-fire tackler and a skillful blocker.

At the halves are placed Eddie Blickle of Ohio Wesleyan and Mauer of Wittenberg. Blickle is a veteran all-star man and despite his injuries, hew as one of the finest players Ohio has seen for a good long time, his shifty running and speed as well as the momentum of his driving power usually yielding gains.

Pick Mount Fullback.

With him, Young Mauer, Wittenberg's star sophomore halfback, perhaps the fastest man in the conference, proved a sparkling player, a delight to any coach. His speed, once given the ball and chance, usually tallied. Despite his weight he played consistently and beautifully.

Armstrong of Mt. Union is chosen for fullback. "Army" was the power of the Mount's game, the biggest factor in the Purple attack and a great part of the defense. He is the type of hard-driving back that is invaluable, a good defensive player and a successful blocker.

Thus the first team shows three members each from Woster and Ohio Wesleyan, and one each from Ohio, Western Reserve, Case, Wittenberg and Mt. Union.

On the mythical second team are four Miami men, two each from Denison and Oberlin and one from Muskingum, Case and Wittenberg.

An athletic stadium seating 3,000 will be erected at Panama.

800-TON BLAST FURNACE BLOWN

Weirton Steel Company Increases Output of Iron.

The first iron has been taken from the new 800-ton blast furnace of the Weirton Steel company ,at Weirton, The furnace was blown in Saturday.

Construction of the furnace was started last spring. While the rated capacity is 800 tons per 24 hours, it might be pushed to as much as 1,000 tons of pig iron per day. The other furnace of the company has a rated capacity of 600 tons per day, so that the Weirton company now possesses a minimum capacity of 1,400 tons of pig iron daily.

In order to provide coke for the new furnace, a battery of 49 by-product ovens has just been placed in operation. This gives an addition of 1,500 to 1,800 tons of coke per day. Production of by-products of coal, such as gas, tar, benzol and sulphate of ammonia, has also been increased.

The new river docks started to receive coal the first of November. Since that time regular tows have been received from the vicinity of Pittsubgh. The capacity of the new docks will be such as to handle a maximum of 400 or 500 tons of coal per hour and by next summer it is expected that further improvements will have been made which will permit a receipt of other raw materials.

It is also expected that facilities will be arranged to permit the shipment of outbound finished products.

Work on the new strip steel mill is progressing. Officials expect that this new $5,000,000 unit will be in operation early next spring.

Preliminary work on the proposed tube mill is now taking place. Construction will probably be started upon the completion of the strip steel mill.

No. 10 open hearth furnace has been practically completed and will be producing steel within the next 10 days. This is the third furnace of the new addition of four furnaces, each of which has a capacity of 250 tons.

With the operation of the entire open hearth department, which now consists of 10 furnaces, the Weirton Steel company will have a production of open hearth steel equivalent to 1,000,000 tons of ingots per year.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

Look at tongue! Then give fruity laxative for stomach, liver, bowels

"California Fig Syrup" can't harm children and they love it

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign the little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Fig Syrup" for children's ills; give a teaspoonful, and in a few hours all the four waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious, "fruity laxative," and it never fails to effect a good "inside cleansing." Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Fig Syrup," then see that it is made by "The California Fig Syrup Company."

SAVE YOUR CHILD!

Give that poor, weak little body the STRENGTH to live and win!

Undernourished, puny, rickety bodies need FATHER JOHN'S MEDICINE, the great tonic-food for strength to resist COLDS, COUGHS and other more serious troubles that come in childhood when vitality is low. No drugs nor alcohol. Get a bottle from the drug store today.

Over 70 Years of HEALTH VICTORIES

TEN MEN DIE WHEN ENGULFED IN TUNNEL BY SWOLLEN CREEK

One Escapes by Climbing Ladder of California Shaft.

OTHERS TRAPPED

Cloudburst Pours Water Into Huge Hole.

OAKLAND, Cal., Nov. 26.—Trapped in the Claremont tunnel, 15 miles from here, when a creek swollen by the water of a cloudburst engulfed them, the bodies of ten were still held fast far below the surface of the earth today.

One man, Stanley Secla, hearing the approach of the raging water, grasped the ladder leading out of the shaft and pulled himself to safety. His ten companions never had a chance to save themselves. The swirling waters closed in over them before they could make a dash for the ladder and safety.

The dead are: K. D. Morrison, shift boss; James Balsick, Bert Larson, Steve Ziglich, P. Sanders, Frank Butcher, W. Pauley, J. Coleman, Charles Orso and Toney Segert.

Shortly after their Thanksgiving dinner yesterday the men lowered themselves into the 2,500-foot tunnel.

Even the healthiest men sometimes have aches

TORMENTED BY ACUTE NEURITIS

Crippling aches quickly relieved by simple home remedy

Freed from the crippling pain of neuritis after having tried various treatments without getting relief, a well-known business man of Cincinnati, Ohio, writes:

"Following influenza I was seized with a violent attack of neuritis in the right arm and shoulder. I got no relief until I tried Sloan's Liniment. The affected arm and shoulder were shortly restored to a healthy condition and all pain and symptoms disappeared."

Sloan's gives real relief because it doesn't just deaden the pain. It gets at the cause.

Just pat it on gently. At once you feel the increased flow of healing, germ-destroying blood right in the spot that hurts. Quickly and surely, it reduces swelling and inflammation, drives out stiffness, kills pain. Get a bottle. All druggists—35 cents.

WHEN YOUR POOR OLD STOMACH GROANS WITH GAS

When Sourness, Pain and Bloating Follow Every Meal

MAKE THIS SIMPLE TEST

No matter about diets, special food programs or the dozen or more medicines you have tried without success. If you really want stomach comfort—quick, certain and lasting relief from the usual after-eating distress—just make this simple NEVER FAILING test today!

For only a few cents get from any good druggist a little pure Bisurated Magnesia—then, immediately after your next heavy meal, take two teaspoonfuls of the powder or four of the tablets and drink a glass of warm or not iced water.

This is a simple, pleasant and inexpensive test that may be absolutely depended upon to prove its value in less than five minutes and, in most instances, relief comes almost instantly.

Bisurated Magnesia is a pleasant, harmless, non-laxative form of old-fashioned Magnesia that, when taken after meals, cleanses, sweetens and neutralizes the dangerous stomach acids that cause 95% of stomach ailments. Be sure and get BISURATED Magnesia at your druggist's today!

Any Girl Can Be Pretty

A new kind of face powder is here. Made by a new French Process—stays on until you take it off. Pores and lines do not show. Not affected by perspiration. Gives life and beauty to your complexion almost unbelievable. It is called MELLO-GLO. You will love it. Carnahan's Drug Stores.

Answers to Questions

By FREDERIC J. HASKIN

Any reader can get the answer to any question by writing The Review-Tribune Information Bureau, Frederic J. Haskin, Director, Washington, D. C. This offer applies strictly to information. The bureau can not give advice on legal, medical, and financial matters. It does not attempt to settle domestic troubles, nor undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. The reply is sent direct to the inquirer. Address The East Liverpool Review-Tribune Information Bureau, Frederic J. Haskin, Director, Washington, D. C.

Q. Do persons look three times their normal size to animals? H. E. S.

A. The Biological Survey says that the crystalline lens varies somewhat in the eyes of different mammals. Magnification of the object may sometimes result, but it is impossible to tell the comparative impression on the retina and the optic nerve. Should man appear three times his normal size to animals, all other objects would also be magnified three times.

Q. Will gasoline freeze? E. R. B.

A. The Bureau of Standards says that gasoline has no definite freezing point. It stiffens up slowly like melted wax at temperatures far below those ordinarily encountered even in the Arctic.

Q. How many loaves of bread will a barrel of flour make? R. J.

A. A barrel of flour makes approximately 285 loaves of bread. This figure will vary according to the formula used by individual bakers, but it is the estimated average.

Q. How far away can thunder be heard? H. G.

A. Thunder is rarely heard at a greater distance than 12 miles from its origin.

Q. Are the Premier Diamond Mines still producing? K. McW.

A. George F. Kunz, an authority on precious stones, says that the Premier Diamond Mines do not only produce but in the year 1925 the diamonds sold totaled 1,271,063 carats as compared with 1,027,110 of the preceding year. The number of loads washed and the number of carats found showed a corresponding increase.

Q. Why is the opal considered unlucky? S. B. H.

A. The opal has not always been regarded as an unlucky stone. The superstition regarding its bad luck began in the 14th century at the time of the Black Death, particularly in Venice. At that time the opal was a favorite of the Italian jewelers, but it was said that opals worn by those stricken with the disease became suddenly brilliant and that their lustre departed upon the death of the owner, thus the opal became associated with death and an object of dread.

Q. Are the Bad Lands of Dakota absolute desert? H. K. K.

A. The Bad Lands of South Dakota can not strictly speaking be classed as a desert region. The term is somewhat misleading, as the land is fertile except where it is so steep that vegetation is washed off. In level portions buffalo grass grows and supports great herds of cattle. Good water is usually found in shallow wells and considerable farming is carried on.

Q. Is it a fact that President Wilson drew the first number in the draft for World War soldiers? B. H. L.

A. There were three drawings made for the draft during the World war. One was made for each registration. The first and second drawings were made by the secretary of war, Newton D. Baker. The number drawn in the first drawing was 258 on July 20, 1917. The number in the second drawing was 246 on June 27, 1918. In the third drawing President Wilson drew the number which was 322. This was September 30, 1918. The first man to be selected for draft in the United States was Harry C. Gilbert of the District of Columbia.

Q. Where does the United States get its supply of sulphur? B. T.

A. Nearly all of the country's sulphur supplies now come from the south. Thirty years ago practically all was imported from Sicily.

a unit which was being constructed to carry water from the Mokelumne river into Oakland, and prepared to continue work.

Near the mouth of the tunnel is located the San Pablo Creek. When the men entered the creek was at its normal height. A short time later a cloudburst filled its banks and made the creek a raging torrent. The force of the water ripped away the sand bags and bulkheads, andmillions of gallons of water poured into the mouth of the tunnel.

Artists Occupy Monastery.

Llanthony Abbey, the old monastery in South Wales associated with the name of Father Ignatius, has become an artists' colony. Among those who with their families have taken quarters there are Eric Gill and David Jones, whose paintings are winning favor in Europe.

LEGAL NOTICE
BOND SALE

Notice is hereby given that the Board of County Commissioners of Columbiana County, Ohio, will sell the bonds of Columbiana County, Ohio in the total amount of $35,000.00. Sealed bids will be received at the office of the Board of County Commissioners of Columbiana County, Ohio, at Lisbon, Ohio, until 10 o'clock A. M., Central Standard Time, on December 20th, 1926, for the purchase of Thirty-five thousand dollars' worth of bonds of said county; 30 of said bonds being in the denomination of $1,000.00 each, and 10 bonds shall be in the denomination of $500.00 each.

Said bonds are issued in accordance with and by virtue of the provisions of Sections 1222 and 1223 of the General Code of Ohio, and were authorized by vote of the electors of Columbiana County at the election held in said County on November 3, 1925, under authority of Section 5649-9A to 5649-9d of the General Code, and are issued for the purpose of providing funds to pay Columbiana County's share of the costs, damages and expenses of grading, surfacing and otherwise improving Sections G-3 and E, East Liverpool-Youngstown Public Road, I. C. H. 502, in Madison, Elkrun and Middleton Townships, Columbiana County, Ohio, application for State Aid having been made to the Highway Department of the State of Ohio by a resolution of the Board of County Commissioners of Columbiana County, Ohio, duly passed at a regular meeting of said Board on the 8th day of September, 1925.

Said bonds are to be dated January 1, 1927, and numbered from one to forty inclusive. Bonds Numbers 1, 2 and 3 for $1000 each and Bond Number 4 for $500 shall mature October 1, 1928 and three bonds for $1000 and one bond for $500 shall mature each year thereafter until bonds 37, 38, 39 and 40 shall mature October 1, 1937. The levy for interest and maturities will be placed outside all limitations.

Said bonds shall bear interest at the rate of five per cent per annum, payable semi-annually on the first day of April and October of each year, but the first interest date shall be April 1, 1927, and at the maturity of said monds, and at the maturity of the interest on said bonds, the same shall be paid upon presentation and surrender of the proper coupon or bond to the Treasurer of Columbiana County at Lisbon, Ohio.

Said bonds shall be signed by the County Commissioners and countersigned by the County Auditor and bear the seal of the County Auditor.

Bonds will be sold for not less than par and accrued interest to the highest bidder. Bidders will be required to state the gross amount they will pay for the bonds with accrued interest to the date of delivery.

After said bids are opened, said bonds will be offered to verbal bidders at the place where said sealed bids are opened, and if such verbal bidder or bidders are awarded said bonds at the time they are so awarded, such bidder or bidders shall deposit with the Clerk of the Board an unconditional certified check on some solvent bank in Columbiana County, Ohio, to the order of said Board, equal to five per cent of the face value of the bonds bid upon, as a guarantee of such bidder complying with the terms of sale. A like certified check for five per cent of the amount of bonds bid for must accompany each sealed proposal.

Said checks shall inure to the benefit of such county upon the failure of the bidder to comply with the provisions of his bid or to take the bonds at the amount bid.

Bidders must endorse on the envelope containing such bids the name and address of the bidder and mail or hand same to the undersigned clerk. All bids will be opened on December 20th, 1926, at Lisbon, Ohio, in said county, at 10 o'clock A. M. Central Standard Time, at a public meeting of said Board of Commissioners.

The right is reserved to reject any or all bids.

ROCK SPRINGS OWNER PLANS CHICAGO TRIP

C. C. Macdonald Will Attend Amusement Men's Meeting.

BUSINESS VISIT

Plans to Purchase Decorations for Dance Pavilion.

C. C. Macdonald, president and secretary-treasurer of Rock Springs Park, Inc., and wife will leave Sunday evening for Chicago where they will attend the annual convention of the National Association of Amusement Parks, which will be held at the Sherman Hotel, December 1, 2 and 3.

While in Chicago, Macdonald will select new decorations and lighting effects for the remodeled dance pavilion, which will open for the winter season about December 15.

Work on the giant roller coaster which will take the place of the scenic railway at the park, is progressing. Three of the eight carloads of lumber, to be used in the new 2,500 feet ride, are already on the ground. All lumber to be used is Virginia spruce. Heretofore lumber for work of this kind came from Georgia but tests of the two kinds of wood showed the Virginia spruce to be superior. Some of the beams are six by eight inches and 36 feet in length. Portable electric saws have been set up on the grounds upon which the cutting and fitting of all pieces will be done. Each piece of lumber is examined and tested before being put into position.

This ride will be the most up-to-date in any amusement park in this section of the country and is one of the many new attractions which will be in operation when the Chester playground opens for the excursion season next spring.

Loses Hundreds of Dollars

"I am sorry I did not hear of MAYR'S a few years ago, as it would have saved me several hundred dollars. Five years I suffered from indigestion and severe bloating. I grew worse all the time. My doctor said an operation would be all that could save me. I took a course of Mayr's Wonderful Remedy instead and for the past year have been entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Jesse D. Holloway and Druggists Everywhere.

Children's Pennies Will Build Memorial To Walter Raleigh

RALEIGH, N. C.—After 25 years' accumulation of school children's pennies, North Carolina's Capital may yet erect a stone memorial to Sir Walter Raleigh here.

Back in 1901 school kiddies began donating to a fund to erect a monument to the founder of "The Lost Colony." Now it has been suggested by Joseph C. Brown, treasuror of the func, that Raleigh civic clubs aid in raising the required amount for the undertaking.

The $1,000 in pennies donated by school children has dragged along at 4 per cent interest until now the city has a $2,249 nest egg as a starter.

Nutrition Class for School.

To turn out children perfect in physique as well as in education is the plan of officials of the public schools of Northcote, N. Z. To this end nutrition classes are to be started. At first from 20 to 30 pupils will be selected, and these will be given special treatment in the building of physique. Wholesome food will be provided, pupils will be urged not to be hasty in eating and rest periods and regular times of exercise will be scheduled.

Says Earth Like Golf Ball.

That the earth is built on the principle of the old-fashioned metal-cored gold ball is the contention of Dr. E. D. Williamson, the scientist who has just concluded a series of investigations into the subject. The metal core of the earth, he says, is pure iron or an alloy of iron and nickle, having a thickness of not less than 4,200 miles. Outside of this is a layer of iron and rock on top of which is strata of rock which in turn is covered by the earth's surface consisting almost entirely of granite.

Royalty Enjoys the Movies.

The Prince of Wales and Princess Mary have recently formed the habit of "slipping" into the neighborhood movie theatre near Buckingham Palace and enjoying the pictures without being recognized by the audience. Whenever royalty visits the theatre the event usually is quickly told to the world, but the prince and princess, it just has been learned, have been attending the little movie house once a week without it being known.

KEN MAYNARD IS DAREDEVIL

Latest Star of Screen Scores at American.

The "cowboy daredevil" is the name that Ken Maynard's admirers have given him. They acclaim him the daringest man that ever rode horseback before a movie camera.

Every time that Maynard, who overnight has sprung into nation-wide fame, shoots a scene for a picture, he risks his neck. He is firmly opposed to the practice of using substitutes, or "doubles" to do his dangerous stunts, and insists upon doing all his tricks himself, however hazardous they may be.

This determination to expose himself to danger cost him several minor injuries during the screening of "Senor Daredevil," the screen offering at the Ceramic.

You would know from looking at the picture that Maynard had three falls while making this picture: two from a horse, and one from the tree to which you see him leap from the back of a horse running at full speed, and that the last of the falls from his horse laid him up for a week after the picture was finished. The most dangerous stunts, of course, are always saved for the last day of the picture, for obvious reasons.

The accidents were caused, not by any failure of strength or agility on the part of Maynard, who was in the "pink" of condition, but from sheer ever-enthusiasm on his part, and a desire to do for his new movie audiences even "bigger and better" stunts than those which have made him famous in circus and theatre.

China's Contributions Many.

China has given much to civilization, including the wooden plow and silk culture as far back as 2800 B. C., a calendar in 2360 B. C., the earliest bronzes and forms of writings in 1309 B. C., lyric poetry in 1200 B. C., and a definite philosophy from Laotze, Confucius, Meti and Mencius from 100 to 200 B. C. Tea paper, block printing, moveable type, the compass and paper mache followed.

"BREED OF SEA" IS SCREEN HIT

Real Drama in Picture at Ceramic Theatre.

If you want to see a real copra schooner, lurching through the rollers of the Java Sea; if you want to see real drama, with a young divinity student who has reverted to type as a pirate captain, and an island girl of unleased, volcanic emotions; if you want to get the thrill of some great fights and be enthralled by a gloriously romantic, buccaneering story from the pend of no less a genius than Peter B. Kyne,—then don't miss "Breed of The Sea," which opened at the Ceramic theater yesterday for a three day engagement.

One of the many interesting features of the production is that Ralph Ince, who directed it, must have been about the busiest man in the world during the making. In addition to his directorial work, he takes a dual role which keeps him on the screen almost continually. In this he repeats his performance in "Bigger Than Barnum's;" but "Breed of The Sea" is a much larger order for actor or director to fill—and Mr. Ince fills both brilliantly. Here is power, punch, pathos and a delightfully rich if brief vein of comedy. Altogether it can only be judged a remarkable production.

After sketching effectively the two divergent natures of Tom and Todhunter Beasley, twin brothers and both students for clerical orders, the story shifts to the wildness of the Java Sea, where a "Captain Blaze Divine" has been terrifying the shipping men by his daring piracies. Into this corsair-infested region, too, comes Tom Beasley, now a missionary to the island heathen, bringing his wife. And into the picture leaps little Marietta, untutored and ungoverned daughter of an island bully. How these four are connected in a thrilling drama makes splendid entertainment.

Margaret Livingston adds to her fame with a splendid interpretation of Marietta. Dorothy Dunbar has not been so fortunate in having an acting opportunity, but she makes the most of the part of Ruth Featherstone and she is decorative beauty itself. Pat Harmon, Shannon Day and Alphonze Ethier are also fine. The fight between Ince and Ethier in the palm-thatched island bar room is a corker!

Many a miss with no ear for music knows how to play a million-aire.—Fostoria Times.

The ENTERTAINING ANGEL

By SAMUEL MERWIN

©By Samuel Merwin Released Through Central Press Ass'n

SYNOPSIS.

Julian Reed is wandering southern California in his little roadster. He is aimless and amiable. At luncheon in a small restaurant he meets, by chance, a charming, rather wistful young woman. She has missed connections with a troupe of vagabonding actors and he offers, in spite of his natural bashfulness, to drive her to the troupe's next stopping place, La Jolla. She accepts his offer. He tries to "explain" himself. He has money, but is suffering from a bad case of "dual personality." He is obviously greatly bothered about something, some conflict within himself. She, like Julian, is from the East. They overtake and pass the trucks bearing the rest of the troupe. As they stop for dinner, the others come in. Julian meets Watt, the chief of the "Wayside Theatre;" Sadie, an ex-chorus girl-trouper, and the rest of the cast. Julian comes to the rescue of the troupe financially. Sadie attaches herself to him, frankly captivated by his oddness, and quaint charm. Sadie tells him of Hester, how she risked everything to try for the leading role in a movie of a play written by one "Robert Johns," failed and joined the troupe as a last resort. That night, after the performance, Julian and Hester, in the car, confide in one another and Julian kisses Hester. Next morning she learns that he has financed the troupe and is angry, refusing to have anything to do with him. He tells Sadie he is going to Hollywood but will return. Watt offers Julian a half interest in the enterprise for $4,000 and Julian accepts. Julian reaches Hollywood and spends a lonely Sunday. He meets a young man in the hotel who is doing continuity for one of the pictures companies.

CHAPTER TEN.

Julian spoke, a bit bashfully, "I've got to see the Interstellar people tomorrow."

"Continuity?"

"No. Just business. A sort of business."

"Oh, you know anybody over there?"

"Why, no. I don't know them."

"Then I hope you've got a letter. You can't break into the Interstellar offices without something of the sort."

"I hadn't thought of that."

"Look here, I know a fellow in the publicity department there. Al Wilson. Clever fellow. He could get you to the studio manager, I think."

"I . . . I thought I'd better see Mr. . . . what's his name? . . . it is always on the pictures when they show them."

"You don't mean Lipke?"

"Yes. Mr. Lipke."

"My dear fellow, you couldn't get within three hallways of him without at least a letter from J. P. Morgan. Why, even the production manager . . . ."

"Oh." Further than this Julian didn't express himself. But his brows were drawn together in perplexity.

A beautiful girl appeared in the doorway at this point and the two of them drove away in a creamcolored runabout.

Julian dropped into one of the rockers and tried to think. That word "capital" was revolving in the back of his mind. Someone else had lately used it. Oh, of course! Mr. J. Murray Watt. With a pang Julian realized that he had forgotten. And he'd given his word. He asked the Philippine boy where he could find a telegraph office, and then walked out on the boulevard.

"I want to telegraph to New York for some money," he said.

The harassed-looking man with the eyeshade gave him a quick, keen look that distinctly included his wrinkled suit, shoved a blank across the counter. Julian winced; but filled in the blank.

"Five thousand dollars?" said the man, with another quick look.

"Well . . . wait a moment! . . ." Julian was thinking of that cream-colored runabout and of Hester. His eyes grew dreamy.

"Well?"

"I think we'd better say ten thousand." Julian was catching himself now and trying to be businesslike. This man was unpleasant. He didn't like him.

"Oh, ten thousand!"

"Yes."

"Julian Reed, Hotel Hollywood. To the Ninth National Bank of New York, N. Y. . . . All right!"

On Monday he failed to call at the Interstellar lot. Time passed, of course. Very likely Sadie had been right in urging him not to leave the troupe. Sadie had a way of knowing about things. About human beings. Hester might turn abruptly to another man. She might. She might be caught, as the old phrase runs, on the rebound. She was in a pretty emotional state, discouraged, her personal morale shot to pieces. He went weak at the thought. He began to feel intensely now that he should hurry back. But he needed a little time to

SOVIET PUTS RESTRICTIONS ON RUM SALE

Increase of Drunkenness Forces Russian Action.

EFFICIENCY HIT

Move Made After Abandonment of Ban on Vodka.

MOSCOW.—Faced with an increase of drunkenness, a lowering of labor efficiency, and a perceptible decrease in the resistance of the people to disease as a result of a year's experience with legalized strong vodka, the Soviet government is now resorting to restrictions on the sale of liquor in place of the absolute prohibition which they abandoned.

The Council of Peoples Commissars has ratified a bill of the Soviet Central Executive committee limiting the sale of liquor. The bill, which probably will become a law, prohibits the sale of more than one bottle of 40 per cent vodka, brandy, or liquor to one individual in one day.

It also prohibits absolutely the sale of any spirituous beverages to persons below eighteen years old, and forbids restaurants, hotels, railroad buffets and dining cars, and ship stewards to sell liquor by the bottle. A punishment of 50 roubles fine or two weeks imprisonment is provided for violation of the law.

At the same time, the authorities are attempting to encourage the drinking of beer in place of high tension vodka. Moscow already consumes 50,000 bottles of beer daily, and after the present project for improving the quality of this beverage is accomplished, it is hoped that the consumption will double.

According to the Commissariat of Health, the introduction of legalized vodka has completely failed to check the consumption of "samogan," or Russian moonshine. Dr. L. Prosonov, chief of the psychiatrical department of the Commissariat, reports that already this year there have been consumed in the Soviet Union more than 100,000,000 gallons of moonshine.

Economic Effects.

His experiments with this local product show that it is responsoble for a considerable share of deaths from diseases which would not have proved fatal for an abstainer. Statistics of the Commissariat show that out of 100 abstainers sick with cholera, 19 died and 81 recovered, while out of 100 persons accustomed to drinking moonshine, sick with cholera, 90 died and only 10 recovered.

The economic effects of the sale of vodka have been equally striking. In one textile factory of Likinsk, Orechovo province, near Moscow, the workers spent 400,000 roubles, representing 20 per cent of their wages, on vodka within six months.

PENNSYLVANIA'S TOBACCO INDUSTRY MAKES BIG STRIDE IN 50 YEARS

HARRISBURG, Pa.—Figures on file in the State Department of Agriculture today show that the tobacco industry has experienced more change than any other Pennsylvania farm enterprise in the last half century. Acreage of the crop has been increased five times and the yield per acre has doubled due to improved methods of growing and fertilization.

Figures show that the state this year produced 45,302,000 pounds of tobacco on 33,000 acres.

In 1866, the earliest date for which figures are available, the state produced 4,900,000 pounds of tobacco on 6,200 acres.

While tobacco was grown in twelve countries of the state this year, more than 91 per cent of the total crop was produced in Lancaster county.

Ants Awe Largest Animals.

In certain places of South America and Africa there are species of ants that strike fear and awe into even the largest beats. These ants at times start "marching" and it is said that the most agile and strongest animals must give way to them.

LOWDEN SPEECH TO VOICE VIEWS ON FARM NEEDS

Agriculturists Will Meet at Chicago on December 5.

STUDY PROBLEMS

Discontent May be Aired Regarding Business.

CHICAGO.—American farmers will assemble here December 5 for the opening of what is expected to be the outstanding agricultural demonstration of a decade—the eighth annual meeting of the American Farm Bureau Federation.

The grievances from which a large block of farmers from all sections of the country assert they are suffering as a result of tariff and other governmental acts, will be thoroughly aired with a view to drafting a definite legislative program behind which a majority can unite.

The meeting will run for three days, winding up Wednesday when former governor of Illiois Frank B. Lowden will deliver an address.

Lowden to Voice Views.

That Lowden's talk will echo the discontent of the farmers with present conditions was believed to be a foregone conclusion today.

Lowden is the outstanding "farm" candidate for president, whether he will or not formally announce himself and with a representative group of farmers waiting such word, it is believed possible he may come out strongly for some definite form of relief.

Gathered together in the Councils of the Federation will be Federation officials from every state, county and community of importance, supplemented by county agents, vocational agricultural teachers, home demonstration agents and community workers.

In sending out his call for full representation, President Thompson declared that "everyone is needed so that with balanced judgment, a policy will be adopted which will assure an equality of opportunity that agriculture sorely needs."

New Feature.

A new feature of the meeting will be the First National Exposition, featuring exhibits from outstanding cooperative marketing associations, the Farm Bureau, county, state and national and products of commercial firms presenting new ideas applicable to agriculture.

The U. S. Department of Agriculture is installing five distinct educational exhibits, including one showing the work of the newly created marketing department.

Pittsburgh's New Air Field Named in Honor Of Lieut. Cyrus Bettis

PITTSBURGH.—This city's newest airport will be known in the future as "Bettis Field," in honor of the late Lieut. Cyrus K. Bettis, noted army aviator who lost his life in a crash in the Allegheny mountains.

Bettis Field, located at Dravosburg, a Pittsburgh suburb, is to be the terminus of the Pittsburgh-Cleveland air mail route.

Jazz is becoming popular in Japan. The wave of American music that has been rising in the Oriental country for many years is turning toward syncopation, and many instruments from this country are being mastered in place of the koto, shakubachi and samisen.

Haskin's Letter

(Continued from Page Four)

$63,000, the known sales of American merchandise during the year which came about as a direct result of the activities of that office totaled more than $10,000,000.

In Spain, the Madrid office, costing $26,950, developed new business aggregating $500,000, a fifth of which, by the way, was in cigarets.

During the year the Canadian branch of the Bureau was instrumental in obtaining 81 agencies for American goods resulting in sales amounting to some $600,000 on a budget of $29,515, according to the report. With the assistance of the Bureau's representatives in Bombay and Calcutta, American firms obtained 37 new agents and distributors who have given orders totaling about $2,000,000. The Copenhagen, Denmark, office is credited with orders for goods amounting to $1,000,000 for the year.

With the help of the American commercial attache at Prague, Czechoslovakia, arrangements were concluded which resulted in the sale of 759 American automobiles. In South Africa the Johannesburg office, costing $24,775, produces business for American firms amounting to $2,500,00 annually.

Outlook Is Encouraging

This sort of work will go on, with every assurance that it will continue to be profitable. The retrospect and prospect for increased sales of American goods in the markets of the world are altogether encouraging, says Dr. Klein. Until it has been impossible to judge whether the increased volume of our export trade was merely accidental and temporary or whether it reflected a general trend which might be expected to continue. It is now clear, he says, that the growth of our export trade from the low point of post-war depression in 1921-22 has been of a normal character and due to causes which bid fair to prevail. In no sense does it rest upon "stolen" markets taken from a war-harassed Surope. Developments of recent year, especially those of 1925-26, indicate emphatically that our gains were almost entirely bona fide new openings of a sort never exploited before by Europeans or by American traders.

A conspicuous feature of the bureau's work, says its chief, has been its greatly increased activity in the field of domestic commerce which enables it now to serve the small local retailer as well as the great export organization. This phase of the work has launched a series of regional analyses of distribution in different parts of the country in order to discover possibilities or eliminating wasteful marketing methods. Surveys have already been completed in Philadelphia, and in the five southeastern States, and others are being made in New England and in California.

This work is being carried on with the cooperation of trade organizations and research agencies throughout the territories involved, and it is said that its result has aroused widespread commendation because of the possibilities for economic and more efficient sales efforts which have been revealed. These are perhaps the first exhaustive analyses on a country-wide basis of the marketing practices of specific trade areas. American business has long been familiar with the exports and imports of its leading foreign competitors, but it now requires increasingly accurate and impartial data on the commercial movements and possibilities of the major trade areas of its greatest market, the United States.

The domestic commerce activities of the Bureau have also included comprehensive surveys made at the request of various specific trades relative to the possibilities of improved distribution methods. A typical example of what is being done in this line is the forthcoming atlas of the grocery trade, which will for the first time analyze in detail the distributive machinery of that fundamental traffic for the benefit, not only of its members, but of the thousands of manufacturers and dealers doing business with it.

Are Your Shoes Costing Too Much?

You're paying too much for your shoes if you're paying more than $3.50 for a really good shoe. Of course, only Newark can sell you such wonderful value—for Newark produces shoes in their own factories and sell them in their own stores, a great chain stretching from the Atlantic to the Pacific—from Canada to Mexico. Hundreds of thousands of smart dressers prefer Newarks and wear Newarks, not because they can't afford to pay more, but because they know they get in these shoes the most value and the newest styles. Come in and examine a pair of these shoes. Then you, too, will be converted into a Newark enthusiast and customer.

CORN BORER BAN PLACED IN COUNTY

Hancock, Brooke and a part of Ohio county, all probably will be included in the federal government's quarantine against the shipment of West Virginia corn into other states because of the presence of the corn borer. John W. Smith, commissioner of agriculture said today.

Mr. Smith was notified yesterday that the conference at Washington, which began a week ago, had decided that the southern section of West Virginia should be placed under quarantine.

Very little corn is shipped out of West Virginia and hence little injury will be suffered by the quarantine, Mr. Smith said. He is taking steps to have the pest eradicated.

EPIDEMIC OF HOG CHOLERA FEARED

An epidemic of hog cholera is reported prevalent in many counties of the state, and orders have been issued to give treatment to all hogs at state institutions. Also the department of agriculture has taken steps to eradicate the disease which it is said, already has caused considerable loss to farmers.

The cholera first started in Jefferson county, several weeks ago and spread rapidly over the state. The germs are said to have been brought into the state in a shipment of hogs from one of the southern states.

Work Progressing.

Work is progressing steadily on the erection of the new Wells school building on the site of the old Kenilworth golf grounds. Concrete work on the basement was completed several days ago.

Lodgemen to Meet.

Members of Clark lodge No. 447, I. O. O. F. will meet this evening in the Aaron building, Fifth street. Routine business will be transacted.

SCHOOL VACATION DATES ANNOUNCED

Regular meeting of the Grant district board of education was held Tuesday night. Number of matters were considered during the session.

The board decided that the annual Christmas vacation would begin on Thursday, December 23. Schools will re-open on January 3.

District schools will resume Monday morning following the Thanksgiving vacation period.

Fans Attend Game.

Number of local football fans attended the game yesterday afternoon between East Liverpool and Wellsville high school elevens staged on Patterson field.

Dennis Funeral.

Funeral services for Audrey Pearle, 4-year-old daughter of Mr. and Mrs. W. E. Dennis, were held yesterday afternoon in the home, back of Newell. Burial was made in Locust Hill cemetery.

There are nearly 100 motorcycles in Palestine today.

Four Western States Prepared to Replace Eastern Coal Mines

PITTSBURGH.—When the coal supply of the Eastern fields is exhausted, the United States will have two great undeveloped coal fields in the West to draw upon, M. R. Campbell, of the U. S. Geological Survey, told the International Conference on Bituminous Coal here.

Wyoming, Montana, the Dakotas and Colorado can produce millions of tons of semi-bituminous coal, according to Campbell. The Western coal is of an inferior quality because it comes from a younger field, but it will supply this country for many years after Eastern coal is exhausted, he said.

Waltz Written on Cuff.

Johann Strauss, the "waltz king," wrote his famous "Blue Danube" on a pair of detachable cuffs and then threw them into the wash. They were rescued by his mother and his music publishers made a fortune from the composition. Strauss wrote so many compositions that he could not recognize all of them.

ATLANTA IS WAGING MERRY WAR ON PEDDLERS WHO RING BELLS

ATLANTA.—Merchants of this city are warring on "bell-ringers"—peddlers who sell everything from socks and necktie to washing machines and household supplies.

A series of page advertisements warn the people of the "dangers" to other local establishments if they continue to patronize "bell-ringers" the majority of whom represent out of town firms.

"These 'bell-ringers' are sending out of the city hundreds of thousands of dollars in business which has been taken away from local stores, under the flimsy pretext of giving you more for your money," the advertisements declare.

"If you are employed in a local retail establishment of any kind, whatever, you are undermining your job, you are imperiling the house you work for, you are striking at your own prosperity and at the prosperity of this community every time you patronize an out of town peddler.

"Some morning you may wake up and find your job has evaporated over night.'

Nothing in a vaudeville show is as funny as going out on the street and viewing with the naked eye a lot of the things we used to refer to as "unmentionables."—Canton News.

Germany Never Dry, Declares Son of Former Chancellor

LOS ANGELES.—Prohibition hasn't a chance in Germany, Felix Bethman-Hollweg, son of the former German chancellor, declared today.

"The German people will never adopt it," the visitor continued, "because they don't need prohibition. They don't abuse their liquor."

"Republican form of government will always continue in Germany," Bethman-Hollweg asserted, "although the people are a little slow in accustoming themselves to it. The government of a kaiser will never return."

Bethman-Hollweg, who is in the United States to study economic conditions, revealed that German factories are now on a solid footing and "slowly regaining lost ground in the economic field. Only when Germany regains its foreign business, especially in Mexico, the United States and South America will it be able to fund its debts."

COMMISSIONERS TO SELL BRIDGE

Beaver county commissioners will sell the old abandoned bridge over the Little Beaver river near Smith's Ferry. Sealed bids will be received at the court house until Tuesday, December 7, at 11 o'clock. This bridge was built in 1884 and for many years was on the main avenue of travel between the lower valley and East Liverpool. It is 235 feet long and the cartway is 16 feet wide.

This high truss steel structure was abandoned about two years ago when the new bridge was completed. At the time Route 243, known as the River road, was improved and the alignment of the road was changed where it crosses the Little Beaver river and a new bridge was erected.

Beaver Court in Session.

Number of cases have been disposed of this week in the common pleas court at Beaver. Several persons convicted of violating the liquor laws, were fined and given jail terms in the Allegheny county workhouse.

To Stop Doorstep Tipsters.

House-to-house bookmakers who solicit bets on horse racing from housewives are the object of a campaign of extinction in England. Their method is to call at each house once a week and offer tips and odds that are too inviting to the women who know nothing about the track. Those conducting the campaign against them say the tipsters, in spite of repeated failures of their tips, are making profits averaging $100 a week.

Log Carriages Are Speedy.

"Carriages" for the logs as they are fed into the saws of the more modern mills travel at a great rate of speed. It has been figured that these "carriages" attain a speed of forty-five miles an hour in a space of forty feet. Two men ride the "carriages," one to "dog" the logs, and the other to adjust the gauge for the thickness of the board required.

OHIO WOMAN AND PENNSYLVANIA MAN MAKE STATEMENTS

If You Are Troubled With Gas, Sourness, Bloating and Indigestion You Should Read This Article

In a recent letter, Mrs. Ernest Wells of Summerfield, Ohio, says: "For over a year I have had a great deal of trouble with my stomach, and Dr. Jackson's Digestive Powder is the only thing that raises the gas and gives me good results." Geo. H. James of Dunlo, Pa., also writes: "I suffered greatly from Acid Stomach and Gas around my Heart. The pains were sometimes so severe I thought I was going to die. After doctors gave me no relief I tried Dr. Jackson's Digestive Powder and was helped at once!" And so it goes, men and women everywhere praise the value of Dr. Jackson's Powder.

For all forms of Stomach Trouble—Gas, Sourness, Bloating, Pain and Pressure—druggists sell Dr. Jackson's Digestive Powder on a binding guarantee of swift and certain satisfaction or money back. Over 30 years of success is your assurance of pleasing results. Try it today.

Mrs. Dumas Says Gas Took Her Breath

"I had gas on the stomach so bad that I could hardly breathe. Everything I ate went against me. After I began taking Adlerika, the gas left me and I eat everything."—Mrs. E. J. Dumas.

Adlerika differs from most medicines because it acts upon BOTH upper and lower bowel. It gives the system a REAL cleansing, and clears out old poisons which usually cause sour, gassy stomach, nervousness, sleeplessness, headache. Just ONE spoonful stops GAS, and relieves that full, bloated feeling so that you can eat better and sleep better. Even if bowels move daily, Adlerika brings out much additional poison which you never guessed was in your system and which may have long caused trouble. No matter what you have tried for stomach and bowels, Adlerika will surprise you. At leading druggists. In East Liverpool at the Economy Drug Store and other druggists.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

YESTERDAY'S PUZZLE ANSWERED.

The ENTERTAINING ANGEL

By SAMUEL MERWIN — Story Samuel Merwin Released Through Central Press Assn.

(Continued from Page Twenty.)

adjust himself to Hollywood and build a plan. He couldn't become a go-getter all in a minute. And so, blowing hot and cold, chafing and delaying, he let the day slip by.

In the afternoon he stood before an automobile in a show window. It was a runabout, not cream color but attractive enough in olive green with red lines. It was small, neat, with windshield extensions in bright nickle and plate glass, a motometer with a spread silver eagle on it, balloon tires, and narrow steps in place of a running board. A placard announced four-wheel brakes. It would be nice to have a snappy little car like that. He smiled at himself. Only a few days he had been thrilled over the decrepit roadster in which his life with Hester had begun. But come to think of it, there was another and better argument. He must make a decent impression on those tremendous personages at the Interstellar lot. He simply must.

Shyly he went into the sales-room and mustered his courage to ask the price.

"Thirteen and a half," said the man, not smiling, and glancing up and down the wrinkled suit. At that moment Julian decided on a new suit before night. He had one other which hadn't been out of his suitcase in ten days. That would be worse. No, a new one was the thing. He heard his own hesitant voice:

"You mean thirteen hundred and fifty?"

"Thirteen hundred and a half. Yes, sir."

Not so bad. He produced his letter of credit. "How much is left there?"

The man looked the document over. "Sixteen hundred."

"All right. I'll take the car. Can I have it right away?"

"Certainly."

It was absorbing to watch them meaneuver it out of the show window and into the alley. He had often wondered how they ever got cars into these places. There were papers to sign. Then they went to a bank, farther along the boulevard. The man let him drive. His nerves were all a-tingle. He felt like laughing and singing. The motor hummed softly, and merely hissed a little when he pressed down the accelerator. He had never had such power under his hand. They were very pleasant at the bank. He decided, in view of the larger sum that was on the way, to draw out his letter in full. With that new suit to buy and his hotel and garage bills, he'd need it.

"Well," said the salesman, "she's yours. We'll just run over to the Auto Club and arrange for a license and . . . .

"Oh!"

"I beg your pardon."

Julian was looking through his pockets. "I . . . I've got a license. Here it is. And here's my registration. You see, I've had another little car. I was just wondering if . . . well, they give some allowance on the old cars, don't they?"

"Under certain circumstances." The salesman was suddenly in a judicial mood.

"Then perhaps you'd . . . ."

"Oh, not in this case. The papers are signed. It was a straight sale."

"Oh," murmured Julian, in some confusion. "I see."

But even if he couldn't arrange an allowance, the man was kind and put the thing through swiftly at the Automobile Club. After all, the old car didn't matter particularly. He had lost interest in it. They'd store it for the present at the garage. Nothing mattered now except this stunning little red and olive roadster that was so easily and miraculously his own. The power that was in the smoothly running motor seemed to transfer something of itself to his own personality.

He drove along the boulevard until he found a clothing store, and there picked out a very god-looking ready-made suit. They said they could make the necessary alterations within twenty-four hours.

He bought a knickerbocker suit, too, in a grey herringbone weave, very natty. Scotch goods. This led to other purchases . . . an imported sweater in greens and red-browns, an English cap, golf stockings, rubber-soled shoes, then ties and some pretty shirts with soft collars.

Why not? After all, was it fair to ask an exquisite girl like Hester to admire the creature he had been? Finally he stepped into a neighboring barber shop and had his hair cut. He was a doer now. He entered the great dining room that evening with head high and a spring in his step. He was walking on the room of the world.

HEALTH COMES TO HER AFTER SUFFERING FOR MANY YEARS

Mrs. Saltsman Credits Tepee Herb Tonic for the Splendid Way She Feels.

"For the last six years I have been in poor health and I just kept right on getting worse and worse," says Mrs. Nettie Saltsman, 23 Fassett Ave., Ashtabula, Ohio.

"I was constipated. My stomach was all out of order and I would have severe attacks of acute indigestion. I couldn't eat a bite of meat without having gas on my stomach. Many vegetables effected me in the same way. My food seemed to lie in a great lump in my stomach and it would be several hours before it would pass away.

"My stomach was extremely sore and almost daily I had severe attacks of headaches. I was restless and when night came I couldn't sleep soundly. I tried a great many medicines but I didn't get any better.

"One day I was reading the newspaper and I saw where a friend of mine recommended Tepee Tonic. I decided to try it and see if it would help me.

"The next day I got a bottle of Tepee Herb Tonic and I have now used all of it. Even that one bottle has made a big change in me. I notice a great difference in the way I feel.

"I do not have any more gas or bloating. I can eat a hearty meal and it does not lie heavily on my stomach. It has been so long since I had a headache that I have almost forgotte about them.

Mrs. Nettie Saltsman.

"When night comes I go to sleep and I sleep soundly until it is time to get up in the morning. I have a good appetite and I am not constipated as I was before."

Tepee Herb Tonic may be had in East Liverpool at Carnahan's Drug Stores.
